WILKS OFFICERS ARE AIDING IN SEARCH

by performed this afternoon under the direction of Coroner Roberts revealed that the girl had been attacked, strangled to death and they dragged about 100 yards. Her body was found with her clothing undisturbed and her school books neatly stacked nearby.

From other sources it was reported that the girl's clothing was torn when the body was found and that she had been brutally beaten about the head. It was also said that her lips were badly lacerated.

Autopsy Performed

Sheriff Irvin said the body was decomposed, but that Dr. Guy Duncan, Dr. B. O. Choate and Dr. Leff Choate, who performed the autopsy, determined that the girl was attacked en route to school and slain about two and one-half miles from her home.

Feeling in Sparta was running high tonight, Sheriff Irvin said, and citizens quickly raised \$105 reward for the apprehension of the killer.

Elva was first missed when she failed to return home from the Dividing Ridge School on the Surry county line Monday night. She had been last seen walking to school along the new scenic highway.

Fifty Men Join Search

The search for the missing girl was started after she failed to return home. Fifty men joined in the search which continued until the body was found this morning, less than a quarter of a mile from the school.

Rain that fell Tuesday obliterated most of the footprints in the area where the girl's body was found, and Sheriff Irvin said he was unable to determine whether a struggle took place before the girl was killed.

However, Sheriff Irvin said he found some footprints near the body and was able to determine through footprints the exact spot where the girl was slain.

Although he was reluctant to discuss the lack on the girl, Sheriff Irvin said that the only motive he could find for the murder was the criminal assault. He expressed the opinion that the man strangled the girl to death after the attack, fearing she would reveal his identity.

Sheriff Irvin said he had some clues to the identity of the man who attacked the girl, but declined to reveal them. He said, however, that he might have some information to release some time Saturday afternoon.

Following the autopsy, Coroner Roberts said it was a clear case of criminal attack and murder and deemed a formal inquest unnecessary. Meanwhile, the sheriff continued his investigation.

Miss Brannock was a student in the seventh grade at Dividing Ridge School and had been accustomed to walking the three miles to school each day alone. She had two brothers and two sisters, but they attended different schools.

The Brannock home is in the Saddle Mountain community and the family is well known in that section. The home is fifteen miles east of here and about twenty miles from Elkin. It is near the Surry county line.

members enjoyed Miss Dennis' hospitality. She had as her guests Miss Louise Sturdivant of North Wilkesboro, Miss Winifred Carlton, of Gosben, and Mr. Porter Stallings, of Lenoir.
