The largest membership in many years is expected from Wilkes county people. A canvass of the city will be completed at an early date and some very gratifying reports have come in from industrial plants, many of which are trying for 100 per cent membership among employees this year.

C. B. Eller, county superintendent of schools, heads the drive in the schools and the rural sections of the county. Every principal is considered a canvasser for his community and membership contributions may be given to school principals, making it more convenient for people in rural communities to make their contribution to the World Greatest Mother.

U. S. Undertakes Count Of Jobless

The How and Why of the National Unemployment Census

A nation-wide census of all unemployed and partially unemployed persons in the United States will be taken between the dates of November 16 to 20, by act of Congress, and at the direction of President Roosevelt. Here, in question-and-answer form, is the information you need to know about this plan.

- 1. WHAT IS PURPOSE OF THE UNEMPLOYMENT CENSUS?**
To get an accurate count of the unemployed and partly unemployed.
- 2. TO WHOM WILL CARDS BE SENT?**
To every family in the United States.
- 3. UNDER WHOSE AUSPICES IS THE CENSUS BEING TAKEN?**
Congress has decreed, and the President has directed, that it be taken.
- 4. IS THE CENSUS COMPULSORY?**
No. But every unemployed or partly unemployed person is urged to cooperate.
- 5. HOW WILL THE CENSUS BE CONDUCTED?**
Through the facilities of the Post Office Department. Report Cards will be delivered to every family. Cards are to be returned by mail to Washington for tabulation and analysis.
- 6. WHEN WILL THE CENSUS BE TAKEN?**
Cards will be delivered on November 16 and must be returned by MIDNIGHT NOVEMBER 20. They are already addressed and no postage is required.
- 7. WHO SHOULD FILL AND RETURN CARDS?**
Every person who is unemployed or partly unemployed who is able to work and wants work.
- 8. WHAT AGE LIMITS APPLY?**
There are no age limits except existing State regulations concerning workers' ages.
- 9. SHOULD MORE THAN ONE UNEMPLOYED PERSON IN A FAMILY RETURN A CARD?**
Yes. Every unemployed member of a family should fill out and return a card, if able to work and seeking work.
- 10. WHERE MAY ADDITIONAL CARDS BE OBTAINED?**

- 13. IS THE INFORMATION GIVEN ON THE CARDS TO BE CONSIDERED CONFIDENTIAL?**
Yes. This information will be used for unemployment statistics only.
- 14. SHOULD I ANSWER THE CENSUS IF I AM A SWEDISH?**
Yes. To obtain the most accurate information possible, the President asks that each question be answered. Numbers 9 and 10 are particularly important. However, failure to answer some of the questions will not invalidate the card.
- 15. WHO IS AN "UNEMPLOYED" PERSON?**
A person of either sex or any color who is not working and is able to work and seeking work.
- 16. WHO IS A "PARTLY UNEMPLOYED" PERSON?**
A person of either sex or any color with part-time employment who is able to do more work and is looking for more work.
- 17. ARE PERSONS ON EMERGENCY WORK PROJECTS INCLUDED?**
Yes. They should register as unemployed. A specific question, Number 2c, is provided on the Report Card for all persons working on a W.P.A., N.Y.A., C.C.C., or other emergency work project which is supported by public funds.

A MESSAGE FROM THE PRESIDENT OF THE UNITED STATES
The White House
Washington

TO EVERY WORKER:
If you are unemployed or partly unemployed and are able to work and are seeking work, please fill out this report card right away and mail it before midnight, Saturday, November 20, 1937. No postage stamp is needed.

The Congress directed me to take this census. It is important to the unemployed and to everyone in this land that the census be complete, honest, and accurate. If you give me the facts, I shall try to use them for the benefit of all who need and want work and do not now have it.

Unemployment Benefits to Be Paid To Jobless in State After January 1

Those who figure that the unemployment compensation act which will pay benefits after January 1 will be a means for drawing money for nothing are doomed to disappointment. After a person goes out of a job through no fault of his own he must register at the nearest employment service office and report weekly while out of a job. If the service is able to place him on a job and he refuses the job he will draw no unemployment compensation check. Payments cannot start, however, until after the third week in January. The act requires a waiting period of two weeks, after the worker has reported to his local employment office that he is out of work. He must continue to report weekly. If he is still unemployed for the full third week, then a check is written for him in the Unemployment Compensation office in Raleigh and sent to the local employment office. He applies to that office for the check for the third week. His payments will be made weekly, but will be as much below as it takes the report to come to Raleigh, the check to be written and get back to the local employment office. However, if the unemployed worker is placed in a job by the employment service after unemployment benefits start, then the last check would be received several days after he returned to work. The Unemployment Compensation Division in Raleigh is working day and night posting the wage records of the individual workers from the wage reports made quarterly by the employers. Three shifts are at work for eight hours each in posting these wage reports for the first quarter, the second quarter and then for the third quarter, in an effort to get them all posted and up-to-date by the end of the year, and ready for paying benefits soon after the first of the year. "We are urging employers liable under the act to make their monthly contribution reports and their quarterly wage reports promptly, so we will have the proper records on which to base unemployment benefits and can pay them promptly to workers who become unemployed and are otherwise eligible for the payments," said Chairman Charles C. Powell, of the commission.

Orchard Research Station Is To Be Built On Highway 16 At Kilby's Gap

Gardner and Niswonger Agree On Logical Location For the Laboratory

TO BEGIN WORK SOON
Say Station Should Be Ready For Use Late This Year; Raise Funds

M. E. Gardner, head of the horticulture department at State College, and H. R. Niswonger, extension specialist, this week approved location for the fruit research station at Kilby's Gap on highway 16 near the Wilkes-Alexander line. The laboratory, a 25 x 28 frame structure, will be erected near the apple house of Perry Lowe and on a lot donated by him.

The extension men approved the location because it lies in the Brushy Mountain apple belt, on a hard surfaced highway and is accessible at all times. Carl E. Van Deman, named by the extension service to man the station, said that it will eventually be a well equipped laboratory with the necessary fixtures, microscope, insect cages and other essential things to be used in research work.

Work is expected to begin in about two weeks and authorities hope that the laboratory and building will be ready for use by the latter part of December.

A committee of the Brushy Mountain Fruit Growers association is soliciting funds to be used in defraying expenses of equipment for the building in order to make more of the \$5,000 appropriation by the state available for actual research work.

Mrs. C. F. Bretholl and County Agent Dan Holler, of Wilkes, H. S. Deal, Dr. Ziegler and John P. Legans, county agent of Alexander county.

The research station and laboratory is said to be the first venture of this type in the state and fruit growers are of the opinion that it will prove to be of much value in the incessant fight against insects and other orchard plagues.

Legion Observes Armistice Day; Has 73 Members

Wilkes post of the American Legion celebrated Armistice Day Thursday by conducting a chapel program at the North Wilkesboro high school and by a Dutch dinner at the Legion and Auxiliary clubhouse in the evening.

Guests at the dinner included Cadet William Gardner, of West Point, who made an interesting address, managers of four of the junior league baseball teams and the members of Moravian Falls team, which won the county championship.

Much to the delight of the American Legion members of this section, the name of the Wilkes County Post No. 125 was among the few Posts in the State that had achieved the distinction of having enrolled their quota of members for 1938 and also to exceed their 1937 membership on Armistice Day. This announcement was made over a five station hook-up from Wilson, N. C. where State Commander Hector Blackwell addressed the Armistice Day banquet of the Wilson Legionaires. The local Post has already enrolled 73 members for next year, which is four more than their 1937 membership and eight more than their quota.

The membership contest, which came to a close with the Armistice Day dinner, was won by the team captained by Ralph Reins. The contest was very close and exciting, there being only twelve points difference between the winners and the team captained by Jack Quin. 100 members is the objective for 1938 and an effort will be made to reach this goal.

At school Thursday, the Legion put on the chapel program, which consisted of a talk by Cadet William Gardner, devotional by W. G. Gabriel, and a talk, "What Price Glory," by Frank E. Johnson, post commander.

Ask Cooperation In the Count Of Jobless People

Postal Employees Asked To Advise Jobless To Register With NCSES

James M. Anderson, manager of the employment service office here, issued a statement this week asking postmasters, postal clerks and carriers to advise jobless people to register with the NCSES.

On Tuesday the postal service will deliver to each home a blank for unemployed people to fill. This is the method by which the voluntary count of unemployed will be made as provided in an act of the last congress.

As a favor to the jobless people and to the employment service the postal employees are asked to tell those who fill out blanks to register with the employment service, a state agency whose job it is to place unemployed on jobs when possible.

Kiwanis Ladies' Night Is Enjoyed

Largest Attendance In History of Club Laughs At Various Stunts

A total of 131 Kiwanians and guests, probably the largest attendance in the history of the North Wilkesboro Kiwanis club, thoroughly enjoyed a Ladies' night program Friday night under direction of J. B. Williams.

O. G. Bain, president of the Salisbury Kiwanis club, Mrs. Cleo Smith and Miss Hazel Leonard, also of Salisbury, were the funsters on the program, which began with humorous stories by Mr. Bain and continued with telephone switchboard stunts in which the performers played at "listening in" on conversations between members of the club.

A blackface act with the two Salisbury ladies participating drew much laughter.

Rev. Eugene Olive led the assembly in a number of songs.

Ladies prizes went to Mrs. Kathleen Morehouse and Mrs. E. G. Finley, with the gentleman's prize going to J. B. McCoy.
