been receiving benefits. The increase in total payments during May was due in part to the larger number of benefit checks issued by Indiana and Mississippi, which began making payoffice of the Social Security Board ments only in the latter part of April. In addition, New York, Maine, Alabama, North Carolina, substantial increases in payments during the month.

The number of initial claims for unemployment benefits filed during May was 732,696, a defrom this general trend occurring crease of 12,367 from the total reported for the preceding month. In some States, however, the number of initial claims filed increased considerably. These in-Oregon. In the three latter states, the increases were accounted for primarily by claims of workers whose benefit rights were redetermined with the accrual of another quarter of wage credits upon which benefits could be hased.

"These figures are summarized from telegraphic reports submitted by the State unemployment compensation agencies, to the Social Security Board," stated Mr Spruill.

Must Report On Employe's Work

Raleigh.-"Any employing unit or any officer or agent of an employing unit . . . who willfully fails or refuses . . . to furnish any report required hereunder , shall be punished by a fine of not less than \$20 nor more than \$200, or by imprisonment for not longer than sixty days, or by both such fine and imprisonment," says Section 16 (b) of the North Carolina Unemployment es followed play. Compensation Act.

"This provision is to be rigidly enforced against employers who have failed to make the quarterly reports due on the wages earned in each of the four quarters of last year, even if we have to invoke the full penalty provided by law, ' said Chairman C. G. Powell, of the Unemployment Compensation Commission. "Many unemployed workers are now being deprived of their weekly unemployment benefits because covered employers failed to report these earnings, as required, by the end of the month following the quarter for which the report is due," said Chairman Powell.

A check of the records shows that for the first quarter of 1937, there are 517 delinquent employers; for the second quarter, 201 delinquents; for the third quarter. 184 delinquents, and for the fourth quarter, 199 delinquents. For the first quarter of 1938 for which reports were due April 30. it was found that 639 employers were delinquent.

Ashe Raises Share For Health Office

West Jefferson, June 30 .- The campaign for contributions to es- Mrs. Kilby, Mrs. Barnes, and Mrs. tablish a full-time health department in Ashe county next month came to a close this week and Rev. G. R. Stafford, chairman of the special solicitation committee, stated that enough money had been raised through private subscription and from the county to take care of Ashe county's part of the cost in establishing a district health department in Ashe, Alleghany and Watauga counties

Alleghany and Watauga have already arranged to raise their proportionate part of the cost and, due to the present financial condition of this county, it was necessary for Ashe's part, which is \$2, 400, to be raised largely by private subscription.
