94 Features In The 'Movie Quiz Contest'

During the United Motion Pictures' Greatest Year campaign producers have marked 94 pictures for contest release. The Quiz runs from September 1 to December 31, and it will be possible for everyone to see all 94 of the pictures if they so desire. The committee asks only that 30 questions be answered, leaving it to the contestant to pick his own 30 out of the entire list printed in the quiz guide book.

The contest committee of the \$250,000 Movie Quiz contest offers the two following samples of how questions will be listed and might be answered:
Let us presume that the picture is "The Singular Mr. Quiz," a Fictitious Picture Corporation production, starring Joe Doakes and Martha Millicent. (The title and the stars are of course suppositions.)

In one of the scenes from this picture, Joe and Martha are left alone in the drawing room of her Park Avenue mansion. Suddenly Martha walks out on Joe.
The question is: "Why did Martha walk out on Joe in the picture, 'The Singular Mr. Quiz'?"
One of these four answers is the correct one:

1. She remembers that she has to address a meeting of the League for Prospective Brides.
2. She smells something burning in the kitchen.
3. The script calls for it.
4. They have quarreled.

Common sense, plus your recollection of the picture should tell you that Number Four is the correct answer. Check it.

The question may involve neither personalities nor action, but may deal with the description of a scene or a major "prop" as for example:

"Frozen Champagne (again an imaginary title), a Super-Super Co. production, starring Pierre van Zilch and Gwendolyn Goldlocks.

Pierre and Gloria have finally disposed of the stolen jewels, and sail from New York to Zanzibar to escape the police. They embark on the following type vessel: (Check the correct answer).

1. A two-gented kajak.
2. The Hoboken ferry.
3. A tramp steamer.
4. The confederate iron-clad "merrimac."

Number three is, you may have guessed, the correct answer.
