J. Curtis Absher Is Crushed By Truck While Working On Road Project

J. Curtis Absher, 43-year-old WPA worker, was fatally hurt Friday afternoon while working on a road project between Dockery and Abshers.

WPA officials who investigated the accident learned from eye witnesses and from Garland Durham, project foreman, that Absher was helping to unload a dump truck when apparently his foot caught under the wheel as the truck started forward. He fell to the ground and the wheel of the truck passed over his body. He died about 11 o'clock Friday night at the Wilkes hospital.

The truck which crushed Absher's body was hired by the WPA and was driven by Sydney Anderson Jr. Absher was a resident of Roaring River and is survived by his wife, Mrs. Etha Absher, and the following children: Zeno, Bernice, Ann Lee, Bonnie, Marie and Roy Absher.

Case Worker Is Added to Force

Miss Clara Colvard Begins Duties With County Welfare Office

Miss Clara Colvard, until a few days ago a member of the Millers Creek school faculty, has been added to the staff of the welfare office as a case worker. Charles McNeill, county welfare officer, said today.

Mr. McNeill explained that a big rush of WPA applicants during the past few months had made it impossible for the regular staff of case workers to keep up with the work and that the WPA had agreed to add a case worker to the staff and pay her salary. Those who do case work now are Miss Mary MacNeal, Mrs. Inez Bowles, Miss Leora German, child welfare worker, and Miss Colvard.

Miss Colvard is especially fitted by training and experience for social work the welfare officer said. She attended Mars Hill college and graduated from Meredith in 1926, where she majored in sociology and received practical training with Associated Charities in Raleigh.

Chicken Pickers And Bean Pickers Boost Placements

Employment Service Puts 556 People to Work In Alleghany Fields

Assignment of people on jobs as bean pickers and chicken pickers boosted the total number of placements by the North Wilkesboro office of the N. C. State Employment service for the month of August to a new record of 773, 639 of which were classified as private placements and 84 on public works projects.

Strange as it may seem, 566 people were given jobs picking beans in Alleghany county—and the beans went by truck to Florida. Six truck farms in the little mountain county called on the office for the big number of bean pickers and the requisition was filled from registrants at the office at Sparta, a branch from the office here.

Other private placements included 78 which were assigned to picking chickens at E. E. Eller Produce company here, six factory workers, 14 building and construction, 21 housekeepers and four in cafe work. All private placements were in Alleghany and Wilkes counties. Other counties served by the office are Ashe, Watauga and Alexander.

Registration for the month totaled 700 and for the first time were lower than the total placements. B. G. Gentry, manager of the North Wilkesboro branch, said.

Rocky Mount, Greenville, Kingston and Winston-Salem were the only offices in the state with a larger number of private placements than North Wilkesboro during the month of August, the report sent out by state headquarters of the NCSSE disclosed.

Two Badly Hurt In Shooting Scrap On Friday Night

Carl Minton and George Vannoy Hit By Bullet In Car Near This City

CECIL PIERCE HELD Said He Shot Men Because They Were Trying to Run Him Off Road

Two men were shot, probably with the same bullet, and seriously injured in an affray which took place late Friday night one mile west of this city on highway 421.

George Vannoy, driver of an old model car which a bullet from a revolver struck on the windshield just above the steering wheel, received an ugly wound where the bullet went through his upper lip and glanced off his upper jaw. He also received several cuts from glass fragments.

Carl Minton, who was seated next to Vannoy, was more seriously injured, a bullet having severed the main artery in his left arm. Blood transfusions have been given at the Wilkes hospital, where he went for treatment. Dewey Burchette, third occupant of the car, was not hit.

Cecil Pierce, resident of the Reddies River section, who had been quoted as saying that he shot the men because they were trying to run him off the road, was picked up by an officer in Wilkesboro Saturday afternoon. He said he was on his way to the jail to give up.

Police Chief J. E. Walker investigated the affair soon after it happened. He was called by Jim Williams, who told the officer that Vannoy Minton and Burchette quarreled with Pierce at his service station and that he ran them off. A short while later he heard shots about 200 yards from his place on the highway and the car driven by Vannoy passed on the way toward town. Pierce then drove up, stopped, said he had shot them because they were trying to run him off the road and that he was going to give up to officers.

More than one shot was heard, although there was only one hole in the windshield. In all probability the shot which went through the windshield wounded both Vannoy and Minton. Minton's condition was described as serious. He had lost much blood before reaching the hospital.

Jim Hauser, manager of Quality Cleaners, returned a small fortune found by one of his employes, Bevo Raymer, in a suit of clothes Saturday morning.

He turned them over to Mr. Hauser and when he returned them to Mr. Bohannon he said they were worth \$2,000 each. He thanked Mr. Hauser profusely but did not give a reward.

Bohannon, who said he was an attorney for Ringling Brothers, spent the week here, where he had interest in some of the shows on the midway at the Great Northwestern Fair. He and his wife, he said, grew tired of wearing the rings Friday night and he placed them in his pocket, where they were found next day.

Saturday Crowd Another Record Breaker at Fair

All Departments of the Fair Measure Up to Expectations For Year

EXHIBITS PRAISED

Best Collection Ever Assembled; Apples Subject of the Highest Praise

The Great Northwestern Fair closed a successful five-day exposition here Saturday night.

The final afternoon and night of the fair was largely attended by a second record breaking crowd which eclipsed the children's day crowd on opening day, Tuesday.

Although largest crowds in the history of fairs here enjoyed the fair Tuesday and Saturday, the total attendance for the fair was slightly under last year, due entirely to the fact that rain on Thursday and Friday evenings kept many fair visitors away.

All departments of the fair were well enjoyed. The exhibits were the subject of high praise and the consensus of opinion was that the exhibits composed the best collection ever assembled here and would compare very favorably with exhibits at the larger fairs in the state. The apple exhibit was especially praised.

On the midway West World's Wonder shows provided varied entertainment. The new features, and especially the rides which had never before been here, were very popular. One show which attracted much interest was the animal circus, which is maintained by Charlie Smithy, a native of the Oakwoods community in Wilkes county. His trained animals performed to perfection.

The grandstand acts were well received and the Pollyanna Revue, despite the fact that it was playing its second year here, rounded out a good stage show under direction of Mickey Norton and Miss Pearl Haines, of Reading, Pa. The revue was supplemented by acrobatic acts by the More-n Thoupes and the Dall sisters in a balancing and trapeze act. Fireworks each night exceeded former display in splendor.

On Saturday night the fair association gave away a new Plymouth car, which went to Mrs. Mollie Bishop, a widow who lives in this vicinity and is employed on a relief project. She said she was going to sell the car and from the money received would give \$50 to Alma Smithy, a small girl from a large family of fatherless children, who did the drawing.

Mr. Giles explained that the boy's father will purchase a purebred Berkshire male pig to mate with the pig donated by the club and that Paul Ed has agreed to give the two best female pigs to some other 4-H club boy, who in turn will give the best two female pigs to some other member.
