## Late News Of State-Nation Told Briefly

### MAN SHOTS SELF

Laurinburg, Dec. 1.—G. E. MacGardie, about 40, of Winston-Salem, was found shot to death in the yard of a lodge in a lonely section of northwest Scotland county late today. Coroner N. J. McDougald, said no inquest would be necessary after examining written matter left by the dead man in which he explained his purpose to kill himself.

### NEW CONSCRIPTIONS

London, Dec. 1.—A new class of conscripts which may be ordered to active military service early in the new year was called today to register December 9 by proclamation of King George VI. The third conscription proclamation of the year, it applies to men aged 20 to 23. It affects about 250,000 men, extending the liability for military service to men of 22 years and also to those who have reached the age of 20 since October 1.

### KILLED ON DEER HUNT

Harrisburg, Pa., Dec. 1.—Bullets meant for bucks killed one hunter and wounded at least four others today as 150,000 gunners blazed away in Pennsylvania's woods on the opening day of the deer hunting season. Eleven were killed during last year's six-day season. Sixteen-year-old Raymond Elliott fell near his home in Chincora, Butler county, wounded fatally by a shot fired by a companion.

### RALPH GRAVES DIES

Chapel Hill, Dec. 1.—Ralph H. Graves, 61, distinguished journalist, who had held high executive positions with New York newspapers and who established his own syndicate three years ago, died at his home in Long Island, N. ### WILL RETALIATE

Paris, Dec. 1.—France is ready to reply in kind if Germany bombs her towns, Premier Daladier told the world today. At the same time he wanted that anti-governmental acts by French communists on the home front would be regarded as "terrible treason" to be dealt with summarily. The premier's 23-minute broadcast, which was carried to the United States, was an abbreviated version of the speech he made to the chamber of deputies yesterday, reporting on the first three months of the war.

### MAY BREAK WITH REDS

Washington, Dec. 1.—Soon after President Roosevelt had condemned Russia's attack on Finland, word circulated in the capital tonight that high officials were considering slapping a "moral embargo" on the shipment of American-made warplanes to the Soviets. Such a step, if taken, would serve to underscore the statement of the president, who declared that the Russian bombings were a "profound shock" to the United States and added that it was "tragic" to realize that "wanton disregard for law is still on the march." There were reports also that the President was being urged by some of his advisers to break off diplomatic relations with Russia.

## Rousseau Is Head Of Jackson Day Wilkes Campaign

### County Democrats Expected To Raise Their Part Of Campaign Funds

Success of the Jackson Day Campaign in Wilkes county is indicated by appointment of J. R. Rousseau as county chairman. Announcement to this effect has just been made by State Director John D. Larkin, Jr.

The purpose of this campaign, which began last week and will culminate in a mammoth Jackson Day Dinner at Raleigh on January 8, 1940, is to raise money for the Democratic campaign and convention next year. North Carolina and Wilkes county have established reputations for exceeding expectations in similar efforts.

Last year, with no election campaign in the immediate offing, the state raised more than ten thousand dollars. This year demands upon the party treasury will be much heavier by reason of the election next fall and the convention this coming summer.

A speaker of national reputation has been secured for the celebration which will be held on January 8, 1940, at the Hotel Sir Walter, Raleigh, N. C. A high standard was set at the 1939 dinner by the speech of Governor (new Senator) "Happy" Chandler of Kentucky. State Director Larkins, who managed the last campaign, guarantees that the 1940 program certainly will not fall below that standard.

Under the leadership of Chairman J. R. Rousseau, Wilkes county is expected to be among the first to announce completion of its quota. The first county to reach this goal will be accorded very special recognition, not only at the Jackson Day dinner, but also in the permanent records of the State and National party organizations.

Official ruling that the hatch Act will not prevent any federal employe, other than relief workers, from contributing to the fund or attending the dinner makes success easier to attain.

## Dr. F. S. Fellows Tells Kiwanians Of Health Work

### Outlines The Progress Being Made In Venereal Disease Control In The State

Dr. F. S. Fellows, of the state health department, delivered an interesting address Friday before the North Wilkesboro Kiwanis club, his subject being "Venereal Disease Control."

He said that among the states North Carolina is perhaps number 1 in its work of undertaking to control that type of diseases. The Reynolds Foundation of \$100,000 to \$150,000 per year is matched by the government and has made it possible for twenty or more counties to wage a great campaign. The state, he said, has been able to meet the counties in a better than half way proposition to carry on clinic work.

Dr. Fellows said that at present about 90 per cent of the cases being treated in the state are negroes but that the percentage of whites in Wilkes and some other western counties is higher than the state average.

Years of clinical work, he said, have made it possible for Norway and Sweden, along with some other European countries, to greatly reduce the number of cases among their population.

Explaining how venereal diseases are contracted, Dr. Fellows said that in his opinion less than one-half of one per cent of the cases are transmitted by means other than sexually.

The program Friday was in charge of Robert Gibbs, Jr. During the business session of the club President D. J. Carter thanked Dr. A. C. Chamberlain for the good work his committee did toward making "Bundle Day" a success.

## Hunting Creek Man Is Stabbed Here Saturday

### Hubert Moore Held; Jim Johnson In Critical Condition Because of Cuts

Jim Johnson, age 21, of Hunting Creek, is in a critical condition today and Hubert Moore, 18, of Gilreath, has been jailed as the result of an altercation which occurred near the corner of Tenth and Main streets in this city about 4:30 Saturday afternoon.

Persons who said they saw the affair told officers that Johnson was walking behind Moore on the sidewalk when Moore turned and stabbed Johnson with a pocket knife. Johnson walked about 75 yards before he was placed in a car and rushed to the Wilkes hospital.

Physicians at the hospital found four bad wounds on Johnson's body, two in the abdomen, one in the hip and one in the shoulder. All were of dangerous depth and one stab had punctured the liver.

An operation was performed immediately and his wounds were dressed. He suffered great loss of blood and a blood transfusion was given in an effort to save his life.

Eye witnesses told Police Chief Walker that although some words were passed between the men, they did not know the cause of the altercation.

Moore left the scene and officers were unable to locate him here. On Saturday night Police Chief Walker, accompanied by deputies sheriff, went to the home of Moore's father, Lonnie Moore, and learned that Hubert Moore had been there but had left. Efforts to locate him later that night failed but early Sunday morning Moore, accompanied by his father, came and surrendered to Chief Walker and was held without bond pending the outcome of Johnson's injuries.

At the hospital Johnson, whose condition was extremely critical when he entered the hospital, rallied following the operation and blood transfusion and his condition today was described as well as could be expected. He is a son of Mrs. Henry Johnson, of Hunting Creek.

Chief Walker said that Moore admitted cutting Johnson but had little comment to make relative to the assault.

Today Moore was released under bond of \$1,000.

## Thanksgiving Day Observed Quietly

### No Major Accidents Or Disorders Mar Enjoyment Of Holiday In Wilkes

Thanksgiving Day passed off quietly in Wilkesboro without any accident or crime news.

The day was generally observed joyfully with Thanksgiving services, turkey dinners and hunting being the principal activities and although the highways were thick with traffic practically all day there was not a serious accident.

At the county jail Thursday night it was learned that there had been only four persons jailed in the preceding 24 hours and all the arrests were for drunkenness.

City police here reported a quiet day with only a nominal increase in drunks and no major disorders.

Practically all business houses were closed throughout the day and a general holiday prevailed. Schools in this city and throughout the country system resumed Wednesday afternoon to resume work on Monday morning.

## PEANUTS

## Lions Club Team Plays Wilkesboro Here Wednesday

### Benefit Contest Expected To Draw Large Crowd; All Stars To Perform

The next post season football game will not be in any of the bowls but on the fairgrounds "held in this city."

It will be on Wednesday afternoon, December 6, three o'clock, when a couple of all American teams will lock horns for some kind of a title.

It will be the North Wilkesboro Lions Club team against Wilkesboro high school's Ramblers and a number of other gridiron stars of Wilkesboro.

The engagement promises to be a sports highlight of the season with many former football stars in the lineups.

Several light practice sessions have made the Lions team players feel like all-American quarter, half and fullbacks but the Wilkesboro players insist "at after 60 minutes of fierce play they will be just plain old "sore-backs."

In any event it is expected that the ambulance will be on hand to haul the injured and that drug stores will find a ready sale for liniment following the engagement of the two teams which will be playing to win in a renewal of the old rivalry of the two towns on opposite sides of the Yadkin.

Coach H. V. Overcash has had some trouble, it was learned today by means of the grapevine telegraph, in getting some of the former high school and college players who continue to insist that they can play, to get in shape to reach the ground without falling over but all those kinks will be ironed out in due time for the stars to strut their stuff.

Coach R. E. Caldwell, of Wilkesboro, has his high school squad ready and will have some good talent in the form of players who once rambled for the Ramblers but who will be just a bit stiff but none the less determined to gain a victory.

Plenty of fun and football is assured and the game should attract a record crowd because the proceeds from the admission charge will be used to carry on the Lions Club work for the benefit of needy and underprivileged children.

## School Children Tubercular Clinic To Begin Dec. 11

### All School Children 12 Years Of Age and Over to Be Tested For T. B.

Dr. G. C. Godwin, a specialist from the state sanatorium, will make the examinations, which will be without cost to the students.

Dr. Eller explained today that the clinic will be only for children 12 years of age and older and will not include primary children or adults.

They are: I. M. Crouch, of Hays; R. F. Jarvis, of the Adley community; and Richard G. Phillips, of Benham. They received \$30 each per month.
