Paul Muni Star Of "We Are Not Alone" At Orpheum Friday

The new Paul Muni starring picture, "We Are Not Alone," will be the feature attraction at the New Orpheum Theatre on Monday and Tuesday. Written by the author of "Goodbye, Mr. Chips," James Hilton, and produced by Warner Bros., the studio which has produced such outstanding successes of the season as "The Old Maid" and "The Private Lives of Elizabeth and Essex," "We Are Not Alone" has all the elements which mark a truly great production.

A Muni film is always a red-letter event, for the star who leads the entire field of dramatic acting makes only one a year and that one is certain to be worthy of his genius. In 1935 it was "The Story of Louis Pasteur," in 1936 it was "The Good Earth," in 1937 "The Life of Emile Zola," "Juarez" in 1938, and now "We Are Not Alone" for 1939, said to be of equal, if not higher calibre as film entertainment than any of these previous successes. Appearing with him in the cast are Jane Bryan, who received the role as a reward for her brilliant dramatic work in "The Old Maid," Flora Robson, noted British star of stage and screen, and a host of others.

"We Are Not Alone" starts in 1914, a parallel year to this one, for each marks the beginning of a great war. But the little country doctor in a small English town is not concerned about the world outside, for his own world is troubled enough. He is deeply concerned about his son, a sensitive little fellow who is completely misunderstood by his mother, a severe, forbidding woman. One night the doctor is called to attend a little Viennese dancer, travelling with a third-class theatrical troupe, who has broken her wrist. Unable to work, she is stranded, and he treats her for several weeks, finds her strangely fascinating. When he takes his son on one of the visits, the child and the girl get on so well together that he mentions it to his wife, who suggests that they hire her as a governess for him. The atmosphere of the doctor's house changes with her in it, but scandal is soon rife in the village. To tell how the situation is resolved would be to detract from the tremendously moving quality of the story. Edmund Goulding directed the production. Goulding is considered one of the ablest of all directors in handling human interest, psychological dramas, most recent of which were "Dark Victory" and "The Old Maid."

Felons From Dust Bowl

Sacramento, Cal.—Dust, in addition to stunts, breeds crime, it seems. Eighteen per cent of the inmates of San Quentin prison come from the four dust bowl states Arkansas, Kansas, Oklahoma and Texas. They have contributed 882 prisoners since July 1, 1938.

Texas Frog Is Rival To Morganton's

Crowell, Tex., Jan. 15.—Eastland county's famous frog, Old Ned who reportedly survived 31 years in a granite stone, has a rival—"Airman Joe," a mottled toad fresh from 38 years in a slab of concrete.

Henry Ashford, of the Board County News, is the authority for this story.

Workmen removing a concrete block from the garden of Mr. and Mrs. Jeff Todd, parents of Dick Todd, former A. and M. football star, had to break the heavy mass. Out rolled a white toad, apparently dead.

As the sun warmed up the refuge it began to kick. Within two hours it opened its eyes and began taking on color. Now the toad has dug in for the winter at the rear of the News building.

ORPHEUM

We made this statement on the Air

... now we repeat it in print

"A GOOD MANY confusing things can be said...in fact sometimes are said...about gasoline. The important thing, however, for you to remember always is to buy the product of a company in which you have the utmost confidence... a company whose avowed policy is to manufacture and sell only the finest products that skill, science, and great resources make possible.

"This is the policy of Gulf. Its gasolines, Good Gulf and No-Nox, are today greatly improved over what they were even six months ago... just as six months ago they were even better products than they were the year before. All this is done as a matter of course, and it is the result of forever keeping pace with every known means of product improvement.

"With Gulf the policy of constantly improving the quality of its products is a pledge... a pledge that you, motorists will find maintained whenever you stop at the Sign of the Gulf Orange Disc."

THAT GOOD GULF

... a regular-priced motor fuel that compares favorably with many higher-priced gasolines. Because it's refined to meet the specific needs of the locality in which it is sold, That Good Gulf Gasoline gives complete satisfaction in power, mileage, and smooth, all-around performance.

GULF NO-NOX

... a super-fine fuel that no regular-grade gasoline—regardless of the claims made for it—can touch for anti-knock value. No-Nox gives lightning-like starts... permits more rapid acceleration... delivers smooth, knockproof power under all normal driving conditions.

Now... new... improved
