Friday Book Club Met With Mrs. J. R. Hix

With Mrs. J. R. Hix as hostess the members of the Friday Book club were graciously entertained at her home on DeStreet Friday afternoon, including one visitor Miss Beza Reeves. Mrs. J. C. McPhaid, the president, presided for the usual roll call by Mrs. W. B. Horton, members responding with news items of much interest. Since the day was the date of Robert E. Lee's birthday Mrs. C. D. Coffey, Sr., gave an interesting article pertaining to his life.

At the close of the afternoon, Mrs. Hix assisted by her two daughters, Mrs. Jack Brame and Mrs. William Marlow, served a tempting salad course and fruit cake, the guests being seated at small tables placed about the room. Books were exchanged during the afternoon.

Mrs. Charlie Bumgarner Entertains Her Club

The members of the Wilkes-

boro bridge club were delightfully entertained by Mrs. Charlie Bumgarner at her home Thursday evening. The high score prize in the game, which was played at two tables went to Miss Ila Holman. A dessert course followed play.

Mrs. H. B. Smith Is Bridge Club Hostess

Mrs. H. B. Smith was charming hostess to the members of the Friday bridge club, of which she is a member, and a few extra guests at her home on D Street Friday afternoon. Table prizes in the game were won by Mrs. C. D. Coffey, Jr., and Miss Elisabeth Finley. Refreshments were served at the close of the game.

Idewise Club Members And Husbands Entertained Friday

Mrs. Andrew Casey and Mrs. Frank Tomlinson were hostesses to the members of the Idewise club and their husbands at the home of the latter on Ninth Street Friday evening. A three course dinner was served at seven o'clock, guests being seated at six small tables. The place cards and table appointments were in the Valentine motif.

Bridge and rook both were in play and in the bridge game the high score prize was awarded to Mr. and Mrs. R. T. McNeil, and in rook Mr. and Mrs. Gordon Finley were the winners. Mrs. Duncan McIver, of Salisbury, who is a guest of Mrs. Tomlinson, was remembered with a gift.

At the close of the game the club books were distributed.

Friendly Circle Held Monthly Meeting

The members of the Friendly circle of the Wilkesboro Methodist church were entertained in their monthly meeting, which met Wednesday evening, by Miss Helen Call and Miss Eleanor Smoak at the home of the former. Mrs. George Parlier, the new president, was in charge of the business session, and the program was given by Miss Smoak with the assistance of Miss Lena Culler and Mrs. Roy Reece.

Refreshments were served during the social hour that followed the meeting.

Do Not Overplant Around Your House

Visualize the foundation planting of shrubs and flowers around your house five or ten years from now and you will use fewer plants, and set them further from the house, says John H. Harris, landscape specialist of the State College Extension Service. Most people overplant around the foundation of their homes. Leave open spaces between groups so that the foundation will show; if the foundation is undesirable to be seen, use vines to correct this situation, he advised.

Harris recommends that plants be placed on either side of the entrance, at corners of the house, between windows, and grouped to break a long straight line or relieve the bleakness of an uninteresting wall. "Low flowers and vines can often be used to an advantage among the foundation plantings. Such plants as periwinkle, low phlox, verbenas, ivy, and low-growing shrubs add color and interest to the planting," the specialist stated.

"Avoid the monotonous planting of shrubs all of the same height and size. Use some tall-growing, some low-growing, some upright, and some prostrate plants to have a pleasing effect," he continued.

Some of the more important reasons for beautifying the home grounds with shrubs and flowers are listed by Harris as follows: To create a picture by uniting the separate elements, such as walks, drives, house, and lawn into a pleasing and harmonious whole; to give inframement, shade and background for the buildings; to decorate, soften, and add charm to the house, but not to hide it; to screen off undesirable views; to separate or enclose certain areas; and to give justification and make more natural the curves in the walks and drives.

RESULTS
J. C. Little of Clifton, Ashe county, has reported unusually successful results in the use of sericea lespedeza to build up badly eroded places in his pasture.

CHAMPION
Roy Dail of the Conetoe 4-H Club has been declared champion soy-bean producer of Edgecombe county, and for first prize received 1,000 pounds of soybean meal.

Social Calendar

The Reverend Mountain chapter of the Daughters of the American Revolution will meet Tuesday afternoon at four o'clock at the home of Miss Lucy Finley.

The Young Ladies Bible class of the North Wilkesboro Methodist church will meet Tuesday evening at 7:30 o'clock at the home of Mrs. Jack Brame with Mrs. A. Watson Brame, Miss Lois Scrogg, and Mr. P. J. Brame, teacher of the class, as co-hostesses.

The Woman's Bible class of the North Wilkesboro Methodist church will meet Tuesday afternoon at 2:30 o'clock at the home of Mrs. C. P. Walter. Since this is the first meeting of the new year it is hoped that all the members will make a special effort to be present.

The Ila Holman Bible class of the Wilkesboro Baptist church will meet Tuesday afternoon at 2:30 o'clock at the home of Mrs. J. W. Neel.

Canning Necessities Told By Nutritionist

Thirty-two quarts of vegetables and 24 quarts of fruits should be canned for each member of the family, says Miss Mary E. Thomas, nutritionist of the State College Extension Service. She also recommends 10 quarts of canned meats, 10 pounds of dried vegetables, two quarts each of preserves and jam, and one quart each of jelly, kraut, pickle and relish for each person on the farm.

"Canning is the simplest and most satisfactory way of maintaining the year-round health of the rural family, and is essential in the economical balancing of the food budget," Miss Thomas declared.

The nutritionist listed the following vegetables, and quantities of each, as a desirable canning budget: Asparagus, 1 quart; string beans, 5 quarts; lima beans, 1 quart; beets, 2 quarts; carrots, 1 quart; corn, 1 quart; soup mixture, 6 quarts; okra, 1 quart; garden peas, 2 quarts; and tomatoes, 12 quarts.

Fruits, and the quantities to be canned for each person, are: apples, 3 quarts; blackberries, 3 quarts; dewberries, 2 quarts; huckleberries, 2 quarts; cherries, 1 quart; grapes, 2 quarts; peaches, 4 quarts; pears, 4 quarts; plums, 2 quarts; and fruit juices, 1 quart.

"If all of the varieties of fruits and vegetables are not available, can more of those that are available," Miss Thomas declared. "To determine the family canning budget, multiply the requirements for each person by the number of persons in the family."

PROFITABLE

From his one-acre tobacco project, Claude Bass of the Kenly 4-H Club in Johnston County, harvested 1,794 pounds of tobacco, which netted him \$299.81 after expenses of \$51.51 were deducted.

RECORDS

Henderson county growers are showing a steadily increasing interest in farm records, with the total keeping account books mounting each year since 1936.

IN MEMORIAM

In loving memory of our departed brother, Lee Walsh, who, on November 20, 1939, laying aside the garment of life, went through the valley of the shadow of death, into the glory of immortality's endless day.

We of the Lewis Fork Baptist church, desire to record our appreciation of him as a man, as a citizen, as a Christian, as a deacon, and as a fellow-worker in our church. We shall sadly miss his happy smile and cheerful disposition. Wise in his counsel, always loving and understanding in his sympathies, generous and sincere in his friendships, his memory will live in our hearts. He has passed from this life, and will be absent for awhile, but one glad day we shall go to join him in that land where death never comes, and parting is unknown, for we rejoice, as he did, in the hope of a glorious immortality.

To his sorrowing family we offer our sympathy and consolation. Though his earthly seat is vacant, the light of his life and character lives on, and is an inspiration to us to follow the example he set, and he prepared when the final summons comes, to join him in that better land. We desire that a copy of these expressions of love be sent to the family, one placed on the minutes of the church, and one sent to The Journal-Patriot for publication.

C. C. BISHOP,
MRS. PEARL COOKE,
Committee.

Borah Praised As Courageous Public Servant

Washington, Jan. 19.—President Roosevelt tonight praised Senator Borah as "a unique figure whose passing leaves a void in American life."

The presidential statement said:

"The Senate and the nation are sadly bereft by the passing of Senator Borah. We shall miss him, and mourn him and long remember the superb courage which was his. He dared often to stand alone and even at times to subordinate party interest when he presumably saw a divergence of party interest and the national interest.

"Fair-minded, firm in principle and shrewd in judgment, he sometimes gave and often received hard blows; but he had great personal charm and a courteous manner which had its source in a kind heart. He had thought deeply and studied patiently all the great social, political and economic questions which had so vitally concerned his countrymen during the long period of his public service.

"His utterances commanded the close attention of the Senate and of a far-flung audience whenever he spoke. A unique figure, his passing leaves a void in American public life."

Legislators of all political faiths were quick to express their sorrow.

Senators Barkley (D), Ky., and McNary (R), Ore., the majority and minority leaders, joined in praising the Idaho veteran and others of his colleagues voiced deep sorrow.

All paid tribute to Borah's courage, and many linked this with his unerring courage; in his relations with fellow senators.

Among the comments were the following:

Barkley: "It is a great blow to the Congress and to the nation. He is one of the men whose death will make an impression around the world."

McNary: "No one can ever fill his place. He had a unique position in the Senate and his loss will be greatly felt."

Chairman Pittman (D), Nev., of the Senate foreign relations committee: "At no time in any of the questions in which we were opposed was Borah ever discourteous, intolerant or even harsh. He was a man of great character, individuality and independence. He was among the greatest constitutional lawyers who ever sat in the Senate."

Senator Adams (D), Col.: "He was a great and kind man. Often men are great but there are few who could be as great as Borah and who at the same time could have his inherent kindness toward others."

Senator Clark (D), Mo.: "His death brings a grievous loss to the Senate and the nation. He was a wonderful man."

Speaker Bankhead: "In company with all American citizens who are familiar with his long and illustrious record in the Senate of the United States, I am deeply sorry and pained to learn of the passing of this outstanding statesman who for so many years has contributed by his intellectual genius to the best traditions of the Senate.

"I think that it is universally recognized that there has been no debater in Congress for the last quarter of a century who was his superior in presenting his views upon both domestic and international problems and his presence and services will be greatly missed in that forum, which he has adorned for so many years."

Secretary Hull: "I was deeply distressed to learn of the passing of Senator Borah. His long record of truly great service to the people of the nation will live in history. In his death the country loses a fearless statesman, ever faithful to his principles."

House Majority Leader Rayburn (D), Texas: "Senator Borah was an outstandingly useful American and statesman. He will be terribly missed."

House Minority Leader Martin (R), Mass.: "The death of Senator Borah removes a picturesque and outstanding statesman, an ardent champion of popular causes. He will live long in the memories of the American people. A viril, forceful character passes and his death is a great loss to the Senate and the country."

Deputies Appointed For Grange In State

Harry B. Caldwell, of Greensboro, master of North Carolina Grange, last night announced appointment of 33 juvenile deputies for 1940 in as many counties. State Master Caldwell emphasized the importance of these deputies in training future farmers in balanced agriculture, avoiding what he termed the "one-arm" system, and in other factors relative to agrarian welfare.

Appointments for several counties are: Davie—Mrs. J. F. Eble, Gata; McDowell—Mrs. J. H. L. Miller, Marion; Rowan—Mrs. M. B. Corriher, Mooreville; Wilkes—Mrs. T. W. Ferguson, Ferguson; Yadkin—Mrs. J. S. Thomas, Hamptonville.

Sprays Will Control Strawberry Diseases

The grower who produces the best yields and highest quality of strawberries on a given acreage is the one who controls diseases such as scorch and leafspot, says Dr. Luther Shaw, Extension plant pathologist of State College. Spray treatments will control these diseases and increase the profits from the berry crop, he stated.

Dr. Shaw recommends either the 4-4-50 Bordeaux mixture or the Cuproclode "54Y" spray for the control of strawberry leafspot and scorch. The first application should be made as soon as the new leaf growth has started in late February or early March. Applications should be repeated at 10-day intervals until a few days before the picking season begins.

The 4-4-50 Bordeaux mixture is composed of four pounds of copper sulphate (blue stone) and four pounds of chemically hydrated lime to 50 gallons of water. From five to 10 gallons of spray will be required for each application on one-tenth of an acre of strawberries, depending on the type of sprayer used. A small three-to-five gallon compressed air knapsack or other hand-operated sprayer is recommended for small areas, using either the Bordeaux or Cuproclode sprays.

Cuproclode is a commercial preparation, and is used at the rate of 2 1-2 ounces of the chemical to five gallons of water. From five to 10 gallons per one-tenth acre is also required for each application of this spray.

'Wonder Drug' Saves 91 Lives In Two Months

Baltimore, Jan. 19.—Sulfapyridine was credited today with saving 91 lives within two months in the nation's first state-endowed drive to combat pneumonia with the "wonder drug."

The initial success of Maryland's \$30,000 two-year campaign to curb pneumonia—its fifth greatest "killer"—with sulfapyridine was reported by county health officers reviewing results of the experiment launched November 1.

Not a patient treated with the drug failed to recover.

Discussing a report from one county where each of 17 pneumonia patients treated with sulfapyridine recovered, Dr. Robert H. Riley, state health director, said:

"It is a certainty that three or four of these persons would have died without sulfapyridine treatment."

"We are very optimistic," Dr. Riley said of the indicated success of the experiment. "But we will make no predictions yet. It would not do to give the people a false sense of security."

The state distributed the sulfapyridine free. All the persons treated were unable to buy the drug. Physicians obtained it for their poverty-stricken patients by applying to county health officers.

The average minimum requirement of Vitamin A for adults has been found to be from 3,500 to 4,000 international units daily, but more is recommended.

Receipts from the sale of principal farm products in November, 1939, were larger than the same month in 1938 in four of the six major geographical divisions of the United States.

Sleeper Surprised To Find Toe Gone

Tarboro, Jan. 19.—James Finney, negro, appeared at the county health department here today with a badly gnawed toe on his right foot.

He reported that he had gone to sleep in his home the night before and awoke to find half of his toe gnawed away.

His only explanation was that he thought that during the night a rat must have gnawed his toe. His home, he said, was full of large rats.

He was treated by Dr. Edward Robertson, who had no remains to make about the case.

WATER

A demonstration on simple home water systems given by H. M. Ellis, of State College, before a Wilson county home demonstration group is expected to result in the installation of several systems.

NONATION

The Tryon Kiwanis Club sent L. R. Harrill, 4-H Club leader at State College, a check for \$25 to be used toward the building of a Polk county cabin at the Swannanoa 4-H Camp.
