## NOTICE TO MOTHERS OF YOUNG BABIES New Patented Babee-Tenda

A Question For Mother To Answer—

When your Baby sits up, will you put that lively youngster in a high chair, in constant danger of serious falls? Have you thought of the extra care it will mean for you?

In the Babee-Tenda safety chair, your Baby will be SAFE. Because Babee-Tenda is only half as high as a high chair, and square, it simply cannot be pulled or tipped over. The new safety harness strap gives extra security. Knowing Baby is safe, you can go about your household duties, free from worry.

Babee-Tenda costs no more than a good high chair, and can be used for the same length of time. Besides, in Babee-Tenda you are getting two combinations in one piece of furniture. After the seat is outgrown, Babee-Tenda is not discarded—it's easily converted into a permanent play table and school desk.

This wonderful new patented Babee-Tenda is on display at Brown's Drug Store. Be sure to stop in and see it. Also they will be glad to take your order for one. Don't wait, go see it now, ask them to show you how it works. Buy one and have guaranteed safety for your baby.

## D. A. R. Chapter Met Tuesday Afternoon

Mrs. T. B. Finley and Miss Elizabeth Finley were hostess to the members of the Rendezvous Mountain chapter of the Daughters of the American Revolution in their monthly meeting at the Finley's new home on Tenth Street Tuesday afternoon. Mrs. Claude Doughton, the regent, presided for the business session.

Miss Lucy Finley gave a splendid report of the state D. A. R. meeting which was held recently at High Point. Mrs. Doughton is to attend the 49th annual Continental Congress of the D. A. R. which is to convene in Washington, D. C., April 15 to the 19th, as a delegate and regent. While in Washington she will be guests of Congressman and Mrs. R. L. Doughton.

For the program Mrs. Russell G. Hodges made a most interesting talk on "Men of the North Carolina in the Revolution." At the close of the meeting the hostess, assisted by Mrs. C. D. Coffey, Jr., served delicious refreshments, after which they were shown over the Finley's lovely new home. Mrs. Joe E. Mott was welcomed into the chapter as a new member.

## Sale Of Chevrolets Continues To Gain

Detroit.—A continued gain in new passenger car and truck sales during the first 10 days of March was reported by Chevrolet Central Office here today, with the release of sales figures which are 15.8 per cent in advance of figures for the same period last year. The sales are substantially ahead of the first 10 days of last month, which was the second-best February in the history of the company.

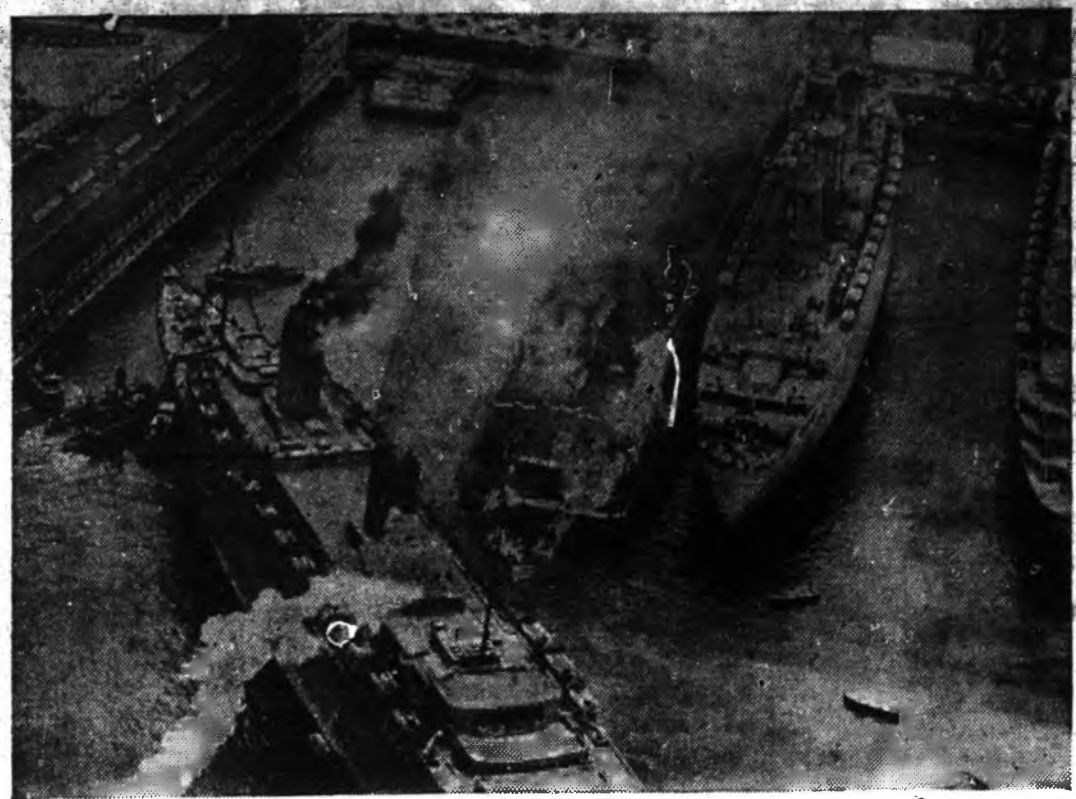

Total new car and truck sales during the period were 27,143 units, as compared with 23,452 new car and truck sales last year during the similar period, and 25,055 during the first 10 days of February this year.

Used cars sold at retail totaled 40,528 units, 10.7 per cent above the 36,626 retailed in the first 10 days of March, 1939.

Truck sales during the period were 11 per cent ahead of the first 10 days of February. A total of 5,309 commercial units were sold, a gain of 528 units over the same period in the preceding month.

Come on boys and get 'em. We got plenty of all kinds of seeds for you. Save money by buying from us. PEARSON BROTHERS.

## Superliners for War Debts Urged by New Yorker

Aided by a fleet of tugs, the Queen Elizabeth, British luxury liner, is warped into her New York harbor berth—haven from the European war. For neighbors she will have the Queen Mary, her sister ship, and the French liner, Normandie—the largest ships in the world. Combined value of the three superliners is \$103,750,000. Assemblyman John A. Devaney, Bronx Democrat, introduced into the lower house of the New York legislature a resolution proposing that the American government seize the three liners in payment of World war debts.

## SHELL BANQUET HELD TUESDAY

(Continued from page one)

and his father, W. E. Colvard, well known business man of this city. The meeting took place Tuesday evening in the banquet hall of Hotel Wilkes.

Mr. Colvard is agent for Shell Products in the four counties of Ashe, Alleghany, Watauga and Wilkes counties, and since taking the Shell agency a little over six years ago he has developed a splendid business among the motorists of northwest North Carolina and now has a large number of dealers in his territory.

There were over sixty people at the banquet, and this number did not include all of the dealers, some of whom were unable to attend for various reasons. It was a happy occasion, with plenty of good things to eat, (turkey with the trimmings), and favors for everyone present.

The prime purpose of the meeting, in addition to getting the Shell folks together, was to introduce the two new Shell products just placed on the market to the Shell dealers—these products being Super Shell and Shell Premium gasolines, and Messrs. L. R. Lyon, J. V. Grove, W. T. Davis, and H. C. Hax, of the Shell Charlotte branch office, were present to tell those present all about the new products and the big advertising program that is now under way.

Mr. Lyon explained in detail the Shell promotional campaign which is introducing the new gasolines which are backed by thousands of actual tests. He explained that the letters, "RPR," means "Road Performance Rating," and urged the motoring public to test the new Shell gasolines with actual road tests. Mr. Lyon urged every Shell dealer to increase his enthusiasm to acquaint more motorists than ever before to burn Shell in their motors.

Two interesting motion pictures were then shown. The first was "The Largest Club in the World," which emphasized the Share-The-Road Club being promoted by the Shell Company and dealers, and also pictured the courteous and careless motorist as "the screwdriver," and the careless pedestrian, "The Screw-jay." The other picture in technical color, was entitled, "Pass ports to Profits," and pointed out to Shell dealers how they may easily increase their sales.

The banquet hall was gaily decorated with Shell banners and advertising materials, and Frank Willis and Harold Macklin, two well known colored musicians, were present with their string instruments and delighted the gathering with a number of selections.

## State College Answers Tirelvs Farm Question

Question: What is the best distance between hills and rows in setting tobacco plants?

Answer: A distance of 24 inches between hills with the rows four feet wide has proven to be most satisfactory under average conditions. On the more fertile soil, even closer spacing on the row will be profitable. The plants should be of uniform size and free from disease. The first cultivation should be made about a week or ten days after transplanting followed by cultivation every week or ten days until just before topping.

Farmers, we have fertilizer, lespedeza seed, cabbage plants, onion sets, seed oats, seed beans and seed potatoes. Be sure to see us for your needs.—North Wilkesboro Grocery Co. 3-28-76
