The Week's News Of Millers Creek

Mr. and Mrs. O. S. Gilreath and daughters, Bertha and Margie, also Mr. and Mrs. J. M. Childress, of Taylorsville, were visitors last Sunday with Mr. and Mrs. Ray Bumgarner.

Velma Rhoades, the two year old daughter of Mr. and Mrs. Smith Rhoades, happened to get her left middle finger cut off the other day by her three year old sister, Ella Mae.

Mr. and Mrs. Van Caudill are making progress on their new dwelling. It is on highway 421, between Mr. J. F. Caudill's and Mr. J. M. Gaither's store.

The week-day Bible class of Friendship church, which has been meeting at the parsonage, will meet from now on in the main Sunday school room of the church each Thursday at from 7 to 8 p. m.

Some of the farmers have already begun to plant corn. They evidently do not believe in the sign of white dogwood blossoms.

Misses Cora McNeill and Mae Church are back at their school duties, apparently in fine shape, after a few days of illness.

The school garden, in front of the school buildings, along the highway, has been plowed and harrowed preparatory to making next year's supply of vegetables for the lunch room.

Master George S. Bumgarner, who has been sick for two weeks with flu and an ulcerated ear, is able to return to school.

Officers Elected For Union P.-T.A.

The last meeting of the year for the Parent-Teacher Association of Union elementary school was held Tuesday night, April 9, with a large attendance of members of the association and patrons of the school.

The program was under the direction of Miss Bess McLean, first grade teacher, supplemented by the third grade. Miss Ruth Nichols' piano students also gave a brief recital.

After the program the association held its business session in which the officers for the next year were nominated by the nominating committee and were unanimously elected. G. L. Osborne was re-elected president, Rev. George Osborne, vice president, Miss Ruth Nichols was re-elected secretary, and Harry Kendall was re-elected treasurer.

A report in regard to the liberty fees collected this year was given by Ralph Beshears, principal. There has been collected from all the grades this year a total of \$86.76 of which \$54.30 has been spent for readers for the different grades, leaving \$32.46 to go into the treasury to be used next year. Union elementary school has met the standard requirements for supplementary readers in the first grade and second grade and also bought readers to take care of the other grades as well. With the cooperation of the patrons next year as has been given this year Union school will be able to meet the standard requirements for supplementary readers for all the grades.

For the past two years the Parent-Teacher association has discussed the possibility of a modern school plant to replace the dilapidated frame structure which is now being used. M. F. Absher, chairman of the Wilkes county board of commissioners, was present to discuss this problem. He pointed out that there was not a worthier project for the building of a modern plant in Wilkes county than at Union elementary school. He also stated that Wilkes county is going to have to do something and is going to do something to relieve the schools throughout the county, and when this is done Cricklet community would surely be recognized for in his words he assured the Parent-Teacher Association that "Cricklet community had a warm place in his heart."
