## BOB STEELE, III., ENDORSES W. O. BURGIN FOR CONGRESS

Rockingham, June 18—Bob Steele, III., who ran third in the first Democratic Primary, in the five man race for Congress in the Eighth Congressional District in which the present Congressman W. O. Burgin led C. B. Deane by more than 2800, releases the following statement for the press of the district.

"I think it would be wise for me to remain neutral and refrain from taking sides in the second primary, but there has been so much pressure brought upon me and so many political threats and intimidations by Deane supporters that I am unable to remain neutral. I wish to inform my friends over the district that I am supporting and endorsing our Congressman, the Honorable W. O. Burgin. I am fully aware that I can not tell my supporters how they should vote next Saturday, but I can tell them how I shall vote and the reasons why.

In the first primary I was the only one of the five candidates that received any political mud and it came from the Deane side. They seem to forget that the first primary was over on May 25th, but continue with slinging the mud and other deceptions. On the deceptions—below I am quoting a letter signed by my first cousin's wife, Mrs. Robert L. Steele, Jr. In order to show to the people to what extent the Deane supporters will go in order to carry their point.

Rockingham, N. C.  
June 18, 1940.

Mr. Bob Steele III.,

Rockingham, N. C.

My dear Bob:

It is my understanding that several newspapers over the District carried an item whereby my husband R. L. Steele, Jr., claimed that you had made a false statement to the Press when you said you did not know a Bob Steele, II.

Some time back Mr. Walter L. Parsons came to my house and requested Robert to endorse C. B. Deane for Congress, telling him that it was most important for a Steele's name to be on the endorsement. Robert started to sign the paper, the same as he always signs a paper, R. L. Steele, Jr., but Mr. Parsons insisted that he sign as R. L. Steele, II. At the time he insisted he sign that way Robert and I told him that he always signed papers as R. L. Steele, Jr. When Mr. Parsons was at our house Robert was not well enough to sign any papers and I feel that Mr. Parsons took advantage of his condition.

Some time later, it is my understanding, you stated in the press that you did not know a Bob Steele II. Mr. I. S. London sent a stack of papers, by Jack Covington, for Robert to sign and in which he stated that you had made a false statement, in which you knew he was Bob Steele II. Frankly, I do not know a Robert L. Steele II, R. L. Steele II., or Bob Steele II., as Uncle Bob did in May, 1926 and was Robert L. Steele II.

I married Robert in 1914 and I have never known him to sign his name as Robert L. Steele II., R. L. Steele II., or Bob Steele II., or even spoken of by these names. He has always been known, as far as I know, as R. L. Steele, Jr., Robert L. Steele Jr., Pete and Chicken Steele. I can also state that all the legal papers I have known him to sign bear the signature R. L. Steele, Jr., or Robert L. Steele Jr., as records at the Richmond County Court House will show.

It is true that Robert's Grandfather was Robert L. Steele, his Uncle was Robert L. Steele II., and I had known you as Robert L. Steele III., or Bob Steele III., and I am reliably informed records at our Court House will show this to be true.

If this letter will help to get "Record Straight" I will feel I have done my part.

Sincerely yours,

Mrs. Robert L. Steele, Jr., (Signed)

In his paper "Right the Wrong" he flatly states that he will not support the Townsend plan, yet Dr. Townsend has advised his followers that he is endorsing C. B. Deane for Congress as he, Deane, has pledged to support his bill if elected to Congress. Deane is either misleading the voters of this district or Dr. Townsend.

In this great crisis and world upheaval we need a man in Congress that has all the people at heart and most of all the welfare of our great nation. Congressman W. O. Burgin is a member of the very important Foreign Affairs Committee, in Congress, and in my opinion we need to keep him in during this present crisis. His record will show that he has stood by "OUR GREAT PRESIDENT, FRANKLIN DELANO ROOSEVELT," and no one knows who C. B. Deane will support if he is elected; he says he will support Mr. Roosevelt, but Dr. Townsend says that he pledged to support his plan. How can you place your finger on Mr. Deane?

The MORTAL STORM

asion with a July 4th tire sale, said Jack Swafford, local company dealer.

Introducing the Marathon, introduced more than two years ago and successfully proved by billions of service miles on the road, as well as the recently announced All-American tire, built to reach 70 per cent of the majority market of users, Mr. Swafford said that, currently he was able to offer the Marathon in sets of two or four tires to meet the peak market in which there should be more replacements, either in sets or units, of worn out casings now running on the highways.

"It is true, as everyone in the great middle class group of car owners realizes, that tires ought to be replaced oftener, especially in the heat of Summer driving when there are more cars moving on the roads and tire failures endanger a greater number of persons, but the matter of cash outlay has prevented buying over one tire at a time," explained Mr. Swafford. "That is, owners could not buy the tire of a recognized manufacturer at a price that would permit replacement of two or four tires, and the thrifty person wants to get as much in quality for his outlay as he can. So, when we offer the Marathon with its high-wide tread, new roll grip non-skid and dual cord breaker protection against bruises and punctures, and stand back of it with a lifetime guarantee, we believe we are doing our part to put good, lower-priced tires within the reach of the majority, thus furthering highway safety."

"The new All-American, Goodyear's contribution to the rock-bottom price range of tires is a great guaranteed value for this field," declared Mr. Swafford, who urged that car owners investigate their own tires' safety, or drive in for a no-charge, no-obligation inspection, because he wants to continue his part in helping reduce motoring accidents due to tire failures.
