Mr. Turner Hits Selfish Democratic Group

North Wilkesboro, N. C., October 30, 1940. Editor of Journal-Patriot: There are in this campaign several subjects which I would like to write on, but I am going to choose sportsmanship or lack of sportsmanship, would be more applicable. Sometime ago a friend of mine had a fine young registered hound about fourteen months old in a fox-chase in competition with older dogs and dogs that knew the land they were running on and had all the advantages of the pup; but from the beginning Grey-Boy, for that is his name, was outrunning. For about four hours the chase continued with Grey-Boy strutting the other hounds all through the mountains. The hunters were scattered out at different places where the hounds would cross. Suddenly the owner of Grey-Boy noticed

as he was falling back, thinking he had been humped somehow. He caught his foot and he was crossing a road and found a hole struck through the ground completely hobbling one of his hind legs. Thinking the string was all, he took his knife and cut the string and let Grey-Boy go, but he did not lead any more that chase. This writer saw the dog next morning and his leg was swollen as though he had been smacked. Also, his toes were almost worn to the flesh and the top of his foot had the hide dragged off from running on after he was hobbled, when he could not bring his foot forward or lift it up. His leg kept on swelling and the second day after the chase the owner, on close examination, found a small copper wire had been first tied around his leg and completely hidden in the flesh and the string tied over the wire. Today, Grey-Boy has a scar all around his leg to bear witness to this fact.

I know that all real sportsmen will agree with me that any man or group of men guilty of this crime, for it is nothing less than a crime, should not be allowed in the fields or woods with a dog or gun.

Two years ago, the two political parties entered into a race to see who should govern Wilkes county for the next two years. The Republicans won all the county offices except the sheriff's office. That race was like the fox chase that Grey-Boy was in; the Democrats had all the advantages. To quote, one of the leading Democrats of the county, the next morning after the election, said, "I am through with politics in Wilkes county. We had everything, the schools, the roads and the WPA, and then got beat." Then a small group of men, not representative of the real Democratic party and as selfish as any of the dictators of Europe are today, solicited outside help and passed over the protest of our duly elected representatives, which we had elected, under hand-

Since the election laws are interpreted in such ways as to give the machine democrats here in North Carolina the most advantages and there is no way of correcting a wrong in politics after it has happened, provided the right one wins, our only chance is to prevent it from happening. Let's give Democracy a big boost here in old Wilkes next Tuesday and then we can see clearly how to fight the dictators of Europe if we are threatened by them. I appeal to every liberty-loving voter in Wilkes county not to let a few men who have proven by their acts that they are as void of any sportsmanship as the men who tied the wire around Grey-Boy's leg to have control of our county. Grey-Boy kept running after he was hobbled; let's not lose this election because we know they have everything except the votes. P. V. TURNER.

Rhodes-Day Furniture Co. Corner C and 9th Sts. — North Wilkesboro, N. C.

Carry On With F. D. R. Regardless of what you think of the present local organization and their methods of running the Democratic Party, get your neighbors and go to the polls early and vote for Franklin D. Roosevelt for another term as President of the United States. You know what he has done for the American people and humanity. Why try an inexperienced man when you can vote for one who has been tried and found TRUE? (Political advertising paid for by Floyd C. (Tom) Forester)
