

Dead Man's Vote Is Ruled Valid
 Mont. Minn., Nov. 5.—A dead man's vote will be counted by election officials in this county tonight.

Robert George Reynolds, 43, Manyata farm hand, voted on absentee voter's ballot before submitting to an operation in a hospital here. He died this forenoon from gangrene.

The ballot had been forwarded by the county auditor to the Manyata township election board where, officials have ruled, it will be counted, since Reynolds was alive at the time it was delivered.

Yancey county farmers are displaying a considerable amount of interest in the use of lime and phosphate obtained through the AAA grant-of-aid plan, says Farm Agent R. H. Crouse.

More Numbers In Draft Board Area

Following are registration numbers for men whose cards have been sent to local draft board area number two in Wilkes county and which were not received and numbered in time for the list published recently:

2627—Major William Bell
 2628—William Hale Jones

Hocutt Tells Of Traffic Hazards

A spurt this fall in deaths and injuries arising from collisions between motor vehicles and animal-drawn vehicles on North Carolina streets and highways has prompted Ronald Hocutt, director of the Highway Safety Division, to set forth some safety suggestions for drivers of wagons and carts.

Hocutt said 13 persons were killed and 76 injured in the state last year in collisions between motor vehicles and animal-drawn wagons and carts, and that several such accidents have occurred in the past few weeks.

"The farmer riding along the highway in his wagon or cart doesn't stand much chance when an automobile or truck hits him," said Hocutt. "In many cases he is killed outright, and in practically every such accident the person or persons riding in the horse cart suffer injuries of some description. About the least he can expect is that his wagon or cart be badly smashed up and his horse or mule killed or crippled.

"For these reasons, persons who drive animal-drawn vehicles on the highways of North Carolina should take every step possible to protect themselves from the awful results of a collision with a motor vehicle."

Some safety suggestions Hocutt listed for drivers of wagons and carts are:

Don't drive on paved highways except when absolutely necessary, and then stay far over to the right, on the shoulder when possible. Carry a fairly bright light when on the road between dusk and dawn, as required by State law. If you have to turn into a road or lane to your left, look both ways and be sure you have plenty of time to get across safely before you start to run. Don't drive out of a side road, path or lane into a highway without first looking to see that the way is clear. When a car approaches from either direction, give it all the room you can.

"It's better to yield some of your rights and give the motorist or truck driver more of the road than you think he is entitled to than it is to stick doggedly to your course and get yourself involved in a serious if not fatal accident," Director Hocutt declared.

A carload of high grade Hereford cattle purchased in Virginia and Western North Carolina is expected to improve the beef cattle industry in Northampton county, reports Assistant Farm Agent H. G. Snipes.

"Gogoltha" The First and Only Talking Motion Picture Of The Passion Play

The Woman's Society of Christian Service of the North Wilkesboro Methodist church has arranged to show on Tuesday, November 26 in the North Wilkesboro school auditorium one of the most unusual talking motion pictures ever made. The title of the picture is "Gogoltha," and it is the first and only talking motion picture ever made of the famous Passion Play. This motion picture presents the immortal story of the crucifixion of Christ in a spectacular and impressive

Italy will observe the beginning of the nineteenth year under the rule of the Fascist party on October 28. Benito Mussolini, head of the party, is shown (left) as he appeared in 1922 after the famous march on Rome, and (right) as he looks today. The fasces, emblem of the Italian government, is shown in the center of the picture.

Tells Of Remedy Peach Tree Borer

The results of experiments conducted over the state within the past few years have proven Ethylene Dichloride Emulsion has a number of advantages over Paradichlorobenzene for the peach tree borer. Ethylene Dichloride emulsion is effective at low soil temperature and can, therefore, be used late in the fall and early in the spring, when it is too cold for Paradichlorobenzene to be effective. It appears to be safer on young trees and does not require the attention of mounding as does the other materials.

Di-Chlor Mulsion may be applied in the South at any convenient time during the Fall, Winter or Spring. Best results, however, will probably be obtained in the Fall at the end of the egg-laying period of the moths, when most of the borers are small.

If there are farmers who would like to have further information on the Peach Tree Borer and its control, call by the County Agents office for Bulletins.

ADMINISTRATRIX'S NOTICE

Having qualified as Administratrix of the estate of S. E. Whittington, late of Wilkes county, N. C., this is to notify all persons having claims against said estate to present them to the undersigned, whose address is Reddies River, N. C., duly verified, on or before the 31st day of October, 1941, or this notice will be plead in bar of their right to recover. All persons indebted to said estate will please make immediate settlement.

This 31st day of October, 1930.
 MRS. S. E. WHITTINGTON,

NOTICE OF SALE OF LAND

By virtue of the power of sale contained in a certain deed of trust executed on the 13th day of March, 1939, by James R. Pearson and wife, Nellie Pearson, to the undersigned Trustee, said deed of trust being to secure the payment of a certain note, which note is past due and unpaid, and request having been made upon me by the holder of said note, the undersigned Trustee will expose to sale at public auction at the courthouse door in Wilkesboro, North Carolina, on the 25th day of November, 1940, at twelve o'clock, noon, to the highest bidder for cash the following described tract of land, said sale being made to satisfy said note and deed of trust, and said land lying and being in Wilkes County, and more particularly described and defined as follows:

BEGINNING on a black gum, John Barnes' corner; thence running northeast to a dogwood on the Clinchquin Ridge; thence running a north course to Nancy Pearson's line; then west to Dula's line; thence with Dula's line to Law's line; then with the Laws line to Barnes' line; then with Barnes' line to the beginning, containing 100 acres, more or less.

This being the same land conveyed by deed from G. W. Earp to R. G. Earp, recorded in Book 19, Page 332, in the Register of Deeds' office of Wilkes County.

This the 25th day of Oct., 1940.
 ELEANOR SMOAK,

William W. Smoak Is Claimed By Death

Winston-Salem, November 6.—William Walker Smoak, for many years one of the best known business men in Northwestern North Carolina, passed away suddenly at his home, 707 West Fourth street, at 8:30 o'clock last night. He had been in declining health for the past five years, but apparently was in usual health until his sudden attack. He lived only a few minutes after he was stricken.

Mr. Smoak was born at the family home in Orangeburg county, South Carolina, the son of Frederick and Mary Smoak. His father was a distinguished States Army, who died in action near Charlottesville, Va., during the closing year of the war.

Mr. Smoak received his education at Porter's School, Charleston, S. C. He came to Winston-Salem in the eighties and was long identified with various business interests of Winston-Salem. In 1889 he was married to Miss Julia Roan, daughter of the late Dr. Preston Roan, one of the city's best known physicians, and Mrs. Ella E. Roan. She is his only immediate survivor.

Mr. Smoak was long a member and officer of First Presbyterian Church, first as a deacon and for many years as ruling elder. He was a devoted member of the J. M. Rogers Bible Class of the Sunday school. He was a

charter member of the Twin City and Forsyth country clubs.

He was a brother of the late D. E. Smoak, of Wilkesboro, and has many relatives here.

The U. S. Bureau of Agricultural Economics estimates that the 1941 farm income will be about \$9,000,000 and may reach the highest point since 1928.
