SUMMIT, May 13.—Many mother's hearts were made glad on their day, Sunday, May 11, by the many kind deeds, and gifts of their children while many hearts were saddened because they had no mother on which to bestow their kindness. We should all strive to honor our mothers while they are living, not only on Mother's Day, but at every opportunity, and if we have no mother of our own, we should try to make someone's heart glad. There are many aged persons, who are someone's mother, who would appreciate a kind word or deed any time; also many orphan children who must look to someone besides mother for kindness. Someone said: "Little deeds of kindness, little words of love. Make this earth an Eden. Like the Heaven above." How true this is. Take the love and kindness from the hearts of our people, and we have left, only hate and strife. If we sow seeds of kindness, we may expect to reap kindness in return, but if we sow seeds of hatred and strife we surely will reap just that, because God did not lie when he said: "Be not deceived, God is not mocked, for whatsoever a man soweth, that shall he also reap." (Gal. 6-7.) He also said: "Inasmuch as ye did it unto one of the least of these, my brethren, ye have done it unto me." (Matt. 25-40.) So let's not forget to be kind to one another, and by so doing we will be kind to Jesus.

O. M. Watson Writes On "Politics And School's"

Summit, N. C. Editor Journal-Patriot and Readers:

I was sincerely glad of the assurance of Governor Broughton that he would not tolerate politics in the schools of this state. And if he was sincere and really meant what he said, and I believe he did, he has a man's size job ahead of him, especially in Wilkes county. For our present school high ups in this county have injected petty politics into every school in the county. In May, 1933, I heard one of the members of our present school board tell a Democrat friend of mine that the Radicals, meaning Republicans, were going to fare hard in Wilkes county. He went on to say if Republican teachers were allowed to teach they would have to support the Democrat ticket. Time has shown that he meant what he said. That must have been about the time Prof. Eller was put in as superintendent for the mentioned giving Eller Prof. Wright's job. The most of us hold men like Adolf Hitler in scornful contempt and yet we have men that would be Hitlers in Wilkes county. They only lack two things and neither one is meanness. Talk about Democracy! The majority in Wilkes county are under legalized dictatorship. What say-so do the Republicans have in running the schools of this county? None. All they are requested to do is pay their taxes, send their children to Democrat teachers and when they meet up with the Big Four how the knees very low and kiss the hand that wields the rod. But when it comes to electing teachers or having any real say, none at all! Here in Jobs Cabin township, where at least two-thirds of the people are Republicans, we are not allowed one Republican school commit-tee man but have three Democrats

Back in the 17th century how long would our forefathers have tolerated such petty politics? There would be a school party right soon and not at Boston. But here in Wilkes we have been penalized, legislated and bulldozed, not to say robbed and robbed of our rights, until we have become weak in the spine. But here's hoping: His Honor, Governor Broughton, really meant what he said and will banish petty politics like we have in our schools to their proper place, and that would be the bottom basement of H— Yours hoping for a new deal in

our county schools. O. M. WATSON. P. S. Forgot to say what our would-be Hitlers lacked—Just brains and opportunity. CARD OF THANKS We wish to thank our many friends for the kindness and sympathy shown us during the illness and death of our dear husband and father, Oren W. Greene, and especially for the many flowers. MRS. OREN W. GREENE AND CHILDREN. Sale of a wife for \$2 is revealed by court records of Carteret county, North Carolina, of 1804.
