

### Eugene Trivette's Blue Ridge Home Brother Stricken Coming on Sunday

Funeral service was held in Winston-Salem today at Osburn Memorial church for S. A. Trivette, brother of Attorney Eugene Trivette, of this city.

The following account of his death was carried Wednesday in the Winston-Salem Journal:

Sylvanus Andrew Trivette, Sr., of Griffith street Montview, died at his home last night at 7:10 o'clock.

He had been in ill health for the past 11 years and in serious condition for the past three weeks. He was 58 years of age.

A native of Iredell county, where he spent his early life, Mr. Trivette came to Winston-Salem in 1927. He was a well known carpenter here and was a school teacher for several years while a resident of Iredell.

He was the son of A. W. and Delia Ann Crater Trivette and a brother of the late Dr. W. A. Trivette of Harmony, who died in 1938. He was a member of Osburn Memorial Church.

He was married on September 18, 1907 to Miss Betty Messick, who survives.

Other survivors include: two sons, H. G. Trivette of Winston-Salem and S. A. Trivette Jr., of Charlotte; five daughters, Mrs. Everett Horn of Mocksville, Mrs. V. W. Jarvis of Winston-Salem, Misses Elizabeth, Cleo and Mary Trivette, all of Winston-Salem; three grandchildren; three brothers, Eugene Trivette of North Wilkesboro, Dr. L. A. Trivette of Mooresville, and D. T. Trivette of Greensboro; four sisters, Mrs. J. N. Binkley and Mrs. Donald Moorefield of Harmony, Mrs. John Johnson and Mrs. Emma Sales of Union Grove.

### Rock Creek Annual Home Coming 10th

The annual home coming of Rock Creek Baptist church will be held August 10, 1941.

The morning worship will begin at 10 o'clock.

At 1:30 o'clock in the afternoon Dr. John W. Kincheloe, Jr., pastor of the First Baptist church of North Wilkesboro, will deliver a brief address.

The remainder of the program will consist of singing by all the visiting singers.

All singers have a special invitation to attend and take part in this singing.

At noon, a dinner will be spread picnic style, and all are asked to have baskets well filled with good eats to add to that enjoyable feature of the day.

Every one is cordially invited to attend.—Reported.

### Japs Suspend Steamship Lines To United States

Tokyo, Aug. 4.—All regular direct Japanese steamship service with the United States has been suspended, it was reliably reported today, and an all-out economic, industrial, political and social mobilization to counter United States and British pressure is likely to come next week.

Severance of steamship connections with the United States, for the time being, was reported completed when departure of the Nitta Maru, the Hikawa Maru and other vessels was postponed indefinitely.

The Japan Times and Advertiser, now under foreign office control, said that "wholesale invocation of the national (economic) mobilization law now is contemplated by the government for a complete re-organization of the political, economic, industrial and social structures, coping with the critical situation confronting the nation."

### France Not To Grant North African Bases To Axis, Reports Say

Vichy, Unoccupied France, Aug. 4.—Authorized sources indicated tonight that France would refuse to grant the axis military facilities in North Africa such as Japan got in Indo-China even if Vichy considered the North African territories menaced by attack.

This indication was contained in a statement to correspondents in answer to a statement by United States acting Secretary of State Sumner Welles Saturday that the United States attitude toward Vichy would be determined by "the effectiveness with which France defends its territories against the axis powers' aggression."

The Vichy statement reviewed difficulties in sending reinforcements to Indo-China which led Chief of State Marshal Petain to accept "Japanese military precautions" there and concluded by saying:

"The same situation is not found in any other part of what is left of the French empire and particularly in Africa."

### Annual Home Coming Service at Blue Ridge Church on the Blue Ridge Parkway near Beng will be held on Sunday, August 10.

In the morning will be a program by the Bible school and a feature of the afternoon will be an address by Attorney A. H. Casey, of North Wilkesboro. A pleasant occasion is anticipated and all are invited to attend.

### Carl Story Group Will Present Show At The Courthouse

Carl Story and his Rambling Mountaineers, radio stars of station WHKY in Hickory, will present a show at the courthouse on Friday, August 8, 7:30 p. m., at the courthouse in Wilkesboro.

The show, which will include acts by Uncle Dud, Half Pint, Slim, Curley and Happy, will be sponsored by Wilkesboro fire department and all are invited to attend. Admission charges will be 15¢ and 25 cents.

### Adventure Hit To Open Soon

"Adventure in Washington," a new exciting adventure story starring Herbert Marshall and Virginia Bruce, opens Monday at the Allen Theatre. Gene Reynolds, new young star, heads the supporting cast, which also includes Samuel S. Hinds and Ralph Morgan. Alfred E. Green directed for Columbia.

### Biggest Y D C Convention Planned

Winston-Salem.—The largest convention ever held by Young Democrats of North Carolina, and perhaps in the United States, according to the prediction of YDC President, Ralph Gardner, is to be held in Winston-Salem, September 18, 19 and 20.

Realizing that hundreds of members are facing service in the army, the Winston-Salem Club, host to the State Convention, is planning a stream-lined convention. There will be a minimum of oratory, a maximum of entertainment and relaxation.

General Chairman Bill Davis today announced that the highlight of the convention will be a picnic and dance given the delegates by Mayor Dick Reynolds, who also is National Treasurer of the Democratic party.

Held at Reynolds Park, which the Reynolds family gave to Winston-Salem, this party will include a dance by a nationally known "name band." The convention committee estimates that this party alone will cost the host around \$10,000. The band later will play for a dance on the roof garden of the Robert E. Lee.

For the park party, the large municipal amusement area will be turned over all day entirely to Young Democrats. They will be given a magnificent swimming pool, a golf course, bowling alleys, ferris wheels, merry-go-rounds, a skating rink, picnic areas, driving range, and all other facilities. For that one day, the city's new park will be reserved exclusively for Young Democrats.

### How "The Old Oaken Bucket" Was Written

On a hot day in 1817 Samuel Woodworth left the office in New York City where he was employed as a printer and entered a saloon nearby. While at the bar drinking brandy, he called to an acquaintance:

"There is no better drink than this in the world."

"Yes, there is," rejoined the other.

"What is it?" asked Woodworth.

"A draught from the old oaken bucket that hung in the well at home," was the answer.

Woodworth made no reply, but finishing his drink he hurried back to his office. For two hours he worked steadily and then called in the man with whom he had talked in the saloon. He read a loud the lines, later set to music by George Kallimark.

Thus a chance remark over a bumper of brandy and a strange sort of genius brought into being "The Old Oaken Bucket." The song was Woodworth's only worth-while accomplishment. Various attempts to found newspapers and magazines failed, and he remained a "tramp printer" until his death in 1842.—The Progressive Farmer.

### FROM BARBER TO BARBARIAN

It's Charlie Chaplin, playing sharply contrasting roles—first a pathetic little ghetto barber, then a bombastic, bomb-exploding dictator in "The Great Dictator," his latest and greatest three-ring-circus comedy showing the Liberty Theatre.

### Railway Unions To Take Ballot

Chicago.—Representatives of 19 railroad labor organizations decided late yesterday to take immediate strike votes among approximately 1,200,000 members after the carriers had rejected their demands for higher wages.

Union spokesmen reported that the ballots would be sent out at once and predicted that the results would be known in a week.

Leaders of the two groups of unions and the 14 nonoperating brotherhoods—the five operating unions—stated that they would not ask the National Railway Mediation Board to intervene but added that they would accept the board's services if it elected to step into the dispute.

Earlier in the day, representatives of 125 rail lines, embracing 99.1 per cent of the nation's mileage, informed the labor leaders that they were unable to meet requests for pay hikes which the owners calculated would add \$900,000,000 a year to their operating expenses.

The operating unions announced they would poll their members on what action they wanted to take on the pay increases they seek and the changes in working rules proposed by the railroads.

### Lespedeza Seed Must Be Clean

Raleigh, Aug. 4.—D. S. Coltrane, assistant to the Commissioner of Agriculture, today issued a warning to North Carolina lespedeza growers urging that they "take immediate steps" to rid their fields of dodder, "a noxious weed," in order to obtain maximum value for their 1941 seed crop.

"Every possible measure should be taken to eradicate this costly weed in the lespedeza fields of North Carolina," he emphasized, explaining that new "regulations approved by the State Board of Agriculture prohibit sale of lespedeza seed containing more than 2,500 dodder per pound and further provide that seed sold containing more than 500 dodder per pound must be labeled with a red tag."

Previously the Board permitted the sale of lespedeza containing 5,000 dodder per pound and allowed sales of lespedeza to be made containing as many as 1,000 dodder per pound without being labeled with a red tag. Thus the new regulations reduce tolerances by 50 per cent.

"North Carolina has an excellent opportunity to build a national reputation for quality lespedeza seed and the reduction of dodder tolerances allowed will enable farmers to continue a good reputation and build a better one," Coltrane asserted.

"Some farmers have been selling their neighbors and others uncleaned or poorly cleaned seed containing a high content of dodder and weed seed. It has reached the point, in many instances, where seed were not satisfactory for seeding purposes and ample regulations had to be adopted that were agronomically and economically sound."

### CARD OF THANKS

We wish to thank our friends and neighbors for the loving kindness and sympathy shown us during the illness and death of our dear wife and mother. J. M. WYATT ANND CHILDREN.

### Civil Service Wants Skilled Workmen

The need for office machine operators under the defense program has increased steadily. A new examination for under mimeograph operator has just been announced by the Civil Service Commission, for appointment in Washington, D. C., only. The positions pay \$1,260 a year. Applicants will be rated on their experience, and no written test will be given. They are required to show that they have had paid experience in the operation of electrically driven automatic paper-feed mimeograph machines. While applications will be accepted until further notice at the Commission's Washington office, persons who can qualify are urged to file their applications at once.

The Commission also announced an examination for Junior Engineer at \$2,000 a year, the optional branches being aeronautical engineering, naval architecture and marine engineering. Applicants may qualify if they have completed a professional engineering course at a college or university of recognized standing with major study in the optional branch chosen. The general requirements for the naval architecture and marine engineering option have been modified to allow graduates from a college curriculum in architecture to apply if they have had special study or experience in naval architecture or marine engineering. This same provision applies to graduates from general engineering courses. Applicants for the aeronautical option may qualify if they have had a general 4-year engineering course supplemented by either study or experience in aeronautical engineering. Provision has also been made for the utilization of defense training courses in marine or aeronautical engineering or naval architecture. For this examination applications will be rated as soon as practicable after receipt at the Commission's office until June 30, 1942.

Full information as to the requirements for these examinations, and application forms, may be obtained from Secretary of the Board of U. S. Civil Service Examiners, at the post office in this city, or from the Secretary of the Board of U. S. Civil Service Examiners, at any first- or second-class post office.

### Revival Services At Pleasant Home

Revival services will begin on Sunday, August 10, 7:30 p. m., at Pleasant Home Baptist church. Rev. Atwell Watts, pastor, will be assisted by Rev. N. C. Teague. All are invited to the services.

### Camera Is Used To Get Evidence On Nudist Group

Los Angeles.—Detective Lieut. D. J. McCoy said yesterday police used a movie camera with a telescopic lens to obtain evidence for the arrest of Mrs. L. D. Glassey 40, on charge of violating the anti-nudist ordinance.

The movie showed, McCoy said 40 or 50 persons rolling in the nude on the terrace and at the swimming pool of El Rancho Glassey.

Mrs. Glassey, the officer said, at first insisted upon being taken to jail clad only in brief shorts, but her followers dissuaded her.

The defendant, who will be arraigned today, has appealed from a previous conviction.

### Marines and Army Invade N. C. Coast

Jacksonville, N. C., Aug. 5.—A couple of parachutists landed in a big tree in Mrs. Minnie Hurst's yard yesterday. Some of their buddies reached their objectives and with automatic rifles guarded all roads. Big tanks lumbered across pontoon bridges over the inland waterway. Huge transports landed men from 20 miles at sea.

The army and marine corps had begun their unannounced tactical operations, designed to prove their ability to land men and heavy weapons and take foothold on shore. Farmers and fishermen in sleepy Onslow county agreed that the armed forces of Uncle Sam looked pretty good.

High officers of the army and marine corps stayed on the big ships. They were not identified. Nor was the number of participating troops given, but those who saw the operations said there were several thousand.

### K. OF P. MEETING ON MONDAY NIGHT

A meeting of the North Wilkesboro K. of P. Lodge No. 67 will meet Monday evening at 8 o'clock at the lodge hall. All members are urged to be present. There will be work in the second degree, Paul Osborne, chancellor commander of the lodge, states.

### RESOLUTIONS

We, the Baptist church at Oak Ridge, pass the following resolutions in memory of Eld. D. C. Clanton, our Ex-Pastor who departed this life on July 18, 1941.

Resolve, 1st.—That in the death of Brother Clanton we have not only lost a friend and brother but a true Disciple in the work of the Master and his cause; that during the three years as pastor of Oak Ridge church he was a great factor in bringing about a better relationship in the church and in the entire community;

Second.—That we humbly bow our heads in submission to Him who does all things well, and extend to the bereaved family sympathies in this sad hour, praying that God's protecting hand of love may ever keep them;

Third.—That a copy of these resolutions be spread on our minutes; a copy be sent to the family, and a copy be sent to the county papers for publication.

By Order of Oak Ridge Church. C. W. Wiles, Clerk.

### Timothy's Marble Leads Him Chase, Not At All Merry

Kansas City.—Timothy Moore, aged one, dropped his marble down the cold air shaft of the family furnace.

That didn't discourage Timothy. He pulled loose the grating and scooted nine feet down into the base of the furnace.

That did discourage Timothy. He screamed. His mother, Mrs. Hubert T. Moore, called firemen, who dug a sooty and tear-stained, but unhurt, Timothy from the grimy shaft.

### Axis Planes Raid Suez Canal Area, Kill 90 Persons

Cairo.—A heavy axis air raid on the Suez Canal and the Nile delta Monday night killed 90 persons, injuring 106 and caused property damage near the waterway, the Egyptian ministry of interior announced yesterday.

The raid on the strategic canal came as British patrols operating from beleaguered Tobruk in Libya carried out further "aggressive activities" against axis forces surrounding the port.
