Rock Creek—George Talmadge Harris.

Traphill—Mrs. Corinna B. Adams.

Ronda—Mrs. Juanita M. Graves.

A HEARTY WELCOME

To Every Member of the

Carolina Moose Association

Gives Hints to Buyers of Used Automobiles

With the used car market booming as more people purchase cars due to better times and the possible effect of curtailed production of new vehicles, J. C. McDiarmid, Branch Manager of the Carolina Motor Club's local branch office advised motorists to check carefully the used automobiles they buy, particularly older models.

"The safe way to buy a used car," he continued, "is through an established dealer. No car should be bought without a 'road test.' It is also important to read carefully the contract if the car is being purchased on an installment basis."

The A.A.A. club executive listed the following "danger signals" in used car buying:

Hood that won't fit may be due to accident that has sprung the frame of the car.

Tires on front wheels badly cupped indicate wheels out of line.

Lights go dim when starter is used indicate battery in bad condition.

Engine clattery when first started indicates sloppy pistons.

Inability to idle in high gear under 10 miles an hour indicates uneven compression in engine or need of tune-up.

Puff of smoke from exhaust when accelerating after long idle indicates worn piston rings, pistons and cylinders.

Tires regrooved into the cords indicate danger and expense ahead.

ANNOUNCEMENT

I am adding to the stock of the Roaring River Hardware Co., a fresh line of . . .

GROCERIES and FEEDSTUFF

Which I am going to sell at **LOWEST CASH PRICES**. This new stock will be offered to the public on . . .

Saturday, August 30th

Your Patronage Will Be Appreciated
