Methodists Have
- District Meeting
At West Jefferson

More than 200 delegates and ministers attended the annual district conference of the Methodist church Tuesday at West Jefferson Methodist church. Rev. A. C. Gibbs, district superin- tendent, presided.

Rev. Robert Hedges, of Mock- ville, preached the opening ser- mon, and Rev. A. C. Wagoner, of North Wilkesboro, the confer- ence sermon.

Reports of various causes were heard as well as inspiring reports from the ministers of the 10 charges of the district.

The laymen's hour followed the luncheon served in the recreation room of the church. W. M. Allen, of Elkin, delivered the address to the laymen.

In addition to Rev. Mr. Gibbs, two other district superinten- dents, Dr. Charles Weaver, of Winston-Salem, and Rev. Joseph Hiatt, of Statesville, were present. O. V. Woosley, of Winston-Salem, was present in the interest of the children's home.

From North Wilkesboro Meth- odist church those attending were Rev. A. C. Wagoner, J. B. Car- ter, Miss Pansy Ferguson, Mrs. Dexter Chadwick, who sang a so- lo with Mrs. Grady Church as ac- companist. From Wilkesboro the representatives were Dr. J. C. Stokes, Mr. and Mrs. J. B. Hen- derson, Mrs. B. S. Call, Mrs. N. B. Smithey, Mrs. C. H. Hulcher, and F. J. McDuffie, who made a talk before the laymen's meeting. Rev. J. M. Green, pastor of the Moravian Falls charge, and Rev. J. L. A. Bumgarner, pastor of the Millers Creek charge, attended the conference.

Stone Mountain
S. S. Convention

Stone Mountain Sunday school convention will convene with Southern Baptist church on Satur- day and Sunday, May 13 and 14. The convention will open at 10 a. m. on Saturday with song service and devotional conducted by Rev. Grant Cothren. Reports will be the first item of business, followed by a sermon by Rev. A. B. Hayes. Organization will con- clude the morning session.

After lunch the subject of "The task of the church in building and maintaining a model or A1 Sunday school to meet the condi- tions of a new world order" will

next order for discussion will be "How may our Sunday school be prepared to meet the new or- der of the world events in the re- construction of world conditions?" Mrs. V. W. Latham and Mrs. H. V. Hix will lead that discussion.

The Sunday morning program beginning at ten o'clock will be devoted to the Sunday school lesson, a discussion by V. W. Latham and a sermon by Rev. Grant Cothren.

The 29 pounds of pig-iron which go into the manufacture of an electrically driven domestic sewing machine would make enough steel for a .30 cal. machine gun while two such sewing machines would yield enough bakelite to make the instrument panel for an army flying plane.

NOTICE

The Board of Education of Wilkes County will receive sealed bids for the transportation of school children for the school year 1942-43 in the Board of Education Office in Wilkesboro until Noon, Friday, May 15th.

Description of routes and bid blanks may be had at the Board of Education Office on request. The Board reserves the right to reject any or all bids.

SIGNED:
C. B. ELLER,
Superintendent Wilkes County Schools

Mrs. T. G. Davis attended church at White Plains and visited her brother, Mr. and Mrs. Hill Earp of Hiddenite, Saturday and Sunday.

IN YADKIN TODAY—
Begin Survey
On Lime Mine

Elkin—The survey to deter- mine the advisability of operat- ing the state-owned Yadkin county lime mine at Lime Rock, will begin today (Thursday) it has been announced by Ben L. Prince, chairman of the State Highway and Public Works Commission, following a conference of the local committee, with state officials in Raleigh Monday.

Dr. A. F. Greaves-Walker, of State College, who has been selected to do the work, accompanied by Mr. Prince, will start the survey at the mine today, which will require two or three days. The purpose of this will be to deter- mine the advisability of operating the mine. Dr. Greaves-Walker having been selected by the high- way commission and the local committee to do the work.

The local committee, composed of W. M. Allen, Elkin attorney; J. W. L. Benson, plant engineer of Chatham Manufacturing com- pany, and H. F. Laffoon, publish- er of The Tribune, were in Ral- eigh Monday in the interest of getting the survey started, and were advised by Mr. Prince that work would start today. The highway chairman also stated that if Dr. Greaves-Walker's re- port was favorable, equipment would be installed at once and mining operations started almost immediately.

The committee also called on Governor Broughton while in the state capitol, and he stated that he was more in favor of oper- ating the mine than ever, if it was found that lime could be produced there at a price which would be a saving to the farmers of this section, since the present emergency had caused a consid- erable supply of men and equip- ment which was heretofore em- ployed on the highways, to be available for work of this type.

It was pointed out to the officials by the committee that lack of tires and gasoline made it more necessary than before that the mine be opened if at all possible, because of the acute trans- portation problem, as this would

John Joines' Cash
Store Now Open

Mr. John Joines, who, for many years, was engaged in the produce business here, has opened a new store on Forester Avenue which he is operating under the name of "John Joines' Cash Store". Wholesale and retail groceries, flours, and feeds are sold at the lowest market prices. Mr. Joines asks his friends to look for the store with the "red front" when trading on Forester's Avenue, and he will appreciate the patronage of his many friends in this section.

CARD OF THANKS

We use this means to express appreciation for the kindness and sympathy shown during the illness, death and funeral of our wife and mother.

L. W. FELTS AND FAMILY

enable several counties in this immediate section to have the lime almost at their door and should be a large saving in transportation to the farmer.

Dr. Jasper L. Stuckey, state geologist, informed the committee that he believed the lime to be of agricultural quality, and that while he of course could not give an accurate estimate as to the amount the mine contains, he believed that there are at least one million tons of agricultural lime in the deposit, and that about fifty thousand tons could be obtained from the face of the deposit with very little effort.

Chairman Prince and Dr. Greaves-Walker are expected to be guests of the Elkin Kiwanis club at its weekly dinner meeting this evening at Hotel Elkin.
