**IN CALIFORNIA—
Donald Story
Aviation Cadet**

Santa Ana, Calif.—Taking the first step toward winning his wings as a pilot, navigator or bombardier, Donald D. Story, son of Mr. and Mrs. T. E. Story, of Wilkesboro, North Carolina, has become an Aviation Cadet at the Air Force Replacement Training Center, according to army officials here.

During his stay at the replacement center, Cadet Story will undergo various physical and aptitude tests designed to demonstrate the specific branch of the Air Force for which he is best suited.

Also included in the Aviation Cadet program are "refresher" courses in subjects that Story will encounter as he "wings" his way toward a 2nd lieutenant's commission.

Directing the A.F.R.T.C. flying program that draws future Air Force personnel from 11 western states is Col. W. A. Robertson, commanding officer of the post.

Cadet Story is now in training at Ryan Field, Hemet, California.

**Care In Milking
Means Full Pails**

Along with other things, good milking is a factor not to be overlooked by North Carolina dairymen in attaining their 1942 milk goal, explains John A. Arey, Extension dairy specialist of N. C. State College.

For instance, he says, many low herd averages and individual cow records can be attributed to careless, inefficient milking. The dairy cow has a sensitive, nervous system which reacts quickly to adverse conditions such as irregular milking, rough handling, slow incomplete milking, and sudden changes of almost any kind.

A practical application of the following rules will result in a substantial increase in the 1942 milk production in this state:

Milking at the same hour with very few minutes variation is of vital importance for full and complete production.

The order of milking cows in the barn should be mapped out carefully. Cows that "let their milk down" first should be milked first.

When the milking is begun, it must progress rapidly to completion. Four to not more than seven minutes can be occupied in the milking process. Slow milking results in decreased production. When the milking is completed or if the cow stops secreting, it is time to stop milking. Too much stripping or prolonged manipulation develops "strikers."

The temperament of the milker and the handler of the cows is important. Fear, suspicion, and excitement should not be aroused.

Nothing should appear in the barn before or during milking to detract the cow's attention. Rough milking should be avoided.

It is of vital importance that nothing be done that stimulates milk "let down" any considerable time in advance of milking.

Health champions of individual clubs in Polk county have already been selected, according to J. A. Wilson, farm agent of the N. C. State College Extension Service.

Ashe county's 4-H Clubs are 100 percent behind the 4-H mobilization-for-victory program, reports R. H. Crouse, farm agent of the N. C. State College Extension Service.

"LITTLE CAESAR" AT IT AGAIN!

"TAKE IT EASY, BOYS." Edward G. Robinson tells a couple of his fellow gangsters in this scene from Warner Bros.' newest comedy, "Larceny, Inc.," which opens Monday at the Allen Theatre. Robinson plays a role of fellow who wants to go straight, but his two 'pals' don't seem to agree with him.

**Growing Sorghum
For Syrup Making**

By J. B. SNIPES, County Agent
Our farmers will perhaps want to grow more sorghum this year than usual since sugar is being rationed.

The land for growing sorghum should be prepared the same as that for corn. The land should be manured well with barnyard manure if available. If not available, 400 lbs. of 4-10-4 commercial fertilizer should be used per acre. Two varieties recommended for this section are Amber and the Orange and should be seeded in May. Six pounds of seed will be sufficient to seed an acre

NOTICE OF SALE
Under and by virtue of an order of the superior court of Wilkes County, made in the special proceedings entitled Johnson Sanders, Administrator, of Lela Ingool Shumaker, deceased et al, vs. Noah F. Glass, et al, the same being No. — upon the special proceeding docket of said court, the undersigned commissioner will, on the 30th day of May, 1942, at 12 o'clock A. M., at the Court House door in Wilkesboro, N. C., offer for sale to the highest bidder for cash that certain tract of land lying and being in North Wilkesboro Township, Wilkes County, North Carolina, and more particularly described as follows, to wit:

Lot No. 6, in block No. 60 as shown on Trogdon's map of the town of North Wilkesboro. For better description see deed from Henry Reynolds and wife to Lela May Ingool. Dated 24th day of December, 1929. Recorded in the office of the Register of deeds of Wilkes County in Book 158 at page 281.

This lot is at the corner of 3rd and K streets and has on it a four room house.

This 30th day of April, 1942.
T. E. STORY,
Commissioner

NOTICE OF SALE OF LAND
North Carolina, Wilkes County.
Under and by virtue of authority vested in the undersigned commissioner by a judgment of the Superior Court in a special proceeding entitled C. C. Alexander, Administrator of the Estate of J. M. Poplin, deceased, and others vs. Bruce Poplin, and others;

I will offer for sale to the highest bidder for cash at public auction at the courthouse door in Wilkesboro, N. C. on the 15th day of June, 1942, at the hour of 12 o'clock, noon, the hereinafter described lands:

FIRST TRACT: Beginning at a stone, Carr Wood's Southeast corner on the East bank of Ridge Road in M. F. Blackburn's line, running North 18 degrees East with road and Carr Wood's line 16 poles; thence North 3 degrees East with said line and road 18 poles to a stone, Carr Wood's corner; thence North 81 degrees East with ridge road 14 poles to a pine, Marshall Wood's and Mary Parks' corner; thence East with Mary Parks' line 16 poles to red oak stump on Northwest side of Ridge Road; thence North 14 poles to Mary Parks' line; thence East with said line crossing old stone and 31 1/2 poles to sourwood stump; thence South to and with the Weaver Poplin 52 poles to his corner in the Henry Harris old line; thence West 5 to M. F. Blackburn Northeast corner, still west with said Blackburn line 60 poles to the beginning. Containing fifteen acres, more or less.

SECOND TRACT: Beginning at a stake in the old line in the old run of Whitley's creek, and runs with the old line crossing the creek North 2 1/2 degrees East 17 20-110 chains to a stake, South 87 1/2 degrees East 8.90 chains to a stake in a small branch in W. F. Alexander's line near a sourwood, down the branch as it meanders Southwardly with said Alexander's line 10.95 chains to the mouth of the branch at Whitley's creek, down the creek as it meanders 12.73 chains to the beginning. Containing 14 3-4 acres, more or less.

THIRD TRACT: Containing 10 acres, more or less, and being the lands purchased from William Dowell and wife. See book 137 at page 354, for a full description. Also see deed from J. F. Hendren, Trustee, to J. M. Poplin, recorded in book 144 page 76.

This 12th day of May, 1942.
KYLE HAYES,
Commissioner

**Purlear Briefs
Of Past Week**

In celebration of Mother's Day much visiting was noted.

Mr. and Mrs. T. G. Miller and family of Jefferson, Miss Doris Nichols of Winston-Salem, Mr. Will Adams and Mr. Lewis Adams were the guests of Rev. and Mrs. J. T. Nichols Sunday.

Mrs. T. A. Bishop of Patterson, Mrs. Dudley Nelson of Lenoir and Mr. R. G. Bishop of Highgate were the guests of Miss M. E. and M. V. Nichols Sunday.

Mr. and Mrs. Orden Miller were visitors in the home of Mrs. W. B. Hays Sunday.

Rev. F. C. Watts filled his regular appointment at Purlear church Sunday.

Our people seem to be taking advantage of gas rationing as increased traffic was noticed the week-end.

Our people are very desirous to see rain, as it is very dry and many acres of land are yet to be broken for crops.

The war of course is absorbing the minds of our people, however there is an optimistic feeling among them.

Mr. J. E. Nichols and family visited friends in Winston-Salem the week-end.

**War Spending
Jumps Upward**

Washington.—Daily war spending in April was almost double that of the month before Pearl Harbor, war production Director Nelson reported and more than four times greater than the daily rate of spending of April last year.

Nelson said Americans could "draw much satisfaction" from the report because it meant a "mighty mobilization of materials, machines and manpower is proceeding at a rapid pace." Nelson added that now we must strive to increase the daily rate of expenditure greatly.

**Navy Still Needs
Skilled Workers**

The Salisbury Navy Recruiting Station has been ordered to continue to accept skilled workers 17 to 50 years of age for Navy Construction corps. Ratings are open up to Chief Petty Officers, but ratings are awarded on the basis of the applicant's experience and degree of skill. Rates of pay run up to \$116.00, in addition to the amount accepted are given free subsistence and travel.

In addition the Navy needs an unlimited number of men 17 to 36 years of age for training in various Navy trade schools. High school graduates are offered exceptional opportunities either to take aviation cadet training and become commissioned officers in aviation, or aviation mechanical schooling and become petty officers in Navy aviation. Aviation men get 50 per cent extra pay. Anyone interested may have full information by contacting Navy Recruiting Station, Post Office Building, Salisbury, N. C.
