RATION NEWS—

Canning Sugar Registration 3 Days Next Week

Registration Will Be All Day In Order To Accommodate The People

Three full days next week have been designated by Wilkes rationing boards to register people on applications for canning sugar.

With limited volunteer help, the boards have been having registrations three afternoons weekly for the past two weeks but have not been able to register all who have appeared for registration.

All Day and Three Days
On Monday, Tuesday and Thursday next week registration will be from nine a. m. until noon and from one to five p. m. at Wilkesboro school for board 1 area, North Wilkesboro town hall for board two area and Lincoln Heights school for colored.

Both boards need more volunteers to help in the registration. During the past few days hundreds have been unable to register because there was not enough persons to do the work of registering.

The boards also call attention to re-registration of institutional and industrial users of sugar from June 20 to July 5. Applications will be made for allotments for July and August, using the corresponding months of 1941 as a basis. Percentage allotments will be usable immediately. The registration will be at rationing board offices.

Value Stamps Doubled
Boards point out that ration stamp number 5 valid between June 23 and July 25 will be good for purchase of two pounds of sugar. Stamp 6 will be valid between July 26 and August 22 for purchase of the same amount. Although the value of the stamp is doubled, the time is also doubled, making the ration remain at half-pound weekly for each person.

MANY ATTEND— Revival Closes At Methodist

Many Added To Church As Result Of Successful Series of Services

A very successful series of revival services closed Wednesday night at the First Methodist church here.

During the ten-day revival the church was filled at every service and forceful sermons were delivered by Rev. Paul Hardin, Jr., pastor of the First Methodist church in Asheboro, who was guest minister.

As a result of the revival, eight were added to the church Sunday and 13 others are expected to be added next Sunday. The revival was considered by church leaders as one of the most successful ever held at the church.

The pastor, Rev. A. C. Waggoner, said splendid cooperation was received from other churches of the city.

The vacation Bible school at the church will close on Friday evening with a picnic for the entire church school at Moore's Mill. Those going to the picnic will leave the church at 5:30.

NEWEST LOCAL INDUSTRY—

THE MODEL UPHOLSTERY CO.

Model Upholstery company, a comparatively new local industry, has moved into the spacious factory building shown above, which is located just north of this city on highway 18. Arvil Phifer is head of the firm, which makes upholstered furniture. (Photo by Dwight Nichols)

AS END OF CAMPAIGN NEARS—

Scrap Rubber Coming In Fast

Average Of 5 Pounds For All People Is Asked

Price One Cent Pound Or Donate That Amount To Relief Societies

Men, women and children here become active in the scrap rubber collection drive in Wilkes county this week and the amount of scrap being collected is coming up to expectations for the county.

W. J. Bason, who reported Saturday night to the petroleum war council in Washington that 47,000 pounds were received by service stations last week, said today that scrap rubber is coming in much faster this week than last and that the county will stand high in the amount collected if the present pace is kept up until the end of the current campaign on June 30.

This week there has been an increase in the amount of rubber donated. Service stations are paying one cent per pound for any kind of scrap rubber and when rubber is donated the amount is turned over for equal division between the USO, Red Cross, Army Relief and Navy Relief organizations.

Last week the scrap collection activities were confined mainly to work by children and farmers who turned in rubber articles ranging in size from baby pants and shoe heels to big truck tires.

This week practically everybody has joined in.

It is asked that an average of five pounds per person be turned in during the drive, which would mean over 200,000 pounds for Wilkes' population of some 43,000 people. While some may have only a few ounces, others may be able to turn in hundreds of pounds, thus keeping the average up.

Patriotic appeals are made for everybody to make a thorough search for scrap rubber of any kind and carry it to the service station.

Ready For Wings

Archie Tomlinson, son of Mr. and Mrs. S. V. Tomlinson, of this city, will soon receive his wings and commission in the army air force at Stockton Field, California.

IN CALIFORNIA—

Archie Tomlinson Soon To Get Wings

Is Member Of Student Officers and Aviation Cadet Class At Stockton Field

Archie B. Tomlinson, son of Mr. and Mrs. S. V. Tomlinson, of North Wilkesboro, is a member of a class of Student Officers and Aviation Cadets to be graduated soon from the Air Force Advanced Flying School at Stockton Field, California.

The graduates will be commissioned as second lieutenants in the Air Corps Reserve and will be given the coveted silver wings, symbolic of the aeronautical rating of Pilot. They will be placed on active duty in their new rank.

Nazis Advance In Egypt And Russia

Germans Advance In Egypt Sector

Radio dispatches from London today advised that Nazi forces under Field Marshal Rommel in North Africa had penetrated into Egypt a distance of about 50 miles. Tobruk, British stronghold in Libya, was taken by the Nazis Sunday.

Germany Masses Troops In East

Bern, Switzerland. — Germany does not believe there is a "real danger of a second front in Western Europe" and axis armies are preparing for the greatest mass effort on both the African and Eastern fronts since the attacks

on Russia a year ago, neutral advisers from Berlin reported yesterday.

Berlin military spokesman, who a few weeks ago spoke in terms of limited battles like those of Kerch and Kharkov, now talk of an attack on the widest scope by all forces, it was said.

German Bombers Attack England

German bombers struck at four west midland sections of England early today (Thursday) for the first time in more than a year and a lone plane touched off London's anti-aircraft guns for ten minutes.

The extent of the damage in the midlands was not disclosed immediately.

It was believed the plane sighted over London might have been a reconnaissance plane. If this is true, it may mean that Germany is considering resumption of raids on the capital.

Japs Advance On China Towns

The Japanese today (Thursday) appeared to be closing in on Lishui, last major Chinese-held airfield in the Shanghai-Hankow-Canton triangle, and it was probable that the strategic base of the United Nations—within 700 miles of the largest airfield in Southwest Japan, at Fukuoka, would fall to the enemy during the week-end.

The two other fields in the great triangle of Southeast China whence the Japanese are attempting to expel all Generalissimo Chiang Kai Shek's organized forces, already has been captured. They are at Chushien and Tushan.

Germans Advance On Russian Front

Moscow, Thursday, June 25.—The German command, with a prodigious disregard of men and using tanks by the many hundreds, pressed its attacks against Russian legions along the highly strategic Kharkov front all day Wednesday for the third consecutive day, the Russians announced early today, driving a wedge in at least one Soviet sector.

AS LATEST NEWS STANDS TODAY—

New Gas Rationing Plan To Go Into Effect 22nd

Tell Places And Registrars For Wilkes County

"A" Coupon Books Will Be Given Out At Schools; Others By Boards

Wilkes rationing boards have announced schools and administrative registrars for the gasoline rationing registration on July 9, 10 and 11.

"A" coupon books will be given out at the registration places upon presentation of registration card by motorists. Other types will be given out upon application to the rationing boards.

The following schools and administrators will be used for places of registration for the permanent Gasoline Rationing program:

- Wilkes Board 1
Wilkesboro, W. T. Long.
Boomer, Miss Eva German.
Ferguson, Mrs. Vera J. West.
Moravian Falls, Vaughn E. Jennings.

- Miller's Creek, Mrs. Valeria B. Foster.
- Cricket, Mrs. Lucille P. Forester.
- Clintman, J. R. Calloway.
Lincoln Heights, J. R. Edelin.

FOR NEXT PERIOD—

Alley Judge For Superior Court

Judge Felix E. Alley, of Waynesville, will preside over courts of the 17th judicial district, which includes Wilkes, during the last half of 1942.

The first court in Wilkes during the latter half of the calendar year will convene on Monday August 10, and will be for the trial of criminal cases.

AT END OF FISCAL YEAR—

Activities Of Lions Club Are Reviewed

Projects Listed In Yearly Report

Score Of Activities Listed In Annual Report By Secretary Of Club

North Wilkesboro Lions Club is closing a most successful year, as shown by the report of Paul Cashion, secretary, at the last meeting.

The club began the past year with I. H. McNeill, Jr., as president. He was called to service as a first lieutenant in the officers reserve corps of the U. S. Army and he was succeeded by Emmet Johnson, who successfully led the club during the greater part of the June 30 to July 1 club year.

The complete report of Secretary Cashion, who will be president of the club during the coming year, follows:

Repainted road signs and placed them on all highways coming into North Wilkesboro.

Donated \$10 to the U.S.O.

Donated \$50 to the school milk fund for underprivileged children.

Sponsored county wide tennis tournament, and furnished about \$75 worth of trophies.

Operated approximately 50 penny chewing gum vending machines, which netted approximately \$15.00 per month work among the blind.

Carried on scrap paper campaign, and collected 30,000 pounds of paper.

Sent telegram to the President of the United States assuring him of our united support in the national crisis.

Each member of the club pledged to buy defense bonds on a regular basis—Club purchased \$100.00 bond made payable to the North Wilkesboro Lions Club.

Donated \$50 to be used in purchasing a fluoroscope for the county T. B. sanatorium.

Co-sponsored the "mile of dimes" campaign.

Paid \$56 for glasses fitted on underprivileged children.

Secured 12 new members during membership drive, being second in the entire district.

Sponsored plasma bank and

Registration Is Postponed To July 9, 10, 11th

Present Cards Will Be Good For One More Unit Because Of Delay

Washington.—Permanent rationing of gasoline in the East has been postponed from July 15 to July 22 to give motorists more time to form car sharing clubs, a prerequisite to obtaining supplementary rationing books.

The office of price administration, in announcing the postponement, also said registration dates for coupon books have been changed from July 1, 2 and 3 to July 9, 10 and 11.

"Extra" Unit
Pending operation of the permanent program, the insignia "buy war bonds" which appears in a corner of the temporary ration books can be used to obtain an extra unit of gasoline. Holders of "A" cards will obtain an additional three gallons on their war bond seal; "B-1" card holders will be entitled to four gallons; "B-2" holders to five gallons; and "B-3" holders to six gallons.

Each unused unit in "A" and "B" cards will continue to be good for six gallons.

Price Administrator Leon Henderson said pooling of gas for transportation to and from work is imperative for two reasons; first, private cars are needed to supplement public transportation, and second, because of the gasoline shortage in the east every gallon must be made to count.

Get Additional Gas
Those participating in car-pools, he said, will get additional gasoline. But he said the supplemental supplies will not be awarded until motorists in this class demonstrate that their gasoline requirements cannot be met on basic "A" cards.

ON SUNDAY—
Hayes, Casey To Speak At Reunion

Judge Johnson J. Hayes, of Wilkesboro, and A. H. Casey, of North Wilkesboro, will speak at the annual Eller family reunion to be held Sunday, June 28, at Bolling Springs church.

The program will open at 11 a. m. and Attorney Casey will speak in the morning session. Dinner will be spread picnic style at noon and the afternoon program, to be featured by an address by Judge Hayes, will begin at two o'clock.

The U. S. Employment Service is responsible for matching farm labor supply and demand so as to prevent, as far as possible, a surplus of workers in one area.

IN WILKESBORO—

Powdered Milk Production Under Way At Coble Plant

Government To Take Greater Part Of Output

Milk Reduced In Bulk and Weight for Shipment All Over The World

One dairy products plant in Wilkesboro this week became the

first plant in the southeast to manufacture powdered milk.

The milk powdering machines were started Tuesday night and the first dried milk was made.

Powdered milk is very much in demand and the government has a priority call on the greater part of the output of the plant.

In the form of dust not unlike flour except for a slight cream color, powdered milk is milk in a highly concentrated form.

The water is removed from milk, reducing 100 pounds to

nine pounds of powder.

Take a pound of powdered milk, stir into nine pounds of water and you have ten pounds of milk again. And it tastes good.

The plant will also dry eggs by the same process as is used to make milk in concentrated form. Eggs have more solids than milk. A hundred pounds of eggs will turn out about 27 pounds of powdered eggs. Add water and you have eggs again.

Especially in war are these products highly valuable, be-

cause so much food in the form of powdered milk and dried eggs can be transported with such little weight and in such little space.

One ship can carry four times as much food in powdered eggs as in natural eggs and powdered eggs do not have to be in cold storage. The powder can be shipped like beans, or other non-perishables.

The Coble plant in Wilkesboro has been in operation for several weeks, but until this week this

milk received had been made in other products. The milk volume from farms of northwestern North Carolina is increasing, but there is hardly any limit to the amount of milk which can be handled in the plant.

Cash income from farm marketings in April for the entire country totaled \$973,000,000 or 15 per cent higher than the \$846,000,000 received in April of last year.

Want War Roads

While Tokyo newspapers published triumphantly the first pictures of Japanese landings in a sparsely settled Alaskan island spot yesterday, Delegate Anthony J. Dimond of Alaska demanded speedy congressional action on his bill to build a "second" Alaskan highway from Prince George, British Columbia,
