McNeil's Record:

Mr. McNeil has served eight years as Mayor of North Wilkesboro.

Has received in fees, not counting salary during his eight years, according to records of City Clerk in the Mayor's office, City Hall, approximately \$11,200.00. Has received salary according to said records of \$4,800.00 at \$50.00 per month, as provided by the Town Charter, making total received by McNeil of \$16,000.00, by the end of his present term.

If Mr. McNeil had donated the above fees of \$11,200.00 received by him during his eight years as Mayor after keeping out his salary of \$50.00 per month as provided by the Town Charter, it would have provided 224,000 hot lunches for hungry, needy children in the schools of North Wilkesboro, at the same rate per meal as furnished in other schools of the county.

Frazier's Program:

Clean government "by the people, of the people, and for the people". Mr. Frazier proposes:

To donate all the fees coming to the Mayor to be spent during the school term for the establishment and maintenance of a Lunch Room to provide hot lunches for the needy school children of North Wilkesboro, and further proposes to appoint the following committee to handle this fund:

Mrs. W. R. Absher
Mrs. F. C. Forester
Mrs. Myrtle Freeland
Mrs. C. E. Jenkins
Mrs. R. M. Brame.

That the City Government will endeavor at all times to create and promote a friendly spirit and goodwill between the town and county people in order that North Wilkesboro may really be the Friendly City of Northwestern North Carolina.

Our program proposes to improve and build better streets and sidewalks for the people of Woodlawn, East Town, and other outer sections of the town, and to improve the streets leading into the town from the highways to match said highways.

**It isn't the measure or size of your service-gift,
Or the weight of the burden of the load you lift;
It's the distance you travel away from your street,
To put a fellow traveler back on his feet.**

IT IS AGREED BY ALL GOOD CITIZENS THAT IT IS TIME TO WAKE UP AND STOP GREED AND GRAFT, AND PUT SOMETHING INTO THE TOWN AND COUNTRY AND WORK TOGETHER INSTEAD OF DRAWING OUT ALL WE CAN FOR THE FEW, WITH WORLD CONDITIONS AS THEY ARE, WHEN AND WHILE OUR BOYS ARE LITERALLY ROLLING IN THEIR OWN BLOOD ON FOREIGN FIELDS FOR OUR FREEDOM AND LIBERTY HERE AT HOME.
