Romance Amid Peril Welles' Melodrama "Journey Into Fear"

A strange shipboard romance off the Turkish coast between a man whose life is in peril and a woman whose life is a lie, makes the unusual theme of "Journey Into Fear", Orson Welles' latest film for RKO Radio.

Joseph Cotten and Dolores del Rio are co-starred in the thrilling picture, which is hailed as one of the year's most unusual offerings. Cotten, as Howard Graham, an American engineer about to return to the States after inspecting the needs of the Turkish navy in a rearmament program, encounters Miss del Rio as a Latin dancer who sets out to fleece him and winds up by falling in love with him.

The Turkish secret police, learning that the Nazis plan to kill Graham in order to delay the rearming, try to smuggle him off to Russia on a Black Sea steamer, but the Gestapo puts two of its killers aboard the same ship. In desperate peril, Graham confides in the dancer, who tries to help him but fails. The vessel reaches Batum with Graham still unharmed, but helpless, and his subsequent efforts to escape cause the breathless climax to the picture.

Orson Welles himself plays a Turkish police chief, and important roles are taken by Eustace Wyatt, Ruth Warrick, Jack Moss, Edgar Barrier, Everett Sloane, Jack Durant and Richard Bennett. Norman Foster directed. "Journey Into Fear" comes to the Allen Theatre Thursday only.

THE SECOND WAR LOAN DRIVE IS ON! The Command Has Come! Attack! THE big push is on! This is the fateful summer that we have been waiting for. Hitler knows he must win before another winter rolls around, or face inevitable annihilation. And you can be sure that he will hurl everything he has—every gun, plane, soldier and tank—into the summer struggle that is even now rising in tempo on every front. And when the command goes out to our fighting men to ATTACK—you can be sure they don't look for excuses. They don't hesitate. They strike fast and hard—as they did at Guadalcanal, in Tunisia and in the skies over Europe. NOW the command has come on the home front to attack! To attack with the dollars that buy weapons of war our boys must have to meet the last desperate assaults of Hitler. Your government asks you to lend it 13 billion dollars during this drive. And this historic 2nd War Loan Drive, which started April 12th, is the most urgent appeal America has ever made! The time is short—act now! When you attack with War Bonds you don't suffer pain or anguish—you don't risk your limbs or your life as millions of our boys are doing every day. All you do is make an investment—the safest in the world. You help to secure Victory now—and your own financial security. During this drive if you are visited by a volunteer War Bond worker, welcome him. He will explain the 7 different types of U. S. Government obligations you may choose from. But don't wait for his call—go at once to your nearest bank or post office or place where they sell War Bonds. And answer the command to ATTACK by buying more War Bonds—and still more War Bonds!
