# FOOD

Is Their First Need!

## LET'S PLEDGE:

To raise more food this year for our fighting forces and for our allies who are fighting the Axis forces on so many battlefronts. It's going to take food, and plenty of it, to win this war... and that's where we on the home front can do so much to aid the cause of Freedom and Liberty. We commend most heartily the war efforts of the Farmers, Dairymen, Poultrymen and Fruit Growers of this section for planning bigger harvests than ever before, which will bring about a quicker Victory for the Democracies of the world.

It is with pleasure that we serve so many of the farmers, dairymen, poultrymen and fruit growers who must keep their Cars and Trucks Rolling for the Duration.

### KEEP 'EM ROLLING

We are prepared to help you, Mr. Car and Truck Owner, to "Keep 'Em Rolling" for the duration... our garage is an Official U. S. Truck Conservation Depot and the official headquarters for the car owner's "Victory Service League". With adequate equipment, trained mechanics, and a large accessory department, we feel that we are doing a whole lot on the home front to "Keep 'Em Rolling" and to help the war cause. Our suggestion is: "Have the minor repair made before it becomes a large repair—Save your tires and the mechanical parts of your car or truck by systematic lubrication.
