**POULTRY**  
 AND MAKE MONEY, TOO!

Whether a few or a thousand, raise chickens for food and help the nation "come through" the production crisis. It's your patriotic duty to produce food, and poultry and eggs will do much to feed our people. In addition, it's a cash crop for quick money, enabling you to have funds for the things you can't produce. Get our prices on baby chicks, in any quantity, and start as big a flock as you can care for. Raise at least a few for your own needs—that will help so others may share in market offerings.
