Employment Office Helps Employers Get Workers

Much progress has been made in filling local demands for labor during the past week, Mrs. Kathryn Lott, manager of the North Wilkesboro branch of the U. S. Employment Service, said today.

Recently the employment service made a canvass of the employers in North Wilkesboro to determine the total number of workers wanted in various industries and trades.

The list totaled about 175 job openings.

During the past few days the employment service has filled approximately 25 per cent of the demand, and prospects are good for supplying all the workers wanted in a short time, Mrs. Lott said.

A movement was recently started in the North Wilkesboro Kiwanis Club to do something about great demand for labor of almost every kind.
