Women Launch "Buy a Bomber" Bond Campaign

Washington. — A powerful bomber fleet, capable of blasting a pathway to victory in conquered Europe in the invasion clean up, is the goal of the General Federation of Woman's Clubs in its "Buy a Bomber" campaign, which was launched today by its president, Mrs. John L. Whitehurst, from Federation headquarters, here.

Fifty huge, four-motored battleships of the skies, costing \$15,000,000 will be the nucleus for the Federation's "Fleet of Bombers" to be bought by the 2,000,000 club women and their friends in the 48 State Federations, Alaska and the District of Columbia through purchase of war bonds, and turned over to the United States Air Force.

The name of the individual "State Federation, G.F.W.C." will be painted on the nose of the bomber, as soon as the State Federation has raised its quota of \$300,000.

This is the first women's organization to undertake such a gigantic war project.

Mrs. John D. Robinson, of Wallace, N. C., chairman of the U. S. Bond and Stamp committee, and Mrs. Gustav Ketterer, of Philadelphia, chairman of the War Service department, are assisting in the campaign.

Mrs. Whitehurst said: "When this initial fleet of 50 bombers has been launched and named, individual clubs or groups of clubs within a city or county could set themselves bomber goals. These bombers may bear the name of the individual club which has sold enough bonds to finance their purchase, or where several clubs have worked together, they may name their bomber for the city or county in which the group of cooperating clubs is located.

"All friends and relatives of club women will be urged to buy bonds in this campaign. Arrangements must be made with each State War Finance Chairman, who will set a time limit and explain how certifications of bonds sold for this campaign may be obtained from banks, postoffices, or other issuing agencies. The sooner the campaign is under way, the nearer we will be to victory."
