

# Timber Industry Vital to Success In Winning War

## Governor Is Asking Production of More Lumber, Pulpwood

Asking every possible cooperation on the part of mill owners, operators and owners of lands in North Carolina in meeting the State's needs of lumber and pulpwood for critical needs. Gov. Broughton signed a proclamation pointing out that this

State must maintain production of 488,000,000 board feet of lumber and 400,000 cords of pulpwood. These figures can be met without impairing the State's resources of standing timber, which now total 45,610,000,000 board feet of timber according to estimates by the United States Forest Service. The need is so great that the government has been unable to place orders for 712 million board feet immediately needed.

The proclamation follows: To all workers, operators and owners of timber in North Carolina:

### A PROCLAMATION BY THE GOVERNOR

Lumber, pulpwood and other timber products are critical materials required in large quantities for the construction of facilities and implements of war.

National requirements for the successful prosecution of the war are estimated by the War Production Board to exceed thirty-six billion board feet of lumber and thirteen million cords of pulpwood during the present calendar year. Recently, the Central Procurement Agency was unable to place orders for seven hundred and twelve million board feet of lumber for immediate government use.

If our goals are to be reached, the annual pro-rata production of

lumber and timber products in this State must be maintained at a rate of 1,650,000,000 board feet of lumber and 600,000 cords of pulpwood.

The United States Forest Service estimates that there is a stand of 45,610,000,000 board feet of timber at the present time in this State which if conscientiously managed is sufficient to produce a total of 488,000,000 board feet of lumber and 400,000 cords of pulpwood annually during the War Emergency without impairing the future productivity of this vital resource within this State.

It is suggested that all citizens who own timber lands select those kinds and sizes of trees useful in the war effort which can be removed without impairing the future productivity of such lands and to make these trees or the products thereof available for purchase by manufacturers of lumber and timber products.

NOW, THEREFORE, I, J. Melville Broughton, Governor of the State of North Carolina, do hereby call upon all lumber, pulpwood and other timber products manufacturers in the State to take cognizance of the need and to strive to produce lumber and timber products in the increased quantities needed to supply our armed forces and related essential civilian uses.

FURTHERMORE, in view of the urgent military needs, I call

upon those workers in logging camps, mills and allied industry in this State to labor without stint to the end that our men in uniform may not be handicapped by a lack of equipment or facilities, and also I call upon the press, radio stations, schools and other media of information and persuasion in the State of North Carolina to educate the public in general and timber owners and timber workers in particular, with the urgent need of increased production of timber and forest products for the successful prosecution of the war.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of North Carolina to be affixed at Raleigh, North Carolina, the Capital, this the twenty-sixth day of November, A. D., 1942.

J. MELVILLE BROUGHTON  
Governor

## J. N. Stoltz Rites Held On Saturday

Funeral service was held Saturday, two p. m., at the Stoltz cemetery near Rural Hall for J. U. Stoltz, age 76, who died Thursday at the home of a daughter, Mrs. T. C. Eller, near Millers Creek.

Mr. Stoltz leaves one son, J. I. Stoltz, and two daughters, Mrs. T. C. Eller and Mrs. R. W. Good.

## Funeral Held Friday T. M. Bryan, Age 69

Funeral service was held Friday at the residence for Thomas M. Bryan, age 69, well known citizen of the present community who died at his home Thursday.

Mr. Bryan is survived by his wife, Mrs. M. C. Bryan, and the following sons and daughters: Mrs. Wilmer Brown, Mrs. Henry Nelson, Boyce, Olin, Leola, Joe, Ray and Faye Bryan, all of Traphill.

Writes

Dear Sir: Inclosed you will find fifty cents to renew my paper for three months. I like your paper fine because most of my people live in Wilkes county. William Hubbard was my uncle and I'm related to most of the Posters. Hayes Foster was register of deeds for several years. Rom Linney was my uncle and Tam Bowie is my cousin.

Respectfully yours,  
R. G. LIPFORD, Atty.

## It gets cold on cutter patrol

FIGHTING subs on the North Atlantic, Coast Guardsmen often stand watches in sub-zero weather. So they wear a special deck uniform, one-piece from head to foot, and fleece-lined inside. Goggles guard their eyes.

The U. S. Coast Guard designs its uniforms for comfort and wear. Even to the underwear—with correct weights and styles for any waters.

You also can have comfort and good styling in underwear. For, during the past 40 years, the makers of HANES Underwear have developed the art of turning fluffy cotton into fine underwear that fits properly and gives you real wear.

Take HANES Unica-Suits, for instance (shown at right). They're fleecy and warm. And they're tailored to your exact chest width and trunk length—won't pinch or pull. Ankle-length legs. Long or short sleeves. You'll find them especially comfortable. P. H. Hanes Knitting Company, Winston-Salem, N. C.

## HANES UNDERWEAR FOR MEN AND BOYS FOR EVERY SEASON

If you cannot always get your favorite HANES style, please remember that much of our production is going to our Armed Forces.

# Wilkes County PULPWOOD IS GOING TO WAR!

We want to commend the patriotic men and women of Wilkes County for producing so many cords of Pulpwood for War purposes. This Pulpwood is just as essential to the war effort as steel, rubber, and many other basic materials of war.

The program for the month between Nov. 11 and Dec. 11 is—  
"Cut a Cord For Every Local Boy In the Service"

We are making a splendid showing, but let's increase our efforts so that we will go over the top in a big way.

**YOUR GOVERNMENT NEEDS PULPWOOD FOR—**  
Ammunition, Parachutes  
Surgical Dressings  
Blood Plasma Containers  
And Many Other Essential War Needs

NOV. 11 TO DEC. 11

**Cut-a-Cord**  
for every local boy in service
