BEFORE THIS WAR IS OVER, there may be only two kinds of people in America . . .

If you want to be in the fortunate group who will still be riding to work in automobiles, join Gulf's "Anti-Breakdown" Club today. How do you do it? Just come in for Gulf's Protective Maintenance Plan!

This plan was conceived by experts in car care. Gulf developed it because car maintenance is a most important civilian job. (8 out of 10 war workers use automobiles to get to work.)

**Here's Gulf's Protective Maintenance Plan . . .**

1. Protects your car at 39 danger points . . .
2. Saves those bearings and piston rings . . .

AIR-FILTER and spark-plug cleaning, radiator flushing help give better mileage. A clean filter makes gas burn more economically; clean plugs add power; a clean radiator prevents over-heating.
