**— MORE ABOUT —**  
**WAR FUND**  
(Starts On Page One)

tacted five hundred war-workers, asked them just for pennies, only pennies, to make Christmas for a dozen soldiers—the pennies stacked up in no time to over \$90.00. That's why your county committee for the National War Fund wants to remind you: Pennies do matter. And nickels and dimes in generous abundance mount up faster than the "long green". Not that your committee will turn up their eager noses at thousand dollar bills—but they are sending out the hounds for the little stuff, this time.

Please empty your pockets and pocket-books—that small change you would have let slide through your fingers for next to nothing—those odd pennies, nickels, small silver. Hold on to 'em tight until a NWF canvasser comes by then loosen up quick!

National War Fund looks after our own men's comfort, here and abroad, through the USO, the United Seamen's Service and War Prisoners Aid. National War Fund through many allied war relief societies helps bring straight home to 91 countries on six continents America's desire to bring

comfort when it counts. Giving this way saves you the difficulty of choice—the National War Fund budget committee knows where the needs are greatest, and applies the funds where they will do the most good. It is easier to fight and fight hard when there is the material assurance of clothes, shelter, recreations, entertainment, material aids to spiritual well-being—rolling in day after day to the fighting fronts, and to those racked areas which have been "fighting fronts". As the drive gets under way in Wilkes, put your flat down deep—"chicken feed" from you and your neighbors, and all your children will bloom right into big stuff—IF every last man, woman, and child does devoutly his little bit.

Hungary now has a shortage of wood for producer gas engines.
