Committee Votes Unanimously To Kill the Measure

Delegation Wilkes Citizens Aids Representative Story In Opposing Bill

By unanimous vote the Counties, Cities and Towns committee of the house of representatives in Raleigh yesterday killed the bill introduced to take from Wilkes Beaver Creek township and parts of Elk and Boomer and place that area in Caldwell.

The hearing was held in the Revenue building yesterday morn-Large delegations were on

hand for and against the bill, which was introduced in the house by Representative J. T. Pritchett, of Caldwell county.

Leading the opposition to the bill was Wilkes' Representative T. E. Story, who was ably assisted by other members of the Wilkes delegation who went to Raleigh to fight the measure.

Principal spokesman for the Pritchett bill was T. W. Ferguson. prominent citizen of the Ferguson community. He cited as main reasons for the bill a desire for better roads and schools, that the people in that area were more accessible to Caldwell than Wilkes, and because of the desire on the part of many people in Wilkes to build a flood control dam which would inundate the upper part of the Yadkin valley in Wilkes.

Petitions pro and con were offered, W H. Strickland, Lenoir attorney representing Wilkes petitioners for the move, submitted one which he said carried the names of 243 persons, or 98 per cent of the voting population of the -area. Against annexation, Kyle Hayes, North Wilkesboro attorney, displayed a petition which he said was signed by 687 persons, mostly residents of the area or adjacent communities.

Assisting Representative Story crumbling enemy resistance on in the argument against the Berlin's southeastern flank, the measure were Former Sheriff P. First Ukrainian Army offensive, E. Brown, Attorney Eugene Trivette and Attorney Kyle Hayes.
