Lentz and Scott Seek \$725 Each For Trial Costs

Would Have State Pay Costs of Defending Themselves on Liquor Theft Charge

House of representatives Thursday evening passed and sent to the senate a bill which would provide payment of \$725 each to Lieutenant W. B. Lentz, of the state highway patrol, and Investigator Guy Scott, of the State Bureau of Investigation, for costs of their trial in Wilkes court on charges of larceny of about 70 cases of expensive liquor from the premises near Purlear in Wilkes in 1943.

Listed as introducing the bill, which is of much interest in Wilkes, were Representatives Uzarsky of Rowan, Dobson, of Surry, Gass and Welfare, of Forsyth (Scott's county), Loftin, Craig and Shuford, of Buncombe, where Lt. Lentz is now stationed.

Lentz and Scott were indicted and tried in Wilkes court for larceny of about 70 cases of liquor, the difference between the amount Yates said he had on hand and the 600 cases which were turned over to Wilkes authorities by the patrol and later sold by the county with the proceeds going into the school fund. Yates failed to show up at the trial as a witness against the two officers and the state failed to make out a case against them. They were acquitted at the September special term of Wilkes court by directed verdict of Judge R. Hunt Parker.

Yates was not located during the entire week of the special term, although it was stated by Yates in court testimony in the trial of Yates at the December, 1943, term that he was with Lt. Lentz and some other patrol officers at a steak supper in a cafe in North Wilkesboro on the night before the trial of Lentz and Scott opened.

Whereas, W. B. Lentz of the State Highway Patrol and Guy Scott of the State Bureau of Investigation were indicted in connection with arrests made by them and other officers in Wilkes county, North Carolina, in the year 1943; and,

Whereas, these state employees were carrying out their duties as officers after having been called to Wilkes county to aid in clearing up the whiskey traffic; and,

Whereas, in the process of doing their duties they were falsely accused of abusing their offices; and,

Whereas, these state employees were tried at a special term of superior court called by the Governor of North Carolina for that purpose; and,

Whereas, the state employees were adjudged by the superior court to be innocent of the charges;

Plan to Complete War Fund Effort By Saturday, 24

Workers Asked To Complete Canvass And Make Reports Here This Week

With \$16,822.73 in cash and pledges already turned in, Wilkes chapter of the American Red Cross is planning to complete the War Fund campaign during the week ending March 24.

Rev. Howard J. Ford, War Fund chairman, today urged all workers to complete canvass of their communities and to make their report to the Red Cross office during the week if possible.

Some divisions of the campaign have already met their quotas and response, generally speaking, has been good. Returns from the industrial canvass are expected to be slightly under last year's totals for that division because local plants have fewer employees than a year ago.

The Special Gifts committee has already exceeded its quota, having raised \$3,480 in cash and pledges. North Wilkesboro residential section, with a quota of \$1,060, has raised \$1,220. Wilkesboro business district with a quota of \$651 has raised \$764.85, and Wilkesboro residential, which had a quota of \$421, raised \$740.25. Edwards township has doubled last year's figures by raising \$453.76, and Lewis Fork has gone over its quota with \$358.15. Jobs Cabin township has also reached its quota.

Returns to date are incomplete from other rural townships and from North Wilkesboro business and industrial divisions.

Prospects are good for reaching the county's goal of \$19,400, Rev. Mr. Ford said.

Rationing Boards Will Be Closed 2 Days This Week

Both local War Price and Rationing Boards will be closed to the public on Wednesday, March 21, and Thursday, March 22, on orders from the district office, C. F. Walter and C. H. Cowles, chairmen of the boards, said today.

The rationing and price workload at the boards is accumulating to the point where it will cause confusion unless we close the board to the public for two days and give the clerks an opportunity to bring it up to date, they explained.

The board chairmen have asked the public to anticipate their rationing and price needs in advance and not to try to transact any business at the boards on these two days except in case of extreme emergency.

Lions Hear Talks About Needs of North Wilkesboro

Campaign Setup, Project Planning Council, Radio Station Discussed

A central organization to handle fund raising campaigns, a council to plan and seek public works projects, and a radio station were the three major proposals put forward in a planning program carried out Friday evening before the North Wilkesboro Lions Club.

The program was in charge of C. E. Jenkins, Jr., and Dwight Nichols, who presented the speakers.

Jack Swofford opened the series of three talks on the subject of "What North Wilkesboro and Wilkes County Need." As a former chairman of the United War Fund campaign in Wilkes, he stated the need of a central committee in the county to set up organizations for the Red Cross, United War Fund, polio and other fund-raising campaigns. Under the proposal he set forth, the permanent organization would select chairmen and workers for all the campaigns.

Second speaker on the program was Staton McIver, who advocated that a council be formed of leading civic and business people to plan and seek post-war projects if and when a public works program is put into effect, and to seek each project with unity and understanding of the objectives.

C. E. Jenkins, Jr., concluded the discussions with a talk showing the need of a radio station for North Wilkesboro and advocated that the Lions Club give serious thought to backing a movement for the establishment of a North Wilkesboro radio station in post-war years.

Prior to the program Flake Cooke, local manager for the Standard Oil Company, was inducted into membership of the club. Rev. A. C. Waggoner delivered the induction message. Lloyd Pardue was a guest of President Vernon Deal at the meeting. Clyde Pearson returned to membership in the club after an absence of several weeks.

Rev. Howard Ford Is Speaker Friday At Kiwanis Meet

Rev. Howard J. Ford, pastor of Wilkesboro Baptist church, delivered an inspiring message Friday noon before the North Wilkesboro Kiwanis club.

"Christianity Looks to the Future" was the topic of the address by Rev. Mr. Ford, who stated that great changes have recently been made in the world, mentally and materially. He pointed out that countries we have liberated are now almost our enemies. "We face dissolution, youth delinquency, drunkenness, vice and immorality. Christianity should and must meet the demand of this era," he said and urged that better business methods be used in the churches and that religion be practical and usable. "All of us must have a place in future construction, with youth having its place in the onward march of Christianity," Rev. Mr. Ford said. The members and guests were deeply impressed by the address.

Edd Gardner was in charge of the program and presented Rev. Mr. Ford. Another feature of the program were two solos by Mrs. T. G. McLaughlin: "When Irish Eyes Are Smiling," and "Irish Lullaby."

President Paul Osborne presented Troy Perry, of the local employment office. Mr. Perry, a returned veteran, is in charge of veterans' placements through the employment office here. He said that plans are under way here to develop openings for 300 veterans.

Guests Friday were as follows: Rev. A. C. Waggoner with Edd Gardner; Cpl. Dean Miller with Paul Church; Cpl. Asa Reece with J. B. McCoy; Mrs. Kathryn Lott and Troy Perry with Paul Osborne; Rev. L. J. Yelanjian with H. H. Morehouse. Mrs. McLaughlin was a guest of the club's music committee.

CARRIER SHIPS ATTACK JAPAN; NAGOYA IS HIT

Guam, Monday, March 19.—A United States carrier plane fleet, estimated by the enemy to total 1,400, attacked southwestern Japan Sunday and a giant armada of 300 or more Superfortresses followed up by dropping 2,500 tons of fire bombs on Nagoya, Japan's third city, in the early hours of this morning.

Adm. Chester W. Nimitz, announcing the carrier plane attack, said only that a strong force of carrier aircraft attacked enemy aircraft and installations on Kyushu, southwesternmost of the Japanese home islands.

But detailed enemy broadcasts said that the attack extended to Shikoku and Honshu islands adjoining and the attack area was that in which the battered Japanese main fleet is believed hiding.

PATTON'S MEN REACH RHINE AT BINGEN

Paris, March 18.—United States Third army tanks swept unchecked across the Nahe river, 21 miles from the toppling Saarland's rear door at Mainz today while the First army beyond the Rhine broke almost to the inner German plain despite the collapse of its important Remagen bridge.

The Nahe—last barrier before the onrushing Fourth armored division and the Rhine bend—was crossed at Bad Kreuznach, a wading place famous in the last war as German headquarters.

While tanks fought into that town on the Nahe's east bank, the 90th infantry, a short distance north, in a six-mile push, entered the west-bank town of Bingen, 17 miles west of Mainz.
