Many Are Buying **Victory Bonds As Christmas Gifts**

Wilkes Moving Too Slowly Toward E Bond Goal In Victory Loan Drive.

Wilkes is moving all too slowly toward the E bond goal of \$160,000 in the current Victory Loan campaign and bonds must be purchased at a faster rate if the goal is to be reached.

Sales to date total approxi matey one-half the E bond quota. All E bond sales during the month of December will count on the goal, but the Victory Loan organization is urging that the quals be reached by Christmas. Recently a number of sales have been made at the local banks those who are selecting "the gift with a future" as Christmas presents. W. D. Halfacre, Victory Loan chairman, has called atten tion to the fact that bonds for Chritmas presents' relieve the giver of the problem of gift selecters have been sent out to

many who are being asked to buy By Sgt. Allen R. Matthews, a Matheir limit in E bonds in order that Wilkes may keep her perfect record in bond buying for this final campaign. Without exception, Wilkes has reached every war bond quota, and the people are being urged to buy now in appreciation of victory and to furnish money to finance the securing of the peace, the return of habilitaion of wounded veterans and care of dependents.

Sales are being handled in North Wilkesboro by block leaders and retail stores. Rural communities have chairmen and volunteer workers to aid in the campaign. Intensified effort now on the part of all divisions of the Victory Loan organization can put the county over the top in this final effort.

Plank Owner

Pfc, Joseph Linney, son of Mrs. W. E. Linney, of Wilkesboro, recently received his discharge from the Marine Corps after a long period of service on the aircraft carrier Wasp.

The following article by a Marine Corps correspondent tells of Pfc. Linney's activities on the ship:

Oahu, T. H. (Delayed) .- Two North Carolina Marines, "plank owners," aboard the mighty aircraft carrier Wasp, have won a trans-Pacific "race" with their ship and will accompany it to the States to the East Coast observance of Navy Day on October 27.

The Marines, who earned plank service men to their homes, re- owner title by virtue of being members of the crew since the ship's commissioning, are Cpl. Pelton E. Magee, of Plymouth, N. C., and Pfc. Joseph Linney, of Wilhesboro, N. C.

According to seafaring custom, upon the decommissioning of a ship, original members of the crew are entitled to a piece of deck planking inscribed with the names of ship officers and of engagements in which the vessel participated.

Chief of Police Warns of Danger Of Check Thief

Chief of Police J. E. Walker. cooperating in the U.S. Secret Service Crime Prevention Program, today warned merchants and their customers to be on guard against check thieves and forgers. During the pre-holiday season the chief said these criminals take advantage of crowded streets and overworked clerks to 'reap a harvest" by stealing and forging large numbers of checks. Here are some safeguards suggested by Chief J. E. Walker:

Persons who expect checks by mail should make arrangements for some one to be at home to receive them when they arrive and see that they are kept in a safe place until cashed. Merchants should instruct their employes to use greater care in accepting commercial and government checks, especially from strangers, They should be cautioned to require positive identification and make a note on the check the type of identification presented. The check should always he en dorsed in the presence of the person cashing it and the endorsements should be carefully compared with the signatures on identification offered. The employe cashing the check should initial it in order to fix the responsibility and later to help him remember the transaction should the check turn out to be a forgery. Every person cashing a check should always ask himself the question: "If this check is returned as a forgery, will I be able to locate the forger and recover my money?"

Said Chief J. E. Walker: 'Neither customer nor merchants can afford to suffer the loss of a forged check when simple precautions could have prevented it. Treat your check as though it was cash. If you receive a check, protect it from thieves.
