SEVEN INJURED. TWO CARS DESTROYED IN CAR CRASH

Seven were injured and two cars were completely demolished Sunday at Roaring River on highway 268 in Wilkes county. The car at left, lying on side, was driven by Marshall Childress, of Ronda, and with him were four other men. The car lying bottom side up in the middle of the highway was driven by Mrs. Gladys Church, of Ronda, who escaped with minor injuries, but Mrs. Marshall Church, of Ronda, who was with her, sustained a severe skull fracture and broken jaw. Earl C. Harris, of Ronda, in the car with Childress, sustained a broken back. Marshall Childress, Rufus Holloway, Hardin Harris and Claude Benge were cut and bruised. Shown between the wrecked cars is Highway Patrolman Lamarr Ratliff, of North Wilkesboro, who investigated the accident and arrested Childress for driving while drunk, speeding and reckless driving.—(Photo by Dwight Nichols).

No Increases For Goods On Hand Is Being Assured

Belief Expressed That There Will Be No Drastic Boost In Prices

Setting an example which may well be followed throughout the country, local merchants early this week announced that prices of merchandise on hand will not increase, notwithstanding the fact that OPA price control expired Sunday midnight.

The concensus of opinion among practically all local merchants was that they would not increase prices on merchandise already purchased, and that they would add only their usual markups to merchandise purchased in

Generally speaking, local mer-chants are of the opinion that there will be no great increase in the wholesale or retail prices of merchandise to arrive later.

The opinion was also freely expressed that the business men of America know full well that it would be folly to drastically increase prices, which would bring about uncontrolled inflation and perhaps more stringent and lasting price control in future laws. It is their belief that if business throughout the country will follow a reasonable course and keep prices down as much as possible that there will be no return of stringent price

With a minimum of exceptions, merchandise in all lines can be purchased in North Wilkesboro today at the same prices which prevailed while the OPA price controls were in effect.

A patriotic appeal is made to all business men everywhere to Me down in order that vented and in order that business may proceed and progress in a free system of commercial activity.

Auto Prices Same A. F. Kilby, of the Yadkin Vallev Motor company, today received a wire from Ford Motor company, which stated that although Ford Motor company had an application in to OPA for a price increase, that the company is holding the price line and advised
