- Kitchen Cabinets and Utility Cabinets

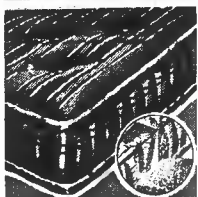

Our Policy On Higher Prices:

Our policy of pricing our merchandise will continue to be based upon cost plus a reasonable mark-up, and prices will remain at present levels on all merchandise now in stock.

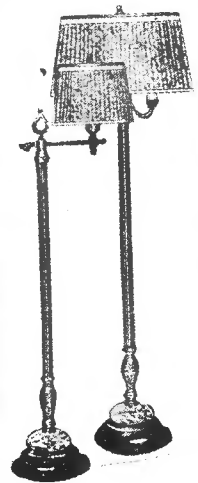

We will not take advantage of the "open market" in prices allowed, but will join others in helping to avoid inflation and disaster by unwarranted price increases.

You may depend upon Gray Brothers for quality furniture at reasonable prices and we will co-operate to "hold the line" in preventing price advances not justified by actual cost.
