Rupard recently at the Davis hospital a daughter. Mrs. Rupard was the former Miss Lora Lunsford of this community.

Gardner Named British Envoy

Washington, Dec. 3.—North Carolina's Oliver Max Gardner of Shelby, who believes that a continued understanding between the English-speaking people is essential to peace, will be America's next ambassador to England.

His nomination to succeed Averell Harriman, now secretary of commerce, as United States representative at the Court of St. James was revealed by President Truman personally today. The Chief Executive made the announcement as the first of several important matters presented at a White House press conference.

\$91 Is Raised For Community House Pores Knob Party

By MRS. J. M. BENTLEY
An interesting and successful community get-together was held Saturday evening, Nov. 30th, at the new home of Mr. and Mrs. W. C. Anderson with over 100 guest registering around seven o'clock.

The evening was started off with fortune telling, playing of bingo and sales girls and boys selling chances for large coconut cake and other scarce articles. Good music was produced at intervals during the evening. Toward the close of the program surprise boxes were auctioned off, after which everybody was invited to a large table to enjoy delicious refreshments free.

The proceeds of the party amounted to ninety-one dollars and sixty cents and goes to the new community house being built for the Pores Knob community.

The Pores Knob Home Demonstration club thanks everyone who took a part in this party.

In order for everybody to know the purpose of our Community House we are having the resolutions, as adopted by our community, published as follows:

Needs and Purpose of a Community House and Youth Center for Pores Knob Community.

Whereas, we have no suitable meeting place for rural recreation or social gatherings and, whereas, we the citizens of the Pores Knob community do realize the need of an expanded and improved recreational program for our rural youth, and adults, as well, because of the radio, automobile, moving pictures, newspapers, etc. they know as well as the city person what is going on today, and therefore we must supply the right kind of entertainment for them; wholesome recreation for fathers and mothers, as well as their sons and daughters. Youth needs some outlet for energy that's wholesome.

Whereas, we want to take it on ourselves to help with this problem we ask for the cooperation of every individual to help finance and build a community center where our people, old and young, can meet together for games, music, literary programs, picnics, etc and have a supervised playground for the children; where different clubs can hold any or all their meetings, both business and social; where individuals or groups can entertain in a social way.

Be it agreed upon that if an individual entertain, or if a club from out of the community use the building and grounds, a set rental fee be charged to help bear expenses, such as lights, fuel, and repairs.

Be it resolved that all minor youth gatherings here shall be properly chaperoned, and all activities shall be such as would be approved by the parents and the pastor of our church.

Any donations from people interested in this project will be greatly appreciated by the community and they may be sent to the treasurer, Mrs. Roy Parleir, Pores Knob

Marriage License

During the past week license to wed were issued by Wilkes Register of Deeds Troy C. Foster to the following: Clifton Gambill, Springfield, and Willa Jean Hayes, North Wilkesboro; Frederick Ryeroft and Ruby Holcomb, both of Elkin; Walter Bryce Cleary and Lora Mae Johnson, both of Hays; Eugene Prevette and Belle Cleary, both of Hays; Olin Groce, Cycle, and Frances Bryant, Jonesville; Homer Eledge and Velma Harrold, both of Hays; Smith Roten, Glendale Springs, and Zola Sheets, Vanoy.

Sugar Shortage Is Depending On Relief Shipments

Whether sugar supplies will be short in 1947 for North Wilkesboro housewives and manufacturers of soft drinks, candy, bakery products, ice cream and other sugar containing products will depend upon whether Congress insists that sugar shipped to European countries from U. S. sources of supply be limited to genuine relief needs. Such is the word brought back from Ciam by C. O. McNeil of the Coca-Cola Bottling Company, who attended the annual meeting of the American Bottlers of Carbonated Beverages, national trade association of the soft drink industry.

"Speakers at the Miami meeting stressed the fact that sugar will be short again in 1947 unless Government officials are directed to stop shipping sugar from our sources of supply to Europe for other than actual nutritional needs in war-torn areas," said Mr. McNeil. "We were told that some increase in sugar allotments to individuals and commercial users is possible during 1947, but only if Washington bureaus controlling sugar

distribution are restrained from cutting into our normal supplies unnecessarily.

"Apparently the only method of accomplishing this is for our elected representatives in Wash-

ington to direct them to limit European shipments to proven relief needs. If our community wants more sugar next year, now is the time to tell legislators about it. Recommendations for overseas allocations will be made in Washington in a few days, so prompt action is necessary."

"Not if we can Help it!"

These men are receiving afternoon assignments . . . This day and night vigilance is part of your electric service.

We do all that thorough organization, modern equipment, and trained men can do to make your electric service continuous.

We want you always to have lights . . . never to be without gas or electricity for cooking, or to experience any other inconveniences or interruption that we can prevent, in your business or your home.

Nevertheless, there is sometimes trouble beyond our control . . . stormy weather or a failure of your electric appliances and machines. Then your "trouble call" brings action from our staff of trusted men . . . most with a minimum of five years training . . . some with service records numbering a score of years or more.

Your service is their business . . .
To make electric power continuous in every shop, mill, bakery, hospital, store, and home through the Piedmont Carolinas.
