SAFETY PAYS and COSTS NOTHING

"Safe at home" sounds better than the facts warrant. In this country each year, home accidents result in lifelong physical impairment for 130,000 people, and cause the loss of at least one day from school or work for 5,000,000 others.

Most of these accidents result from falls . . . and most falls occur on steps. Yet simple precautions make steps safe:

- One strong hand rail on at least one side.
- Clearance of all mops, boxes, brooms.
- PLENTY OF LIGHT.
