North Wilkesboro, N. C.

Wilkesboro Gym Campaign Renewed; Costs Reported

Much progress has been made in the construction of the Wilkesboro school gymnasium and the building is expected to be completed in time for the opening of the basketball season. The building, when completed, will be one of the best school gymnasiums in the state. The building committee has been working hard and has been very successful in getting full value for every dollar spent. The building is being constructed entirely by contributions and by funds raised through school programs. A campaign is now underway to raise sufficient funds to complete the building.

Miss Joyce Hayes, the school treasurer, has submitted the following financial report showing the gymnasium account as of October 10, 1947:

Total receipts \$18,667.64
Total expenditures 7,010.52

Balance in bank \$ 6,657.12
Incumbrances to be paid immediately on delivery:

Steel \$3,208.94
Lumber 2,800.00
Roof 847.00

The exact cost of the following required items are unknown and can only be estimated at the present time: Labor, block laying, carpenters, mortar mix and cement, furnace room, heating equipment and its installation, doors, door casings, window glass, showers and sewerage system, electric wiring, nails and other incidental expenses.

The following is an itemized list of expenditures to date and when the building is completed the entire list of expenditures will be published, showing to whom and for what purpose every dollar is spent, so that the people who are making possible the building through their generous contributions can have a record of how the money was spent.

April 9, 1947, Yates Printing Co., pledge cards, \$3.50.

April 18, P. E. Brown Lumber Co., lumber, \$1.90.

June 16, Yates Printing Co., tickets for senior program, \$25.00; Carter-Hubbard Printing Co., stationary, \$10.30.

October 7: Goodwill Department Store, blocks, \$694.05.

Total expenditures to Oct. 10, 1947, \$7,010.52.

This report submitted by Joyce Hayes, treasurer of Wilkesboro school.

Birthday Dinner For Henry Brooks

On Sunday, Oct. 12th, the children and many friends and neighbors of Mr. Henry Brooks gathered at the home of Mr. Brooks to celebrate his 72nd birthday. His birthday was on Oct. 14th. The 3 tables were spread with good things to eat and his beautifully decorated birthday cake with the 72 candles. One of his sons carried him for a ride and when they returned, Mr. Brooks stepped out of the car and they all yelled "Happy Birthday." Everyone enjoyed the dinner. Mr. Brooks is in the best of health and gets around well for a man his age.

Green feed in the poultry ration supplies proteins, minerals, and vitamins, and in addition provides bulk to the food, a factor which is highly necessary for efficient digestion.

No Atomic Secrets Lost Representative Asserts

Washington, Oct. 9.—Carl Duram of Chapel Hill, N. C., the site of one of the leading universities in America, today gave assurance that the incredible secrets of atomic development have not been lost to this country just because a few photographs had been stolen from Los Alamos, N. M.

The Carolinian has returned from a trip which included stops at Oak Ridge, Los Alamos, Chicago University and Washington state as the ranking Democratic member of the combined House-Senate Atomic Energy Commission. He said today that his group had studied security in atomic matters with "utmost concentration."

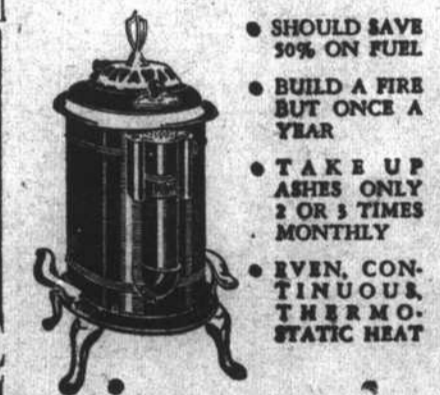

The Production and Marketing Administration of the U. S. Department of Agriculture bought 2,127,445 bushels of wheat during the period from noon of September 5 to noon of September 12.

How to make OLD TRUCKS LOOK NEW

Here's a way to make old trucks look new—quick. Drive them in and say, "I want an Appearance Reconditioning Job done on these fellows."

And you'll get it. You'll get perfect fitting new International fenders, radiator grilles, hood sheets, doors, glass, hardware, headlights, bumpers, bumper guards and seat cushions—just what you want to put your trucks in shape.

Next, paint jobs if the trucks need them.

The cost? Not great.

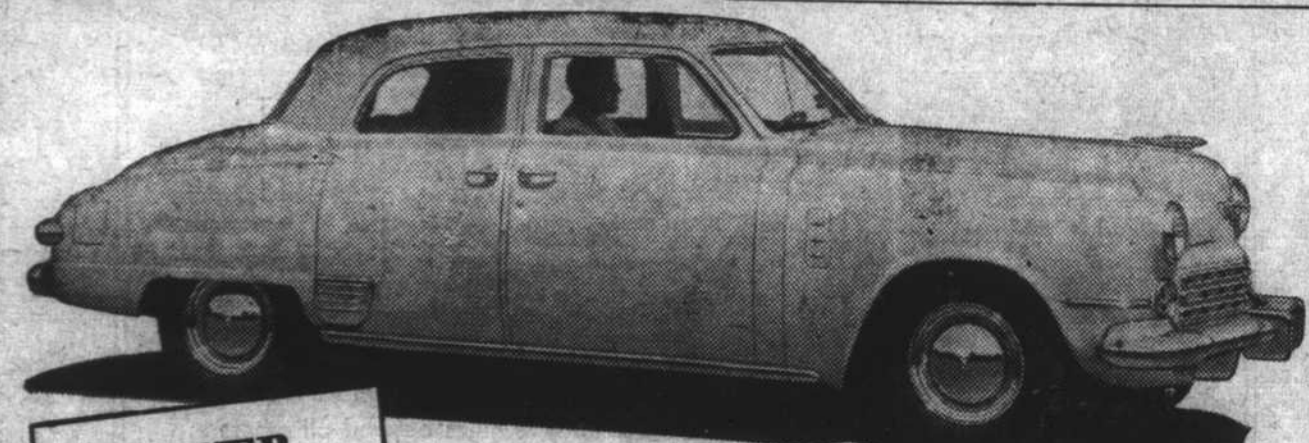

The result? Marvelous.

Act now. Get your trucks "Appearance Reconditioned."

GET THESE TOO, WHEN YOU GET YOUR TRUCKS "APPEARANCE RECONDITIONED"

This Program Speaks for Temperance

This Committee's chief aim is to maintain wholesome conditions in places where legal beer is sold.

This is accomplished by educating beer dealers and checking conditions in retail beer outlets . . . and by assisting authorities to maintain high standards of law observance.

This program of Self-Regulation, in operation since 1939, has had the noteworthy effect of weeding out most of those who abuse their license privileges.

The beer industry's Self-Regulation Program encourages law observance. It is a program which definitely speaks for temperance.
