Wonder Minerals

RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ills. People, on the advice of the doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there twice a year.

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wonderful springs of Lourdes, France, and famous Thronion in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank his waters and bathed to be forever young.

Amazing Results

GEO-MINERAL contains minerals you get at the world's best springs. Watch your elimination from your bowels a day or two after using it. The waste, black as the color of your shoes, will start to break away, and you will SEE it! Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, relieving you. And then realize its value.

GEO-MINERAL is not a physic, and does not interfere with the foods in the stomach. It cleans and purifies the intestines thoroughly, relieving gas, toxins, acids, and bloating. After these poisons are out of the system, and the kidneys purified, we begin to feel the arthritis and rheumatism leaving, and Nature starting to complete the recovery.
