

### Roberts Member Tobacco Group

H. C. Roberts, Cycle, Wilkes County, is among the 75 North Carolina Farm Bureau members recently elected by counties to membership in Tobacco Associates, Inc., in accordance with the constitution of the non-profit flue-cured tobacco export group.

The constitution calls for supporting organizations to elect the members of Tobacco Associates. Farm Bureau's representatives were elected during the 12th annual state convention in Asheville and they will meet with other members at 3 p. m., March 1 in Raleigh for Tobacco Associates' first annual meeting.

Once again we wish to call your attention to the new lot of desirable table ware. The tables are loaded with real values. Select your needs now.—The Goodwill Store. 3-8-2t

### WATCH AND JEWELRY REPAIR SERVICE

Bring in your watch or damaged jewelry for prompt, efficient, low-priced service. We assure expert workmanship, the finest replacement materials in all jobs. Let us fix it!

ALL WORK GUARANTEED EXCELLENT SERVICE  
Next Door to Liberty Theatre  
NORTH WILKESBORO, N. C.

We endorse and request the continuation of the Tobacco Quota Program; the Commodity Credit Corporation and the Mandatory Loan provision on tobacco at 90 per cent of parity; the grading and new service on all tobacco markets, this being essential to the marketing of tobacco.

We further request the continuation of a well-rounded state-wide field program of research in all the phases of growing, curing and marketing of tobacco in the interest of growers, for the purpose of improving the yield and quality and reducing the costs of production and marketing, thereby helping farmers to realize more net profit on their tobacco. We urgently request that sufficient funds be provided for the accurate measurement of every acre of tobacco planted in 1948.

The members of the North Carolina Farm Bureau recognize the whole-hearted support of all agencies and organizations in the successful operation of the Flue-Cured Tobacco Cooperative Stabilization Corporation and Tobacco Associates, Inc. and respectfully request the continued support in the years ahead.

Since there is developing an acute shortage of flue sheet material for the manufacture of tobacco flues, we strongly recommend that this material be made available in due time for the manufacture of flues for 1948.

**Burley Tobacco**

We support the present Burley Tobacco Law with its minimum acreage provision as long as it is satisfactory to the majority of the Burley tobacco growers.

We respectfully request that study be made in the allotments of Burley tobacco in the North Carolina area with reference to cropland in other regulations.

**Commercial Nicotine**

We urge our officers and directors to use their influence for the development and location of a research project in commercial nicotine under the provisions of the Hope-Flannagan Bill.

### Resolutions

Whereas, our Heavenly Father has seen fit to call to His Kingdom our beloved fellow-member, Louise Lunn Cowles, past president of the Woman's Auxiliary of St. Paul's Episcopal church of Wilkesboro.

Be It Resolved, that we bow to His Holy Will in humble submission; that we deeply regret the loss of this leader from whose association our sense of fellowship has been strengthened; that we keep fresh our halo of delightful memories of our friend and co-worker by redoubling our efforts to carry on the work of our Auxiliary to which she gave such faithful service so cheerfully and efficiently; and we hereby testify to her beautiful Christian character as evidenced by her true devotion and fidelity to duty.

Be it further Resolved, that we extend to her bereaved family our deepest sympathy; that these Resolutions become a record of the minutes of the Woman's Auxiliary; published in the local paper and the Highland Churchman and a copy sent to the family.

Respectfully submitted,  
Frances H. Underwood,  
Blanche P. Hill,  
Hallie L. Forester,  
Rose Wade Harvel.

### Gilreath Club In February Meeting

A demonstration on adding more color in menus was given by the home agent, Mrs. Annie H. Greene, in our February meeting at the home of Mrs. M. U. Robinson.

Mrs. Guy Scott, the president was in charge of the business session. The main topic for discussion was showing more interest in our school, topic of this nature created much interest, and the club women with the cooperation of all citizens shall not quit striving until we succeed in having a larger and better equipped school in Brushy Mountain township.

The county council meeting was discussed. We feel that these meetings are very beneficial, and more people should attend.—Reported.

Special. This is in the grocery department. Pure lard, 8 pounds only 99c; fat back meat only 23c pound; 8 pounds pinto beans only \$1.00.—The Goodwill Store. 3-8-2t

### Southside Singing At Little Rock

The Southside Singing Association held its fifth Sunday session at Little Rock Baptist church Sunday, February 29th, beginning at 11 o'clock. Chairman F. J. McDuffie presided and led the devotionals. The home choir opened the session, followed by congregational singing led by Paul Collins, singing instructor of Lincolnton. Rounds were continued to the noon hour by The Carolina quartet, leader, Hal Shewmaker, of Statesville; The Douglas quartet, leader Lloyd Douglas, of Taylorsville, and the Island Ford choir, leader, Rev. E. W. Walker, of Jonesville.

Everybody enjoyed the fine picnic lunch spread on a long table on the grounds at the lunch hour. The opening for the afternoon session found the church filled to overflowing, with standing room space within sound of the singers, at a premium. But this situation was relieved by the installation of loud speakers for the convenience of all by the Carolina Quartet.

Other singers enrolled were: The Iredell Four Quartet, leader, Joe Bowles, of Statesville route 5; The Hinshaw Street Baptist

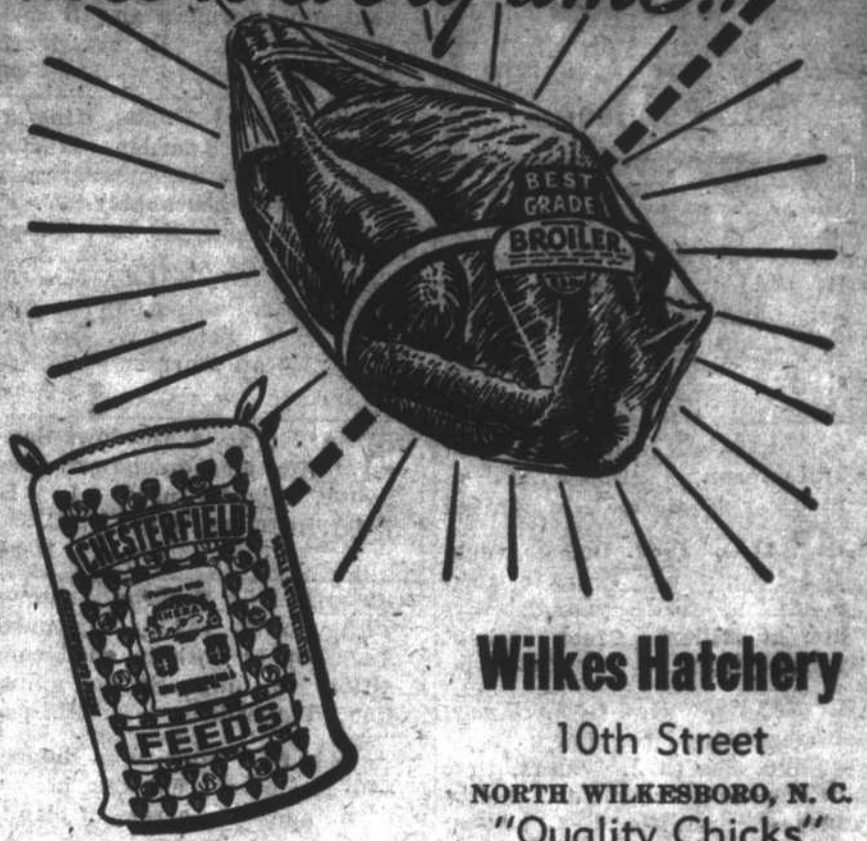

church choir, leader Claude Miller, of North Wilkesboro; the Davis Family Quartet, son and daughter of Mr. and Mrs. Sherman Davis, Pores Knob, Alexander county; the Northwestern Gospel Singers, leader Balmer Hayes, of North Wilkesboro; the Moore Family Quartet, leader Rev. James Moore, of Gilreath; the New Prospect Quartet, Little Miss Laura Nell Lloyd, vocal soloist; the Jewel Female Quartet, and the New Prospect Junior Quartet, all of Statesville route 5; the Beach Girl's Trio, of Connelly Springs, and the Pleasant Hill choir, leader Chal Deal, of Alexander county.

The chairman and secretary regret that the many requests for special songs could not be granted due to lack of time. The session adjourned to meet the fifth Sunday in May at Walnut Grove Baptist church located at Pores Knob on Highway 16 between Moravian Falls and Taylorsville.

The U. S. Department of Agriculture recently estimated that 1,159,000 long tons of United States grain and grain products were exported in January 1948. This raised the total for the seven months, July-January to 9,649,000 long tons.

## NEVER STANDS IDLE

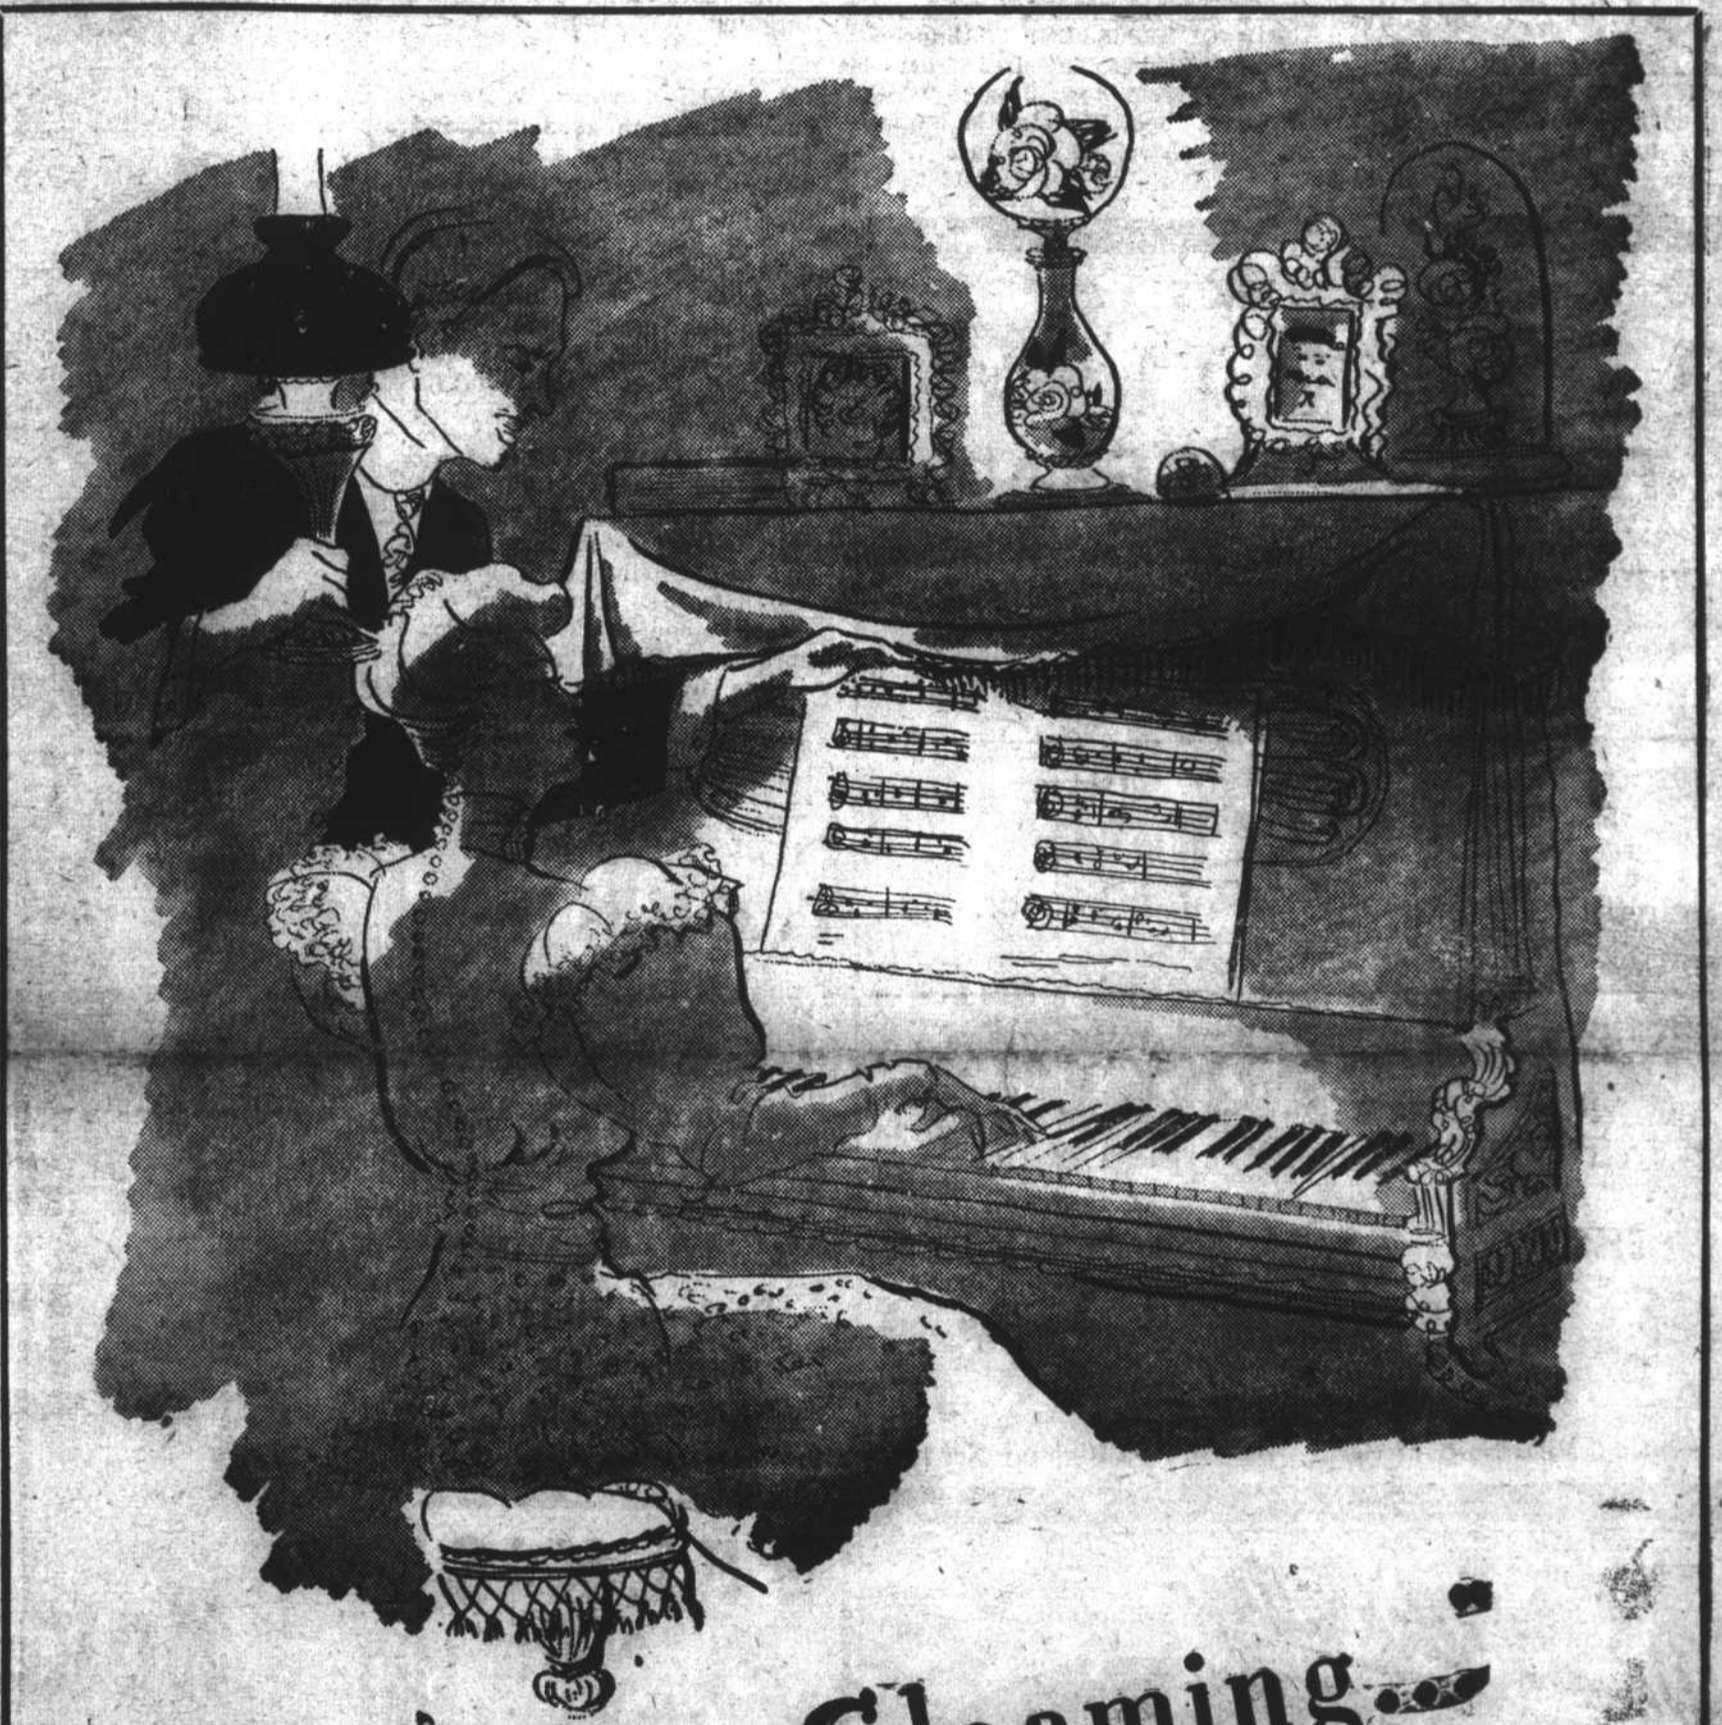

### UNIVERSAL THE Jeep

THE 4-WHEEL-DRIVE UNIVERSAL "JEEP" works all day, all year . . . in the field as a tractor . . . on or off the road for hauling and towing. Comfortable and easy to operate, it lets you stay on the job for hours without becoming exhausted. When work in the field is done, the "Jeep" is ready to tackle almost any other job—hauling produce, perhaps, towing a cattle trailer or helping out in scores of ways. As a mobile power unit, the "Jeep" with power take-off can operate virtually any piece of power-driven farm machinery. Come in and see the "Jeep" now.

## In the Gloaming

It was really gloaming, too, by the light the parlor lamps gave in the Good Old Days. Of course, there was the dangling, dust-gathering chandelier that took an Artful Dodger to miss. Still, the light seemed always to strike the musician's face instead of her music . . . till Gallantry solved the problem, with a lamp held just so.

Gallantly we cherish, but the priceless gift of sight . . . that, we protect. Our lighting engineers are always at work to advance the efficiency of light and to make it available to all at low cost . . . for Profit, Comfort, Health and Safety.
