Kannapolis Man Killed In Fall In Parkway Area

Clyde Smith, 38 years old, a esident of Kannapolis, met instant death, when he slipped and fell more than 175 feet down the granite face of the Cascades, a scenic waterfall on the Parkway, four miles from Deep Gap.

Companions said Smith disrobed and attempted to "take a shower" near where the swift mountain stream starts its mad dash down the mountainside, and apparenly his foot slipped, catapulting him 175 feet down the sheer cliff. Death was thought to have been instantaneous. The body was said to have been badly broken, but a crushed skull was said by Watauga Coroner Richard E. Kelly of Boone, to have been the cause of death.

Accompanying Mr. Smith were his nephew, James M. Smith and Miss Dina Mozelle Childers, both of Kannapolis. The accident occurred while the Kannapolis people were on a brief vacation trip

Mr. Smith was said to be survived by his parents who live at

Forest service rangers, who investigated, said that while Mr. Smith's companions were apparently suffering from severe shock, and seemed confused as to details, such evidence as they can gather, indicates that the death resulted from an accident.
