Junior Woman's Club Has Meeting

The Junior Woman's Club held its meeting for October at the Woman's Club house on Monday evening.

The club members were very enthusiastic about the plans presented by Mrs. Oliver Absher for a bazaar in November. Many lovely and useful gifts, as well as delicious food, were listed to be ready for sale at the bazaar.

Mrs. Ralph Buchan announced that a garden study group would be organized for those members who might be interested in gardening and home beautification.

Upon recommendation of the welfare committee, the club voted to pay for the lunch of an underprivileged child at school. The club also voted to contribute twenty-five dollars to the streptomycin fund.

The Gardening and Home Beautification committee was in charge of the program for the evening. Mrs. Edward Smoot Finley presented Mrs. Fred Henderson, who gave the club a very informative and interesting talk on "House Plants". The culture and care of such plants as azaleas, cyclamens, geraniums, begonias,

and african violets, were discussed. Grayson, Mrs. Carl Buchan, and Mrs. L. D. Cooke. Tempting refreshments were served by the hostesses, Mrs. William Marlow, Mrs. Clyde Pearson, Mrs. Gilbert Bare, Mrs. Buck

TO THE FARMERS OF WILKES COUNTY

I wish to cordially solicit your support and vote in my campaign for election to Congress on November 2nd.

There is no way that Farmers can maintain a fair standard of living without a sound ACREAGE CONTROL PROGRAM. And after farmers have limited their production they are entitled to a minimum price for the fruits of their toil just the same as laor is entitled to a minimum wage, and industry is entitled to a reasonable return on its investment.

Those of our people who are feeding this country and a great part of Europe are entitled to the same standard of living as the people living in the cities, and their children are entitled to the same educational and health advantages that their city friends receive. The RURAL ELECTRIFICATION, RURAL TELEPHONE, and RURAL ROAD PROGRAMS are long overdue in the South.

For 16 years the Democratic Party has been the majority party of our nation. By virtue of Seniority its Senators and Congressmen from Cotton and Tobacco Districts have been in the saddle and have been able to protect your interests.

THIS WILL NOT BE TRUE IN THE 81st CONGRESS... THE NEXT PRESIDENT OF THE UNITED STATES AND THE 81st CONGRESS WILL BE REPUBLICAN. Republicans will write your next Farm Program. It is my conviction that the farmers of the Eighth Congressional District will receive greater consideration at the hands of the next Congress if they will elect a Republican who has their interests at heart, and who can work as a fellow party member with those who will write your Program.

Will the South, which makes up 50 per cent of the farmers of our Nation, be able to maintain its present Farm Program which has been our salvation, if we elect a solid OPPOSITION in the next Congress?

As a Veteran of nearly four years service in World War II, I know that thousands of my buddies have purchased farms and homes since their return from the Service, and they must have a sound and a secure Program in order to pay for them.

If the farmers of the Eighth Congressional District are wise they will recognize this situation for what it is, and in the light of changed conditions, they will elect a Republican to represent them in the next Session of the United States Congress.

Sincerely yours,
LAFAYETTE WILLIAMS
Republican Candidate For Congress, 8th District.
