## Legion Auxiliary In Monthly Meeting

The monthly meeting of the Legion Auxiliary was held Monday evening at the home of Mrs. Russell G. Hodges with Mrs. Joe E. Johnson and Miss Ellen Robinson as co-hostess, having approximately twenty members present. Mrs. Richard Finley, the president, occupied the chair during the business session, and

the Veteran's Hospitals at Oteen and Fayetteville for gifts sent at Christmas. These packages were valued at around \$150.00. The Auxiliary voted to buy Legion Auxiliary markers to be presented to the family in case of a death, instead of sending flowers.

The programs for the year are being based on a study of the Pan-American countries, and for the evening's program Mrs. John W. Leyshon presented Miss Mil-

# Try Hudson!..See why

# ...it's lower...it's better!

Here's the only car you step down into—the lowest on the highway—a stunning beauty with the liveliest, smoothest and safest way of going you've ever known!

The whole world knows that the lower a car is built, the more graceful its lines can be made, the better it rides, handles and performs, and the safer it is. And now you are invited to see and drive the lowest-built car on the highway—the New Hudson!

The New Hudson—and only Hudson—has recessed floors. Thus, lounge-size seats are lowered to harmonize with the new, lower top.

Because you step down into Hudson, you get more head room and roomier seats than in any mass-produced car built today . . . and all of this along with ample road clearance!

But you'll soon find that amazing roominess is only one of the wonderful things you get in this unique new kind of car.\* We believe you'll want to read about more of them in the column to the right. Then see your nearby Hudson dealer who will gladly arrange for you to drive this sensationally low-built automobile.

\*The many advantages of Hudson's "Step-Down" design are fully explained and illustrated in a booklet available at all Hudson dealers.  
\*\*Optional on all models at extra cost.

**BETTER design:** Because the "step-down" principle is so basically right, it enables Hudson to achieve pleasing proportions and symmetric, free-flowing lines.

**BETTER performance:** Hudson's all-new, high-compression Super-Six engine—or the masterful Super-Eight, perform at their best because this car is so thoroughly streamlined.

**BETTER roadability:** With the lowest center of gravity in any American stock car, Hudson really hugs the road, especially on curves. Hudson's Fluid-Cushioned Clutch, Center-Point Steering and Triple-Safe Brakes contribute mightily to a wonderful feeling of assurance.

**BETTER value:** One look, one ride will quickly tell you that here is an automobile so far ahead it is a protected investment.
