SCIENTISTS MAY FIND THE KEY TO WEATHER STUDING MARS

Washington, April 18.—A new approach to solving the mysteries of the world's weather was described today by the American Meteorological Society.

It involves a study of atmospheric conditions surrounding planets millions of miles from our globe as a possible indication of the general circulation enveloping the earth, declared Dr. H. A. Panofsky of New York University.

"We can't look at ourselves from the outside," Panofsky told

a reporter, "but it is possible to study the dynamics of the circulation of such planets as Jupiter and Mars.

"The method of observing atmospheric conditions around distant planets may allow us a means of checking on the validity of various theories that have been advanced concerning our own general circulation. In the future, this might lead to improved forecasts on a long range basis."

Panofsky addressed the annual meeting of the society.

In speaking of Mars, he said that planet, of all the others outside the earth "is most likely the one that has living beings on it."

But he declared Mars has seasonal changes comparable to ours—and the temperature, though cold, would not be "prohibitive."

"Mars has a fairly decent climate," he said, "with a temperature range from a maximum of 55 degrees to a minimum of about 50 to 60 degrees below zero."

Negro Nation In Reported Goal Of Red Army

New York, April 18.—A Georgia negro who said he was trained in Moscow testified today that a negro nation was to have been forged from America's deep South by the flames of violent revolution.

William O'Dell Nowell, a Federal government employe, told a jury at the conspiracy trial of 11 top Communists that he once was a student of revolution at the feet of party leaders in Russia.

There, he said, Red Army instructors schooled him in "the science of civil warfare."

Other instructors, he testified, lectured on "the violent overthrow of the capitalistic system and establishment of a proletarian dictatorship."

Out of this blood bath, Nowell said, was to come a new negro nation, conceived in violence and dedicated to extending the Communist revolution throughout the United States.

It was to extend from Virginia to the Mississippi delta, Nowell said—the "black belt of the South," where Communists claimed negroes were in the majority.

"The revolution in the South," the witness went on in a hushed Federal courtroom, "would aid the northern industrial workers in bringing about revolution in the North and hence throughout the whole country."

Nowell told Federal Judge Harold R. Medina and a jury:

"I objected to this segregation movement because it would isolate the negro in the South and use him as a tool to create revolution in the United States and because it would sacrifice these unsuspecting people, as they had the least understanding."

Liberty Grove W. M. S. To Meet April 26

The Liberty Grove Woman's Missionary Society will meet in its regular monthly meeting on Tuesday night, 26th of April, with Mrs. Paul Bryant, near the radio tower. The last meeting was held with Mrs. C. S. Welborn on March 29, with 29 present—23 members and 6 visitors.

Mrs. Ralph Taylor had charge of the devotional, after which a very interesting talk on "Christ" was heard. This was delivered by Dr. John T. Wayland. After a closing prayer and the business session, the hostess was assisted in serving refreshments by Mrs. I. E. Valentine, Mrs. Richard Harrison and Mrs. Monroe Miller.

Miss Mary Brewer Jene Bumgarner Exchange Marriage Vows

The Baptist church at Moravian Falls was the setting Saturday afternoon, April 16, for the wedding of Miss Mary Brewer, daughter of Mr. and Mrs. Justus Brewer, of Moravian Falls, and Jene Bumgarner, son of Mr. and Mrs. W. T. Bumgarner, of Millers Creek. Dr. John T. Wayland, pastor of the North Wilkesboro First Baptist church, heard the vows at five o'clock using the double ring ceremony.

White gladioli and white candles in floor candelabra arranged

with pine and fern formed a lovely nuptial setting.

Mrs. Hobson Pardue, pianist, and two brothers of the bride were the wedding musicians. Joe Brewer, baritone, sang "The Sweetest Story Ever Told" (Stults) and "Constancy" (Webber), and Justus Brewer, tenor, Bel Air, Maryland, closed the ceremony with "The Lord's Prayer" (Forsyth). In prelude Mrs. Pardue played a program of nuptial music and used the traditional wedding marches for the processional and recessional.

Leon Brewer, brother of the bride, and Ray Triplett served as ushers, and Rex Bumgarner, brother of the groom, lighted the candles.

The bride and groom entered together unattended, the bride wearing a navy suit of sheen gabardine with navy and white accessories. She pinned an orchid at her shoulder.

Mrs. Bumgarner, a graduate of the Wilkesboro high school, is employed at the Wilkes Hosiery Mill. Mr. Bumgarner, a graduate of the Millers Creek high school and the Coyne Electrical and Radio School at Chicago, Ill., is employed by the Parker-Triplett Electrical Company in Wilkesboro.

After a wedding trip to Western North Carolina the young couple will be at home in Wilkesboro.
