"Wear A Poppy," Urges Legion Commander

All members of The American Legion are called upon to wear a poppy on Poppy Day, Saturday, May 28, by E. P. Robinson, Commander of Wilkes Post of the Legion.

Urging that veterans of both world wars set an example of reverence for the war dead by wearing the memorial flower throughout the day, Commander Robinson said:

"Passage of the years has not dimmed our memory of those comrades of ours who served by our sides and who gave their lives for America. Let us, then, show that we remember them and honor their sacrifice by wearing our memorial flower, the poppy, on Poppy Day. In this observance war veterans should set the example for all citizens.

"Members of the American Legion Auxiliary, our wives, mothers, sisters and daughters will distribute the flowers on the streets on Poppy Day and receive contributions for welfare work among needy veterans and veterans' children of our county. Knowing as we do the great and growing need for this phase of Legion and Auxiliary activity, we should be as generous as our means permit when receiving our poppies.

"Members of The American Legion should be among the first to put on poppy Day and should give every cooperation toward making the observance of the day a complete success."

Cancer Society Doing Great Work

A campaign is under way to raise funds in Wilkes county for the American Cancer Society.

Cancer is one of the deadly killers which medical science has not conquered. Yearly the toll of lives taken by the disease is appalling.

The American Cancer Society uses funds for research in continual efforts to find cures and preventative measures. Some day, with continued backing of the people in financing, the problem will be solved.

But the American Cancer Society does not confine its efforts to research. Funds are used to educate people concerning cancer, and especially of the importance of finding out early that a cancer has started on a human body. Already the medical profession knows enough about cancer to cure the little ones before they do too much damage or spread too much.

If these cases can be found lives can be saved. The American Cancer Society proposes to assist in this work.

W. C. Grier is chairman of the Wilkes chapter, and Dr. John T. Waynad is fund campaign chairman. The goal for Wilkes county is \$2,000. Forty cents from every dollar will be used in Wilkes county, aiding in the financing of work to diagnose and cure cancer, and for educational purposes.

How Much Oil Have We?

Dr. Gustav Egloff, who is one of the world's leading authorities on petroleum, recently said that this country should stop worrying about an oil shortage in the future. For oil, he went on, is "running out of our ears."

The facts, as presented by Dr. Egloff, are dramatic. In the 100 years since oil was discovered in Pennsylvania, we have used only 35,000,000,000 barrels. We have explored only one per cent of the ter-

tal sedimentary areas in this country for oil. Estimates say there is a reserve of 100,000,000 barrels underground, and at least as much off-shore.

Recent experience provides a striking example. Last year, we produced an unprecedented volume of oil—2,000,000,000 barrels in those 12 months. Yet new methods added an equal amount to our reserves. In Dr. Egloff's words, "We discovered 4,000,000,000 barrels of oil in one year."

What it all amounts to is that we have immense quantities of crude oil—and we have a producing and distributing industry whose efficiency and vision are beyond question. Technological progress is being made at a dizzy rate. We get more and more usable products out of each barrel of crude, and better products.

Wilkes Should Vote For Bond Proposals

People of Wilkes county are expected to approve by big majority the proposals for the state to issue \$200,000,000 bonds for rural roads and \$25,000,000 in state bonds for school buildings.

From the road bond issue Wilkes would receive in road construction and improvement three million, sixty-six thousand dollars.

To pay these bonds the state would increase gasoline tax one cent per gallon. There would be no increase in other state taxes, land taxes or any other kind of taxes.

From the school bond issue Wilkes would receive \$301,400, which, added to \$250,000 already appropriated for Wilkes, would make a total of state funds for school buildings of \$551,400.

Issuing the \$25,000,000 in state bonds for school buildings would not increase taxes.

As badly as rural roads are needed in Wilkes, it is inconceivable that Wilkes people would vote against the road bond proposal. In the early days of highway construction the people of rural Wilkes, with others in rural areas all over the state, paid to build highways around cities. Now the shoe is on the other foot and the rural people are to get a justly deserved break.

With the need for school buildings and additions causing a crisis in the school system, it seems that the state bond proposal should be unanimously approved in Wilkes. There are not enough classrooms in Wilkes to take care of the number of teachers allotted the schools. The future citizenship of Wilkes county is handicapped by this great need.

LIFE'S BETTER WAY
WALTER E. ISENHOUR
High Point, N. C., Route 4

I AM REASON
I am reason. I have come to talk to you for a while; sit down, be still. Get quiet, compose yourself, and don't talk.

Nor think I'm intruding on your will. My purpose is good; my plans are right; My aims are high. I want you to see Yourself just as you are in the light Of common sense God gives you and me.

I am reason. What is that habit You have formed? Say, will it not destroy

Your health? Then, why reach forth and grab it As though it would bring you peace and joy?

Lay it aside. You can never climb To the heights of fine, noble manhood, And attain the great and the sublime As otherwise you might, yea, and should.

I am reason. Why waste your money On that which hurts, injures and defeats,

When you could be eating the honey Of success in life's highest retreats? By spending it for more worth-while things,—

Good books, something for mind, body, soul,— And that which nobly, blessedly brings God to others and you to life's GOAL?

I am reason. Why waste your good time With simple trifles? Why throw away Your opportunities so sublime?

Why fail to think, to watch and to pray? Surely there is no profit in wrong; No glory in waste of talent, means, Nor going with the vast, wicked throng That leaves God out, and then hellward leans.

Honor Local Youth At Davidson College

Davidson College.—The Algonnon Sydney Sullivan medallions, given annually to the two people, one a student and one a non-student, who in the estimation of the committee have rendered the most unselfish service during the year, were presented May 13 by Prof. William G. McGavock of the Mathematics Department. Davidson community was the first recipient, and merited this Miss Johnnie Shelton of the recognition because she has been a "friend of students and townspeople and served in a truly Christian spirit of love." The senior Sullivan awardee is C. M. (Don) Coffey, of North Wilkesboro, who was cited for "high scholastic ranking, boys' work, specifically with Boy Scouts both white and colored." The final award presented by President Cunningham was the Agnes Sentelle Brown Scholarship established in 1914 by the late Dr. M. E. Sentelle "on the basis of outstanding promise as indicated by character, personality, intellectual ability, and scholarship."

NOTICE OF SALE

North Carolina, Wilkes County. Under and by virtue of an order of the Superior Court of Wilkes County, made in the special proceeding entitled Paul E. Church, Administrator of Mrs. Mollie Johnson, deceased, vs. Clarence Johnson and wife, Angeline Johnson, Wrenn C. TOPS FOR YOUR HOME AND YOUR BARN

RUST-PROOF... FIRE-PROOF... AND IT INSULATES BY REFLECTING RADIANT HEAT!

REYNOLDS Lifetime ALUMINUM 5-V CRIMP ROOFING and SIDING

New... the popular 5-V Crimp roofing in genuine Reynolds Lifetime Aluminum! Never will rust. Never needs painting. Never costs another cent after it's erected. So easy to put up... 6-foot length weighs less than 5 lbs. Yet it's extra-sturdy... 33% thicker than old-fashioned 26-gauge galvanized! It's wonderful insulation, too... reflects the sun away, keeps the interior much cooler in summer. Equally good for siding. A top-efficiency building material for homes, factories, warehouses, commercial buildings. In 6, 8, 10 and 12-foot lengths, 24" coverage. AVAILABLE NOW!

JENKINS HARDWARE & FURNITURE Co.
Wholesale Distributors North Wilkesboro, N. C.

"Equa-poise" power!

What is it? Well, for one thing, it includes new triangular engine mounts which blot out noise and vibration. It includes new smoothness, too... in both the V-8, the type of engine used in America's most expensive cars, and in the new SIX, the most modern "six" on the road.

White sidewall tires available at extra cost.

It's part of the new Ford "Feel"

This new "feel" goes all through the new Ford. You notice it first when you feel that "Fingertip" Control. Then you get the "feel" of Ford's "Mid Ship" Ridel Plenty of room for six big people on sofa-wide seats in the smooth riding center section of the car.

Take the wheel... try the new Ford "FEEL!"

You notice the new "feel" of Ford's King-Size Brakes, too. "Magic Action" helps them work 35% easier. And you notice the "feel" of safety of Ford's heavy gauge "Lifeguard" Body. In combination with Ford's new 5 cross-member box section frame it's 59% more rigid!

Yes, there's new "feel" in driving these days and only Ford has it! See your Ford Dealer today—take the wheel and try the new Ford "feel"—yourself!
