Domestic production of oil from tung nuts, which began in 1933 with an output of 150,000 pounds, has now reached a total of about 17 million pounds yearly. Farm supply dealers should take extra precautions in handling 2,4-D chemical weed killer in stores and warehouses if contamination of seeds and other materials is to be avoided.

**NOTICE TO TAXPAYERS!**

Two per cent discount will be allowed on all 1949 Town Taxes paid on or before July 2, 1949.

Prepayments will be received on these taxes at the estimated rate of \$1.85 on the hundred dollars assessed valuation, subject to adjustment after the final rate has been adopted, if different from the estimated rate.

**REX 3M "Rex Jr."**

- Latest design in lightweight pumps
- Weighs only 62 lbs.
- High capacity—3,000 gals. per hour.
- Impervious to corrosive action.

Light in weight but heavy in performance, the "Rex Jr." has many features not usually found in small pumps. For instance, an extra deep oil reservoir is equipped with a float switch that automatically stops it when oil level gets dangerously low. The "free-flow" water design of the "Rex Jr." means less frictional loss and greater efficiency.
