## THE AMERICAN WAY ... can't be beat!

This Division was given the manpower and authority to bring about the desired enforcement of strict rules and regulations governing the sale of beer. Just as the Assembly has set up through the same democratic processes—rules and regulations governing the sale of electricity, gas, telephone service, and bus and railroad transportation.

THE good old American way of doing things is hard to beat, and that's especially true here in North Carolina, the birthplace of Virginia Dare, the first white child born in America.

Experience has proved that our democratic principle "of the people, by the people, for the people" is the best method of protecting and preserving our personal liberties and freedom.

In this spirit, the North Carolina General Assembly this Spring, echoing the wishes of the people, established the Malt Beverage Division of the North Carolina ABC Board.

This is another fine example of doing things the American way and it's a program that the people of North Carolina and the beer industry, too, will encourage and support.
