

Calculations On National Service Life Insurance

The Veterans Administration has made public its first calculations on the amounts to be paid to nearly 16,000,000 veterans in the two-billion-eight-hundred-million-dollar special National Service Life Insurance dividend.

The maximum possible amount that any veteran can receive will be \$528. Other payments, based on age groups, will run to lesser sums. The dividend will be paid on both term and converted insurance policies, and will be paid only for the period that the policy was in force prior to the policy anniversary in 1948. No payments will be made for periods of lapse, VA emphasized.

The estimated rate of the dividend, VA says, was arrived at after long actuarial studies and the rate of payment will be the same for both term and converted policies, as the dividend is based on mortality savings. There have been no excess interest earnings.

In computing the maximum payment of \$528 the dividend was based on a \$10,000 policy in

force for 96 months (the longest possible period), on a veteran aged 40 or less at the time the policy was taken out. This represents a payment of 55 cents a month per \$1,000 of insurance. As the mortality rate for the age group of 40 and under did not vary greatly, a single dividend rate will apply to this whole group.

The rates of payment will be: those under 40 years of age at the rate of 55 cents per month per \$1,000 of insurance; those 41 to 45 years of age, scaling down from 52 cents to 40 cents; those 46 to 50, 37 cents down to 25 cents; those 51 to 54, 24 cents down to 21 cents; those 55 and over, 20 cents per thousand.

Applications must be made to receive the dividends, which will be paid in 1950.

Milk May Be Secret To Longer Life—Cornell University scientist discovers unsuspected secret of long and sturdy life in milk diet. In experiments . . . tested animals fed on milk alone lived longer than those fed ordinary mixed foodstuffs. Judge Sharp Is Locked Up In Her Own Court

High Point, Oct. 3.—They locked up the judge in her own court, but it won't happen again—maybe.

Here for the second time in three weeks to preside at a special term of Guilford Superior Court, Judge Susie Sharp requested sheriff's deputies to provide her a key to the court building.

Working a little overtime after court recessed on Friday, she found herself locked up in the county building where court is held. She sent an SOS to police headquarters via telephone. Police called the sheriff. The judge was set free.

A poor way to treat a judge in her own court, officers agreed. They're being extra careful this time.
