Crop Foods Feed Starving Children

A WARM RECEPTION from the hungry children of Rechtenbach, Germany, is given a shipment of CROP food, sent from American farmers as a result of the 1948 CROP Friendship Food Trains. 28 states participated in the collection which sent food to youngsters like these, orphans, refugees, old people and the ill in Europe, Asia, and the Middle East last winter. North Carolina's 1949 CROP Friendship Food Train collection will reach its high point in mid-November. Counties throughout the state are now organizing for the collection of corn, wheat, peanuts, milk and cotton through their county CROP committees.

The leg of the injured man Arthur B. Edwards of Mount Airy, Route 5, was amputated later at Martin Memorial Hospital here.

Mr. Edwards was reported to

have been sitting on the steps in front of Phillip Snow's store and post office at Toast when two cars, driven by Woodrow Beamer, 18, of Toast, and Brady Beamer Dollyhigh, 50, collided at an intersection in front of the building.

The impact threw one of the cars onto Mr. Edwards, crushing his leg. Neither of the drivers was injured.

Millers Creek Home Club In Meeting

The Millers Creek Home Demonstration club met on October 20th at the home of Mrs. Rex Bumgarner, with Mrs. W. P. Bumgarner as co-hostess. A large number of members were present. Mrs. Clate Bumgarner had charge of the business session.

The election of new officers was the most important business transacted. Mrs. Paul Delp was elected president; Mrs. J. B. Rash, vice president; and Mrs. Allen Phillips, secretary and treasurer.

The three Mrs. Bumgarner's, officers of the past two years, have had splendid co-operation of each member, and our club has grown from twenty to thirty-five members.

We are proud of our club and hope for a bigger membership, and a harder-working club in the years ahead.

Mrs. Annie H. Greene had to exchange gifts with our heart charge of a very timely program, sister also. Some business mat-

ters were discussed, and all were eagerly waiting to hear Mrs. Annie H. Greene tell us about her trip to Colorado Springs to the only demonstration agent from Club meeting in September, where 39 states were represented, also Puerto Rico and Hawaii. We feel highly honored as she was the only home demonstration from our state to attend. She pictured some of the scenes so clearly that we almost know what the pictures will look like that Mrs. John Robert Church is to show us at our county council meeting.

"Transplanting of Shrubs and Trees" was the demonstration given and many received help along this work. The different types of trees and shrubs to be transplanted, and the season also the care to be taken when moving them into their new location was explained. Extension circulars prepared by John Harris, extension horticulturist, were given out to all members present.

Our family life leader is to have charge of the November meeting.

Trees and Shrubbery Buggaboo Topic
