PITCHING IN MAKES THINGS RIGHT

In this same spirit, the beer industry of our state is working in the great American way to help make North Carolina an even better place in which to live. It realizes that the welfare of our state and nation is dependent, to a large part, on the cooperation of group with group — so, together with the Malt Beverage Division of the North Carolina ABC Board, it is doing its part to further the best interests of our state.

With Armistice Day just a few days off, Josh Moore and his friends got to talking about patriotism the other day. "Th' way I see it," Josh said, "Its everybody workin' together and not being selfish in his ideas."

Then Charlie added: "Duty's a good word, too, Josh. There wouldn't be any trouble at all if everybody pitched in with the right amount of interest to make things right."

WORKER, CUSTOMER, INVESTOR

In America the same man can be all three — a worker, a customer and an investor. As a worker you are free to change your job, as a customer you can buy where you please; and as an investor you can put your savings wherever you can get a fair return on your money. (For instance, 65 out of 100 Americans deposit in thrift accounts.) This right of choice is another American freedom we should cherish and preserve.

NEW ORAN SHALLO-WELL OIL-FIRED FLOOR FURNACE

- Exclusive Oran auxiliary cold air return provides more uniform heat.
- Fully automatic operation.
- Designed for homes with or without basements — easily installed.
- No smoke or soot — No dust or ashes.
- Furnace cannot overheat.
- Safe — Listed by Underwriters' Laboratories.

HEATS THE WHOLE HOUSE!

Advanced Oran engineering has made the new Shallo-well line the outstanding economy heating unit for small homes. A seepage pan is available for use where ground water is a problem, and affords protection from water up to 28 inches from floor level. All Shallo-well models feature Oran's superior workmanship and rigid construction, for long life and trouble-free service. See these new Oran furnaces today
