Triple A Pay For Forest Work

The Wilkes County Production and Marketing Administration, better known as the Triple A farm organization, during the coming year will pay for forest improvement work, including timber thinning, tree planting and stand improvement.

In this manner the Triple A is recognizing Wilkes county's greatest cash crop and will help to make farmers more conscious of the great need for forest conservation and improvement.

The encouragement which Triple A payments will provide will be reflected in the future income from Wilkes forests, and every farmer with woodland acres would do well to investigate fully what the Triple A has to offer and include such practices in their farm plans.

Attention is called to the fact that forestry practices should be declared in advance on Triple A forms, and that farmers interested should get specifications from the Triple A office before entering into forest work in anticipation of Triple A benefits.

Pedestrian Toll On Highways Increases

Pedestrian fatalities showed a 100 per cent increase in September this year as compared with the same month last year, a report released today by the Department of Motor Vehicles revealed.

Twenty-two pedestrians, seven of whom were children, were struck down on the streets and highways of the State as compared with 11 last year. The 22 brought fatalities for the month to 80, an increase of 18 per cent over the 68 persons who died last year. Deaths through September totaled 600.

Injuries numbered 876, representing an increase of 22 per cent over the 720 injured during the same month of last year and bringing to 6,928 the total personal injuries this year.

Although September fatalities were on the increase over those in the low fatality year of 1948, they were still below several previous years, when travel was much less than this year. In September 10 years ago, 91 persons were killed; in 1940, 113; in 1941, 112; 1945, 82, 1947, 87. War years dropped below this year's total with 70 in 1942; 50 in 1943; 65 in 1944. In 1947, 79 were killed.

Personal injuries, however, reached an all-time high for September. A check of injuries during Septembers of the past 10 years showed: 1939, 614; 1940, 542; 1941, 641; 1942, 374; 1943, 292; 1944, 309; 1945, 486; 1946, 488; 1947, 544; 1948, 720; 1949, 876.

Accidents in September also topped those of previous Septembers. The number last month mounted to 1,911 as compared with 625 in 1939; 891 in 1940; 1,040 in 1941; 484 in 1942; 497 in 1943; 545 in 1944; 813 in 1945; 897 in 1946; 1,050 in 1947; and 1,491 in 1948.

In addition to the 22 pedestrians killed, 93 were injured, 45 of whom were children. Mecklenburg, Person, Wilkes and Craven Counties reported two pedestrians each killed; Alamance, Bladen, Buncombe, Cherokee, Cleveland, Cumberland, Durham, Gaston, Halifax, Haywood, Henderson, McDowell, Robeson and Wayne, one each. Mecklenburg's fatalities were both in Charlotte. Waynesville, Mt. Olive, Wilkesboro and Marion had one each.

lives of 21 persons during September. One person was killed in a collision of a motor vehicle and animal-drawn vehicle and one in a collision with an animal. Only one bicyclist met his death. Three deaths occurred when motor vehicles struck fixed objects. Twenty-five persons died when their vehicles overturned or ran off the road.

A total of 3,223 drivers were involved in traffic accidents, with the 35 to 44 age bracket leading the group. Drivers from 25 to 34 were in more fatal accidents, however. Four hundred and seventy-nine drivers were speeding when they were involved in accidents, 14 of which were fatal. A total of 379 drivers did not have the right of way when crashes occurred, seven of which were fatal. Other drivers in violation were as follows: 358 driving on wrong side of road, 12 of whom were in fatal mishaps; 191 following too closely; 131 driving intoxicated, seven of whom were in fatal crashes.

Christmas Seals are sold in 29 countries to raise money to fight tuberculosis.

The 43rd annual Christmas Seal Sale will be conducted from Nov. 21 to Dec. 25 to raise funds for the nationwide tuberculosis control and prevention programs of the 3,000 associations affiliated with the National Tuberculosis Association.

The first Christmas Seal Sale in this country was conducted in 1907 in Wilmington, Del., in an effort to raise \$300 for the care of a group of tuberculous patients. So successful was the sale that \$3,000 was raised.

The late Miss Emily P. Bissell, founder of the Christmas Seal Sale in this country, was honored in 1942 by the National Tuberculosis Association with the award of the Trudeau Medal for distinguished service to the anti-tuberculosis movement.

- THE - EVERYDAY COUNSELOR

By Rev. Herbert Spaugh, D. D.

Do you know how to grow old gracefully? Of course, some of us don't like to think about growing old, but it is just as inevitable as evening follows the morning.

The Associated Press reports ten rules on how to grow old gracefully by Dr. Herman Seidel, Chief of Medicine at the Hebrew Home for the Aged and Infirm, Baltimore, Maryland. He gives these rules in one chapter of which he is author, in a new book, "Rehabilitation of the Handicapped," edited by William H. Soden. To grow old gracefully a person should do the following:

1. He should continue to work at his vocation and retain his accustomed place in society as long as possible.
2. Avoid sedentary habits and inactivity; continue with whatever open air activities or hobbies he may be accustomed to; if he has none he should acquire some.
3. Engage in systematic daily exercises, designed to prevent or overcome physical deformities; these should include the practice of deep breathing.
4. Make full use of helpful gadgets such as hearing aids, eyeglasses and dentures.
5. Keep face and body free from unsightly blemishes.
6. Always maintain self-respect and dignity; be jealous of his appearance, dress neatly, and retain good manners.
7. Continue contact with buddies and lifetime friends, and learn to make new ones.
8. Follow good body hygiene and sanitation; eat sensibly—a well-balanced diet of nourishing food.
9. Seek medical advice at frequent intervals, and carry out in full the advice given.
10. Above all avoid despair and an outlook of futility, and "Fear God and Keep His Commandments, for this is all that is Required of a Man."

It is quite interesting to note that Dr. Seidel brings his rules to a climax with the injunction to walk in fellowship with God, striving to keep His Commandments faithfully.

Add these rules to your scrapbook. They have been published with some other suggestions along this line recently. A reprint can be had by writing The Everyday Counselor in care of this newspaper enclosing a self-addressed stamped envelope and 10c to cover handling costs.

Truman Vetoes Bill To Provide Autos

Washington, Oct. 31.—President Truman today vetoed a bill authorizing federal payments up to \$1,600 on the cost of automobiles for certain handicapped veterans of World War I and II.

Truman said the measure would create "wholesale inequities" and "lead to abuses."

Under the present law, the government supplies autos to World War II veterans who lost a leg.

The measure disapproved by Truman would have made government gifts of automobiles to veterans of both the last two wars who lost a hand or leg or were blinded in the service.
