

### Our County And Social Security

By LOUIS H. CLEMENT  
(Manager Social Security Adm. Field Office, Salisbury, N. C.)  
Employers and employees are

paying for Old-Age and Survivors Insurance protection. It is similar to the better group insurance and retirement programs many large and progressive American businesses long ago established for their workers. Family security means better morale; better morale means better work.

Every three months each employer sends his Social Security taxes to the Collector of Internal Revenue. Half the taxes he forwards are his own; half are deductions from the wages of his workers. At the present time the employer and employee contribute one per cent. Beginning January 1, 1950, the Employee will have 1-2 per cent of his wages deducted each pay day and his employer will also contribute 1-2 per cent.

For the month of October,

November, and December each employer must file a Social Security Tax Return before January 30, 1950. With the taxes he has deducted from employees' wages, he sends to the Collector of Internal Revenue wage reports which must show (a) each employee's Social Security Account Number; (b) each employee's name; and (c) the amount of wages he paid such employee in that three month period. The wages so reported are credited by the Social Security Administration to each worker's individual wage account, just as a private insurance company credits insurance premiums paid. To pay these taxes without full and accurate reports is like paying a bill without properly identifying yourself.

This is a reminder to employers to make certain that the correct account numbers for all of your employees are available when you prepare your report. It is also a reminder to all employees to see that the employer has a record of your name and account number as they appear on your social security card. If an employee has never had a Social Security Account Number, or he has had one and misplaced it, he or she may make application at the Social Security Office in Salisbury located at 303 Post Office Building. Better still, upon request, employers can be supplied with this form for the employee's use.

For further information on Social Security Account Numbers and Old-Age and Survivors Insurance, you may see me on my next visit to North Wilkesboro, N. C. I will be in the Town Hall again on Thursday, December 22, 1949 at 9:45 a. m.

Yellow tomatoes have had considerable popularity in farm and town home gardens and in recent years have been grown commercially to some extent as a source of juice for canning.

### Clingman Club In Interesting Meeting

The Clingman Home Demonstration club held its regular monthly meeting Tuesday, Nov. 29, at the lunchroom, having 17 members present. The meeting was opened with devotionals and the business session was held.

Mrs. D. J. Melton gave a report on fall gardening and caring for house plants. The Christmas seal drive was discussed and everyone was urged to buy as many seals as possible to aid the great fight against T. B.

Plans were also made to have a Christmas party at the lunchroom on Saturday night, Dec. 17. All members and families are invited to be present. Mrs. Annie H. Green, our home agent, gave an interesting report on Family teamwork, encouraging us to work and cooperate together as a family. In this way more can be accomplished than under non-pleasant conditions.

During the social hour refreshments were served by the hostesses, Mrs. Graham Green, and Mrs. Granville Green.—Reported by Alene Redding.
